

REPORT 'LINDY BABY' HOME

NEWFOUNDLAND
PREMIER QUILTS
AS HE'S MOBBEDWreck Government
Building.

(Copyright, 1932: By the New York Times.)
ST. JOHN'S, N. F., April 5.—Following a turbulent day in which an infuriated mob of 10,000 persons besieged and wrecked the Newfoundland legislative building and demolished the police and other civil forces, Sir Richard Squires, prime minister of Britain's oldest colony, was beaten and trampled on this evening until he promised to resign. Soon afterward other members of the government handed in their resignations to the governor.

The downfall of the Squires régime came after the mob had kept him and a guard of policemen, under their chief of police, prisoners in the parliament building while they smashed windows, battled with police, and strewed government documents in the streets. With the police force demoralized, the situation was so grave tonight that members of the Great War Veterans association assembled in their headquarters at 9 p. m. preparatory to taking over the policing of the city.

Meanwhile the governor who was to have sailed for England this week was reported to be planning to postpone his departure pending the installation of a new government.

The demonstration began peacefully with not the slightest indication of the upheaval that was to follow. It originated in a demand by the civilians that an investigation be made into charges that minutes of the executive council had been falsified.

Led by a band and a committee of citizens including lawyers and clergymen, the small army of men, women, and even children marched through the streets this afternoon to the parliament building where their committee planned to submit the demand for the investigation.

Reaching the front of the building the parade came to a halt and the speakers massed at the main doors. Then a long delay ensued, and the spokesmen for the gathering found that they would not be heard at once.

Becoming angered at the delay one section of the impatient gathering suddenly charged down upon the building. A few police, some of them mounted, wielded their batons in a vain attempt to stop the rush.

This incident released the smoldering fire in the temper of the crowd. In another moment the fighting became general, the police doing their best, but failing to stop the surging hordes of the thousands confronting them.

Breaking down fences to use them as clubs and battering rams and picking up stones for ammunition, the mob rushed the thin police lines and launched the attack that was to end in the wrecking of the government building.

Session Adjourns Abruptly.
The members of the assembly were debating a petition at the time, but their proceedings were brought to an immediate halt and the session was abruptly adjourned amid the babel and tumult of the rioters and the ugly noise of shattering glass as the windows were being broken in.

The lawyers, clergymen and business men on the committee which had headed the parade to quell the unexpected uprising, some of them pleading that the rioters return to their original meeting place while others sang the national anthem. By this time, however, the mob recognized no leaders and refused to disband. They were clearly out to finish what they had begun, although this was not part of their original plan.

CHICAGO TRAIN
JUMPS TRACK
IN INDIANA TOWN

Brimfield, Ind., April 5.—[Special.]—Six coaches of New York Central train No. 137, nonstop mail and express bound from New York to Chicago, jumped the track here tonight. No one was seriously injured.

The train, made up of twelve mail and baggage cars and carrying no passengers, was speeding through here at fifty miles an hour when a brake shoe is believed to have dropped off a front truck and derailed a car. The shock tore other cars off the track and shifted rails and ties to the highway alongside the right of way.

The line is double tracked at this point and traffic was restored within an hour on the west bound side. The accident occurred at 10:31 p. m. The train was due in Chicago at 2:40 a. m. Brimfield is 35 miles east of Elkhart, Ind., a division point.

WIFE WEDS SAME
HUSBAND 3 TIMES;
SUES HIM AGAIN;

Mrs. Emma Mioranas, 1526 South 56th court, Cicero, filed a suit in Superior court yesterday for separate maintenance from her husband, John, alleging desertion. In June, 1924, four years after their marriage, Mrs. Mioranas divorced John on grounds of cruelty. She remarried him five months later, but divorced him again in March, 1929. On Dec. 4, 1930, she married John for the third time, but the couple separated again last June. Mrs. Mioranas asked the custody of her two children.

THE WEATHER

WEDNESDAY, APRIL 6, 1932.

Surf, 5:24; sunset, 6:21. Moon sets at 7:17 p. m. today. Saturn and Mars are morning stars. Venus and Mercury are evening stars.

Chicago and vicinity—Increasing cloudiness and warmer Wednesday, followed by showers at night and probably Thursday morning; fresh southeast and south winds Wednesday.

Illinois—Increasing cloudiness with somewhat warmer in north portion Wednesday, probably followed by showers at night and Thursday morning; cooler Thursday.

Mrs. Dorothy
Michelson Dick
Seeks Divorce

Mrs. Dorothy Michelson Dick, daughter of the late Dr. Albert A. Michelson, noted scientist, yesterday filed suit for divorce in the Circuit court from Sheldon Dick, son of Mr. and Mrs. Albert Blake Dick of 1550 State parkway and Lake Forest.

The bill charges desertion, asserting that the young couple have lived apart since April 4, 1931. Illinois law requires that a year of separation must pass before the filing of a divorce suit on the ground of desertion.

Mrs. Dick's suit was filed only one day after the expiration of the year. She asked the custody of her 3 year old daughter, Dorothy.

Dick in New York City.
Mrs. Dick could not be found last evening and her attorney, Preston Boyden, refused to discuss the suit. Mr. Dick now is living in New York City where he recently became a member of a publishing concern.

Mrs. Dick was a popular society debutante before her unexpected divorce in New York City in September, 1927. Her engagement to Mr. Dick had been announced but he had planned to study at Oxford university. Mrs. Dick, her mother and her sister, Mrs. Philip Maher, had gone east, planning a trip abroad.

Daughter Born in London.
The trip became a honeymoon and the following year Mr. Dick began his studies at Corpus Christi college, Oxford. He and Mrs. Dick lived in a cottage nearby. Their daughter was born in London on Sept. 10, 1923. They returned to Chicago in the summer of 1929.

The separation occurred only a month before the death of Dr. Michelson on May 9, 1931, at Pasadena, Cal., where he had been conducting the last of his famous experiments to determine the speed of light.

Before that time Mrs. Dick and her daughter had established a residence at Provincetown, Mass. Since then she has remained in Chicago except for a trip to Mexico.

Mr. Dick's father is head of the A. E. Dick Manufacturing company. His brother, A. B. Dick, Jr., is a member of the same concern and an alderman of Lake Forest.

A Mail Order Detective
Learns More About Law
South Bend, Ind., April 5.—[UP.]—For \$2.50 Walter W. Kneveland, alias W. W. Jones, 28, purchased a detective badge from a mail order criminology school in January. Today he was arraigned on charges of impersonating an officer, malicious trespass, intoxication and operating an automobile with a license other than his own and was fined a total of \$267.50 and sentenced to the state penal farm.

10,000 FARMS IN
MISSISSIPPI ARE
SOLD FOR TAXES

Jackson, Miss., April 5.—[Special.]—One out of every four privately owned farms in Mississippi went on the auction block today for taxes, and found few takers. An average of 543 farms in each of the 82 counties, or more than 40,000, were offered for sale. State Land Commissioner R. D. Moore estimated that 25 per cent of the privately owned property in the state was sold, with nearly 20 per cent reverting to the state.

Sheriffs in 74 of the 82 counties reported that 39,899 farms went on the block, or 16.2 per cent of the total agricultural acreage of the state. Twelve per cent of city property was forfeited, according to estimates. The number of farms ranged from 18 in Franklin county to 1,946 farms in LeFlore county in the heart of the delta, the long staple cotton area.

Before, Humphreys, Holmes, Tallahatchie and Yazoo had hundreds of acres under water during the three months of the 1931 flood. Sales in each of the counties passed the 1,000 mark. One-third of Chickasaw county was sold for taxes.

"The state already possesses 15,000 to 40,000 acres of land in each county taken over for delinquent taxes," said Commissioner Moore. "If the lands this year revert to the state and are not redeemed the state stands to take one-fourth of its property off the tax rolls in another two years—the period allowed for redemption."

Letore, Humphreys, Holmes, Tallahatchie and Yazoo had hundreds of acres under water during the three months of the 1931 flood. Sales in each of the counties passed the 1,000 mark. One-third of Chickasaw county was sold for taxes.

"The state already possesses 15,000 to 40,000 acres of land in each county taken over for delinquent taxes," said Commissioner Moore. "If the lands this year revert to the state and are not redeemed the state stands to take one-fourth of its property off the tax rolls in another two years—the period allowed for redemption."

GIVES LAST RITES
TO MOTHER, NOT
RECOGNIZING HER

Brie, Pa., April 5.—[UP.]—Kneeling in an ambulance, the Rev. Lawrence Trembley administered the last rites of his church to a woman, named beyond recognition by an automobile. She died a few minutes later.

Father Trembley hurried back to St. Joseph's orphanage, where his mother, Mrs. Joseph Trembley, 56, said visited him nightly since she came here recently from Holyoke, Mass. A friend called him to the morgue.

Father Trembley looked again upon the victim of the motor car and it was his mother.

Religious Leader Kills
Wife and Self with Rifle

New Canaan, Conn., April 5.—[Special.]—Crased by his own illness and worry over the condition of his wife, who had been confined to her bed for four years, Nelson V. Silliman, 54 years old, merchant and religious leader, today killed his wife and then himself with a rifle.

Guty Cardenas, Mexican
Composer, Killed in Brawl
MEXICO CITY, April 5.—[UP.]—Guty Cardenas, a noted Mexican composer, musician and singer, was killed shortly after midnight during an altercation in a saloon in the basement of the fashionable Ritz hotel here.

JUROR ADMITS
HIS HATRED OF
MRS. FORTESCUE
Says Defendants
"Should Be Shot."

BY PHILIP KINSLEY.
(Chicago Tribune Staff Service.)
(Picture on back page.)

HONOLULU, April 5.—A jury box struggle which promises to last the rest of the week and which, by the peculiar setting of the case, becomes probably its most important phase, began in earnest today as the Fortescue-Massey trial entered its second session.

With the jury box filled with men legally qualified and representative of various racial groups, the prosecution and the defense began to wield the new weapon of preemptory challenges put in their hands by recent changes of the Hawaiian legal code. Each side had exercised three of the 24 challenges permitted when Circuit Judge Charles S. Davis adjourned for the day.

The manner of the lawyers in exercising the preemptory challenges clearly indicates the goal which Clarence Darrow has in mind in defending Mrs. Granville B. Fortescue: her son-in-law, Lieut. Thomas H. Massey, and two naval enlisted men, E. J. Lord and Albert O. Jones, for the murder of Joseph Kahahawai, a young Hawaiian athlete accused of raping Thalia Massey, the naval officer's attractive wife.

Prosecutor John C. Kelley's policy was also revealed. He removed Duke Wong, an unemployed Chinese clerk, Darrow countered by dismissing Henry Beckley, former military aid of former Gov. Wallace Rider Farrington and brother-in-law of Princess Kawakani, a Republican national committeewoman.

Around the princess' powerful political group which she controls, the 75 year old Chicago lawyer has been informed, centers much sentiment in connection with this "honor slaying" case, as well as with the Ala Moana rape case. Darrow clashed with Beckley yesterday when the lawyer indicated the belief that Beckley was anxious to serve on the jury.

The prosecution then removed John Calder Rust, a white plantation overseer with a strong British accent, who came here from Oklahoma and formerly served in the British army.

Banker Is Removed.
The defense promptly sent Harry S. Oaki, Japanese credit manager, out of the box. The prosecution removed Edward A. Wooten, a white banker who came to Honolulu from Canada and now manages the Fort Schfield bank branch.

Koolah Lyons, a Hawaiian "beach boy" and a musician at a Walkiki beach hotel, who had seen Kahahawai participate in amateur boxing matches, fell before the judgment of the defense.

This again indicates the broad lines of procedure which both sides expect to follow. Several "good men" from the defense point of view remain in the jury box, but there is little likelihood that they will stay there long.

The trial will be a keenly fought legal duel, a chess game with all the arts and dodges known to law. Today Barry Ulitch, special assistant prosecutor, sought to minimize "the Darrow influence" by referring to him in the same breath with President Hoover and Abraham Lincoln.

Confesses an Opinion.
Shortly after that the veteran of a thousand battles of wit used a mental scalpel with such effect on a prospective juror favored by Ulitch that the man admitted that, instead of having (Continued on page 2, column 2).

Nursery Light
Kindles Talk
Search Is Over

Protect Kidnapers?

Hopewell, N. J., April 5.—[Special.]—Lights burning in the nursery of the Lindbergh baby for the second night in succession led to reports tonight that the baby already had been returned to his parents, but that announcement was being withheld in order to give the kidnapers time to escape. Like most other reports relative to the return of the child, it was denied. From Norfolk came word that Admiral Burrage, when asked if he had any reason to believe the child had been returned, said "I cannot answer."

"When will the announcement be made?" he was asked.

"I suppose Col. Lindbergh will make the announcement," he said.

New York, April 5.—[Special.]—An air of optimism, as inexplicable as the strange events of the last few days, characterized today's search for the kidnapped son of Col. and Mrs. Charles A. Lindbergh. The famous aviator, who spent most of the afternoon helping volunteers beat out a brush fire that menaced his home on Sourland mountain, seemed almost cheerful and an attitude of expectancy pervaded the nearby village of Hopewell.

If there were any basis for the widespread belief that prospects for the recovery of the missing baby had brightened with the two mysterious airplane flights Col. Lindbergh made over Vineyard sound off the Massachusetts coast the police were unaware of it. Col. H. Norman Schwarzkopf announced in an official statement made public in Trenton.

Tune Up Lindy's Plane.
Col. Schwarzkopf left unanswered a question whether any definite information had been received from any reliable source indicating that the baby, who was stolen from his crib on the night of March 1, was likely to be returned soon.

Mechanics at Teterboro airport spent the afternoon tinkering with the airplane in which Col. Lindbergh and his legal adviser, Col. Henry Becklinridge, made their mysterious flights over Martha's Vineyard off the Massachusetts coast. Whether the aviator was planning another flight in search of the small yacht he was seeking on Monday and on Sunday was not revealed.

Five Vessels Stand By.
An unusual concentration of coast guard vessels in the sheltered waters over which Col. Lindbergh flew on his two mysterious missions was reported in dispatches from Vineyard Haven, Mass. Five coast guard vessels were anchored off No Man's land in the afternoon.

Similar to the amphibian in which Col. Lindbergh was seen with three other men on Sunday was sighted circling nearby Nashawena island.

A revival of activity in the vicinity of Hopewell led to a fresh batch of rumors, but few of them were confirmed. One report was to the effect that in one of his plane flights Col. Lindbergh had taken along an extra blanket, as if he expected to recover the baby and bring it home.

Nursery Ready for Baby.
Another rumor was that the Lindberghs had put in a special supply of milk and had tidied up the nursery, making ready for the return of the infant.

John Hughes Curtis, the Norfolk shipbuilder whose efforts to recover the baby were believed by many to have some connection with Col. Lindbergh's sudden activity in the search, did not return to his home. His wife, who reappeared after an absence of a week, declared she expected him back in another day.

Mrs. Curtis would not discuss her own movements for the last week, but she said that her husband, who disappeared, had been in the area.

(Continued on page 4, column 1.)

CICERO VOTERS
CRUSH KLENHA'S
G. O. P. MACHINE

Democrat Victor by
5,399 Majority.

(Pictures on back page.)

The Cicero Republican machine which had controlled the suburb for fifteen years was smashed to bits yesterday by an outpouring of Democratic votes such as had never been approached in the town before.

Joseph Z. Klenha, who has ruled as president of the town ever since 1917—both before and during the time that Al Capone made his headquarters there—and all his running mates were beaten in an 8 to 5 Democratic triumph. Joseph G. Cerny, Klenha's opponent, won with a record of 16,216 votes to Klenha's 10,817, a majority of 5,399.

An Uprising of Voters.
For years Republican victories in Cicero have been taken for granted. Ordinarily the Klenha organization has been able to walk away by a vote of 3 to 1, their opposition being almost negligible. But this year the campaign was the warmest on record and the old organization was trampled on in the rush of Democrats.

The voting took place under the eyes of a strong detachment of Chicago police sworn in as deputies of Sheriff Meyerling and Coroner Walsh. There were sixteen squad cars cruising the streets and 200 more Chicago bluecoats patrolled the streets with a watchful eye on the polling places.

"Capital of Capone-land."

But the old "capital of Capone-land," as one magazine writer called it, the town mentioned in every "Felix" and "Scandals" since the time that "Scarface Al" rose to fame, the scene of shootings and bombings—including the killing of Frank Capone on the corresponding election day in 1924—was quiet in the presence of the augmented forces of law and order.

Many of the old Capone gang hangouts and places of business—the "ship," the "Cotton club," and such places are closed now, but there are still plenty of places where "good beer" may be had and a few of the "boys" were picked up by the police during the day and kept harmless until after the polls closed.

It was Mayor Cermak who took the decisive action that is believed to have prevented disorder. He had the full cooperation of County Judge Jarecki, but it was the sight of the Chicago police cars and police uniforms that was said to have prevented the violence.

"I am glad there was no bloodshed," said Mayor Cermak last night. "We knew the result would be certain if there was an honest election from Cicero. The result ought to give the Republicans something to think about."

Cicero is an incorporated town, and not a village, as it sometimes is called, and one of its boasts is that it is the largest town in the country. Its population was 66,602 according to the 1930 census, and the total vote cast was 27,448. Therefore, contented the Democrats, the "straw" indicative of the trend was substantial.

"I want to clean up the reputation of Cicero in the eyes of the world," said President-Elect Cerny. "It has had a bad name too long. We want to make it known as the home of law-abiding people."

Cerny is now chief clerk for Superior Court Clerk Frank V. Zink.

The other officials elected with Cerny are Jerry J. Viterna, who beat Village Clerk James J. Pelikan; Frank Cuchna, who won over Town Collector A. G. Rahlf; Anton Maciejewski, who defeated Supervisor Henry Langner, and Henry R. Schwarzel, who won over Assessor Anton Vendley.

The newly elected officials will take office on April 18.

Wild Jubilee at Night.
Cicero was the scene of a wild night jubilation of Democrats. Parades of automobiles swept through the streets with honking horns and sirens. Impromptu street dances were organized. Neighborhood orchestras were formed.

Among those arrested during the day was Louis B. Cowen, publisher of the Cicero Tribune and a Republican leader. He was taken by Chief of Detectives William H. Schoemaker to the Fillmore station for questioning and released. His attorney, Joseph Lustfield, filed a suit for \$250,000 against Chief Schoemaker late in the day, charging assault and battery.

EVANSTON NEGRO WINS
Spirited alderman elections which brought out a large vote were held in Evanston and Berwyn yesterday. Municipal elections were held in several other suburbs.

Edwin B. Jourdain Jr., colored, was

affected alderman of Evanston's 5th ward for the two year term, defeating the incumbent, Peter N. Jans, 2,388 to 1,846. Jourdain was previously an alderman, but his election was contested and Magistrate Porter of Evanston declared his seat vacant on Feb. 1.

Woman Wins Seat.

There are two aldermen from each Evanston ward. The remainder of Jourdain's former term will be served by Miss Daisy Sandberg, president of the League of Women Voters, who defeated four other candidates, having a plurality of 279 votes over John F. Ross, whose vote was second highest. Results in the other Evanston wards, only the two highest being tabulated in each ward, follow:

FIRST—Paul C. Harper, unopposed.

SECOND—Ernest R. Jacobs, 710; John M. Sandstrom, 102.

THIRD—John R. Kimbark, 876; Norman B. Michors, 501.

FOURTH—W. E. Dymond, unopposed.

FIFTH—Stanley Fransen, 1,139; Maria J. Yoss, 1,130.

SIXTH—Edward L. Kappelman, 1,015; Charles B. Fullerton, 683.

EIGHTH—Frederick F. Wahl, 717; George E. Wegener, 661.

Evanstonians also voted by a large majority to establish a Municipal court. For the proposition there were 5,833; against it 2,385.

Results in Berwyn.

In the Berwyn election yesterday there was a Democratic and a Republican aldermanic nominee in each ward. The closest contest was in the 2d ward, where Charles Kronquist, Democrat, won over his Republican opponent, Charles J. Fay, 1,003 to 781. The other results were:

FIRST—To fill vacancy, Carl Anderson (R.), 874; William J. Ward (D.), 338; for regular term, Jesse S. Green (R.), 717; Charles E. Dole (D.), 421.

THIRD—Benedict Anderson (R.), 1,415; Walter E. Seymour (D.), 1,043.

FOURTH—James Blaha (D.), 1,478; Frank Mattick Jr. (R.), 701.

FIFTH—Edward F. Alexa (D.), 1,137; Joseph F. Vleck (R.), 583.

SIXTH—Maurice M. Shay (R.), 1,894; Charles Nadberry (D.), 1,560.

SEVENTH—Thomas F. Shea (D.), 1,030; Charles C. Cerny (R.), 1,006.

Other Suburban Results.

In other suburbs where elections were held, Glencoe, Oak Park, River Forest, and Winnetka there were few contested places and the vote was light.

In Oak Park the only contest was for the office of village clerk. Harry N. Leadaman, who has held the office for fourteen years, won over William J. Unfried, 5,137 to 1,552. Barely more than one-fourth of the registered voters in Oak Park cast ballots.

Leadaman had been attacked by Unfried as inefficient. Henry Austin had no opposition for village treasurer. Trustees elected without opposition were William D. Churchill, Ray F. Clark, and Lawrence W. Rice.

Glencoe Marshal Beaten.

Glencoe's present village marshal, Henry Wiecek, was beaten by Herbert V. Richardson, 282 to 276. Robert L. Holland, George E. Schumacher, and John C. Horning were elected trustees without contest, and E. T. Wilder, village clerk.

All Winnetka candidates were unopposed.

In Joliet township, Will county, for the first time in history, a Democrat was elected highway commissioner. He is Emmett Maguire. His vote was 10,862 to 10,059 for William Hamilton, Republican incumbent. The vote in the township was said to be the highest on record.

BUNDESEN NAMED HEALTH DIRECTOR OF WORLD'S FAIR

Dr. Herman N. Bundesen, president of the board of health, yesterday was appointed director of health for the 1933 World's Fair. It was announced by Rufus C. Dawes, president of the exposition.

As director of health, Dr. Bundesen will be responsible for measures affecting health on the exposition grounds. Mr. Dawes said: "The appointment is purely personal and establishes no official connection with the city board of health nor does it carry any compensation."

Police Guard Village Board in Squabble Over Ballot

A squad of county highway police was summoned to the village hall at Niles last night to preserve order and protect members of the village board at their regular monthly meeting. Carl Hedlin, village clerk, said opponents of the present village administration arose at the meeting and threatened physical violence to the board members unless candidates of three opposition parties were granted places on the ballot for the village election April 19. The meeting broke up when Hedlin and two board members departed under police escort.

Again—

BY POPULAR DEMAND!

Paintings by Well-Known American Artists At \$100 each

Beginning today at 9 A. M. we present another exhibition—larger and even more sensational in its bargains. Last month we sold almost half the pictures the opening day and have had persistent requests for more ever since.

To meet this demand we persuaded the following artists to give us additional examples of their fine work for this new sale:

JOSEPH ALLWORTHY
FRANCIS CHAPIN
AMELIA CASTALDO
STARK DAVIS
GERALD FRANK
EDWARD T. GRIGWIRE
BENJAMIN KELMAN
CHARLES KILLGORE
HOLGER JENSEN
JOHN F. STACEY

LEONORE JERREMS

CARSON PIRIE SCOTT & Co

JUROR ADMITS HIS HATRED OF MRS. FORTESCUE

Tells Darrow She "Ought to Be Shot or Hung."

(Continued from first page.)

"no opinion" as to the guilt or innocence of the defendants, he had once expressed an opinion that Mrs. Fortescue "ought to be shot or hung."

This was William Hulbul, a part-Hawaiian laborer.

When Hulbul admitted his utterance Darrow left his seat and leaned across the jury rail to peer over his glasses at Hulbul.

"What did you say?" the lawyer asked.

"I said I thought they ought to be shot or hung," he repeated louder.

"That's all," Darrow said and Hulbul was excused.

Rape Case Is Recalled.

There are many signs of an impending legal battle over the question of the rape of Mrs. Fortescue's daughter, who is Mrs. Fortescue's daughter, will play in the case.

The prosecution today sought to obtain an admission from Shadford Waterhouse, young bank teller, that he would find the defendants guilty of second degree murder if the evidence warranted the verdict "whether it is believed the defendants had the right to do what they did or not."

Darrow thought this was going a little too far and objected.

"That is not the law," he said before Waterhouse could answer. "I am ready to argue the point at any time."

Judge Davis said he would rule on the question when it was reached.

This point opens the question of a motive for the killing, without which there is no defense. Everybody now jurors and the courtroom audience, think they know that this woman with the sad face and the three young men sitting beside her executed a sentence of death on Kahahawai.

None knows just why. The original rape case evidence cannot be used here. The facts cannot be tried here. But if the legal contention of the defense is accepted, the way that these defendants looked at these facts will be brought out.

This is a parallel to the Harry K. Thaw case in which the story that Evelyn whispered to Harry in their Paris boudoir one night in May was told to the court as the cause for the killing of Stanford White in Madison Square Garden months later.

Motive for Crime Is Defense.

Many other precedents of famous criminal trials will be shown. The motive, in other words the justification, is to be the defense here, according to all students today, with no effort to cover up the killing itself or what happened in the Fortescue home on the morning of Jan. 8 last. This should make one of the most absorbing stories ever told in a courtroom.

The trial is being conducted with perfect order by Judge Davis. There is no crowding in or out of the room. Admission is by pass only. Mrs. Fortescue sits and looks at the back of the chair in front of her, her face occasionally breaking into a wintry smile during a conversation with Mrs. Darrow and her sister, Mrs. J. L. Ripley of New York.

Dusky faces make up a large part of the background of the scene. They are watching and waiting. It is summer weather with dove notes coming through open windows from the cool green depths of trees. Overhead the occasional drone of an army or navy plane overcomes the voices of attorneys and causes a moment of stillness. This is the only reminder of the interest the army and navy men have in this trial.

HAWAIIANS RESENT CHARGE OF BEING LAX IN LAW ENFORCEMENT

(Chicago Tribune Press Service.)

HONOLULU, April 5.—The reaction here to a report to the United States senate charging laxity in island law enforcement was one of some relief in that it did not recommend a commission form of government and of appreciation for the favorable findings in regard to crime. But on the whole resentment and an unwillingness to accept the suggestions of Seth W. Richardson, assistant attorney general, it is thought, falls into circles of influence dominated by racial, church, business, and agricultural groups.

On the whole the people of the islands, all of the politicians and organizations, are expected to fight the recommendations being carried into law. About the only support came from a minority group which secretly favors a commission form of government. These find the report falling short of what they had hoped. Richardson, cutting down the middle of this field, has not satisfied either group.

"What did you say?" the lawyer asked.

"I said I thought they ought to be shot or hung," he repeated louder.

"That's all," Darrow said and Hulbul was excused.

Rape Case Is Recalled.

There are many signs of an impending legal battle over the question of the rape of Mrs. Fortescue's daughter, who is Mrs. Fortescue's daughter, will play in the case.

The prosecution today sought to obtain an admission from Shadford Waterhouse, young bank teller, that he would find the defendants guilty of second degree murder if the evidence warranted the verdict "whether it is believed the defendants had the right to do what they did or not."

Darrow thought this was going a little too far and objected.

"That is not the law," he said before Waterhouse could answer. "I am ready to argue the point at any time."

Judge Davis said he would rule on the question when it was reached.

This point opens the question of a motive for the killing, without which there is no defense. Everybody now jurors and the courtroom audience, think they know that this woman with the sad face and the three young men sitting beside her executed a sentence of death on Kahahawai.

AS A KEYNOTER BARKLEY MUST TALK ECONOMY

His Record on It Seems a
Bit Onesided.

BY ARTHUR SEARS HENNING.

(Chicago Tribune Press Service.)
Washington, D. C., April 5.—[Special.]—While President Hoover was retreating today his recommendation of a legislative executive commission to map drastic curtailment of federal activities and expenditures, the capital was scrutinizing the economy record of Senator Alben W. Barkley (Dem., Ky.), who will be the party keynoter at the Democratic national convention.

Although neither party in congress has done anything, up to date, but talk about radical retrenchment, it is apparent that each expects to make economy an important issue in the presidential election. It will be one of the major planks in each party platform and it will be the subject of much "pointing with pride" and "viewing with alarm" in the keynote addresses of the national conventions.

Attitude in Some Doubt.
As temporary chairman of the Democratic convention, Senator Barkley will deliver the keynote address in which he will laud the Democrats and indict the Republicans on their record on many issues, foremost of which will be that of economy.

Curiosity as to the attitude of the Democratic keynoter toward a thoroughgoing deflation of the cost of the federal government, now exceeding four billions a year, could not be completely satisfied today on account of the absence of Senator Barkley, who is spending the week in Kentucky. Examination of his record on the question since congress convened, however, discloses that Mr. Barkley is in favor of economy in theory, if not always in practice.

He supported the La Follette-Costigan bill for a federal expenditure of \$75 millions on relief of the unemployed.

On appropriation bills he is wont to wax indignant over administration sponsored extravagance, but to wink at Democratic lapses from devotion to economy, a trait that peculiarly qualifies for the function of keynoting.

Objects to Surveys Increase.

When the interior department appropriation bill was before the senate on March 11 Senator Barkley took the Republican controlled appropriations committee to task for voting a number of increases of the amounts allowed by the house. He cited a \$100,000 increase in the item for topographic surveys despite the fact that there is an unexpended balance of \$150,000 for that purpose this year.

"It occurs to me," he said, "that if we are to make any serious effort to reduce appropriations we ought, certainly, to do it in those departments where they are carrying over unexpended balances from the present year."

Senator Reed Smoot (Rep., Utah), who was in charge of the bill, vetoed the Barkley suggestion and the senate sustained Smoot.

After protesting against other increases in the bill, Senator Barkley said:

"I would like to inquire if this increase of approximately \$450,000 in the appropriation bill, as compared to the amount carried as the bill passed the house, has been made at the request and upon the insistence of officers in the interior department who are a part of the executive branch of the government, or whether they were made on the initiative of the appropriations committee of the senate."

Blames Cabinet Increase.
Senator Kenneth McKellar (Dem., Tenn.), a member of the committee, replied that about four millions of the increases were made at the solicitation of the interior department.

"And the same thing," remarked Senator Barkley, "is true of all the appropriation bills we so far have enacted, and in all probability it will be true of all the small enact this session of congress."

A few minutes later Senator Thomas J. Walsh (radical Dem., Mont.) offered an amendment to increase the six million budget estimate for national park road construction to 7 million, 500 thousand. Senator Barkley promptly inquired if the department had not recommended \$7,500,000. Senator McKellar replied that the President had so recommended.

"And yet the President gives out public statements criticizing congress for not reducing appropriations," triumphantly exclaimed Mr. Barkley.

Triumphs Too Soon.

A few minutes later, however, Mr. McKellar confessed himself mistaken. The President had recommended 6 millions. The \$7,500,000 increase, therefore, was sponsored solely by Senator Walsh. Mr. Barkley's Democratic colleague, Mr. Barkley subsided and remained silent, while the senate adopted the Walsh amendment and also approved a \$300,000 increase in another item likewise sponsored by the Montana Democrat.

When the department of agriculture appropriation bill was being considered Senator Barkley cried out against an allowance of only \$245,000 for the acquisition of additional forest reserve lands which would merely pay the salaries of the bureaucrats employed to buy the lands, no funds being provided to do the buying with. He wanted to know how the government could purchase the land for the proposed Cumberland Mountains reserve.

Daughter of Noted Scientist Files Suit for Divorce

Two portraits of Mrs. Dorothy Michelson Dick, daughter of the late Dr. Albert A. Michelson, who filed suit yesterday against Sheldon Dick, charging desertion. Her suit was filed one day after period of one year's separation required by law had expired.

STORY OF PASTOR, MODEL AND DARK ROOM TOLD COURT

He Says Lights Were
Out of Order.

BY JOHN STEELE.

(Chicago Tribune Press Service.)
LONDON, April 5.—Landladies, who have pointed the longest accusing finger against the Rev. Harold F. Davidson, rector of Stiffkey, who is on trial on charges of immorality, filed through the Consistory court again today. One, Mrs. Alice Ernst, charged that she found the preacher late one night in a dark room with an artist's model who is now in an insane asylum.

The rector, Mrs. Ernst said, paid the girl's rent. The landlady declared that one night she discovered that he was in the room at 11 p. m. with the door closed. She voiced a warning, then opened the door and found the room dark. She berated the preacher for his behavior, she said. The rector protested that the gas would not light, but she said she found that the light worked immediately afterwards.

Enter a Hysterical Woman.
Augusta Phillis, who keeps a rooming house, testified that she rented the rector a room for a woman described as "Mrs. Malone," who, she declared, was a victim of nervous hysteria. The prosecution contends that Mrs. Malone is Rose Ellis, with whom, it is charged, he had illicit relations over a period of ten years.

The diocesan court, where the bishop of Norwich is trying to present sufficient evidence to unrook the rector, has been swamped with letters protesting against the unsavory publicity attached to the church during the hearing and asking that the sessions be held in camera.

Refuses to "Hush Hush."
F. K. North, chancellor, who is presiding at the hearings, declared: "I have no power to do that and if I had I would not. I believe in publicity. Serious as the mischief may be from publishing the nasty details, it is not nearly so serious as the mischief of secret trials might be."

SALOONKEEPER SENT TO JAIL.
Federal Judge John P. Barnes sentenced Edward Thompson, saloonkeeper of La Salle, to ten months in the county jail and fined him \$100 yesterday after Thompson pleaded guilty to two prohibition violations. Gus O. Becker, operator of a roadside near Ottawa, received a three months sentence and a \$100 fine.

Business Men in Philippines Frown on Independence Plan

(Chicago Tribune Press Service.)
MANILA, P. I., April 5.—The great majority by which congress yesterday passed the Hare bill, providing for complete freedom for the Philippines after the islands shall have adopted a suitable constitution and undergone a probationary and semi-autonomous period of eight years, surpassed the fondest expectations of Filipino politicians.

But while many Filipinos are rejoicing, the more sober elements are inclined to the belief that eight years is too short a time for economic readjustment. Business circles generally are dissatisfied with the economic features of the bill. They see a danger of liquidation of businesses dependent on free access to the American market.

Interest here is now centered on the action to be taken by President Hoover in event the senate approves the bill. Opinion here is divided fifty-fifty regarding the possibility of a Presidential veto. The more hopeful elements believe Hoover will not risk a veto, owing to the approach of the presidential elections.

Japan Would Sign Treaty.
TOKIO, April 5.—(AP)—Japan would willingly sign a treaty with the United States guaranteeing perpetually the independence of the Philippines.

Japan Sees "Liability."
Regarding this question, the Japanese government spokesman asserted that the Philippines domination "would be as great a liability to Japan as it has been to the United States."

"We have declared for many years past, and we reiterate now, that Japan has no desire to acquire the Philippines," the spokesman said.

"We are unable to see any advantage to Japan if America grants their independence."

Coupon for Tribune Accident Insurance Policy
For New Policy or Renewal. \$1.25 a Year

To secure the Chicago Tribune-Federal \$7,500.00 Travel Accident Insurance Policy, or to renew for another year one previously issued to you, cut out and fill in the application below and send it with registration fee of \$1.25 to Tribune Insurance Dept., Federal Life Insurance Co., 168 N. Michigan Ave., Chicago 10, Ill. Send by money order or check payable to Federal Life Insurance Company. (During the first five years, as provided in the policy, the value of all accident indemnities increases 10% each year the policy is renewed.)

☐ NEW POLICY ☐ RENEWAL

APPLICATION for \$7,500.00 TRAVEL ACCIDENT INSURANCE POLICY

Issued to Readers of the Chicago Tribune

(If you wish a new policy, ALL QUESTIONS BELOW MUST BE ANSWERED. If you wish to renew a policy previously issued to you, indicate above and fill in name, address and policy number.)

Do you apply for a \$7,500.00 Travel Accident Policy in the Federal Life Insurance Company, issued only to Readers of The Chicago Tribune?

LEGION OFFICERS TO OPPOSE BONUS BURDEN PASSAGE

Veto of Four Major Bills
Is Expected.

(Chicago Tribune Press Service.)
Washington, D. C., April 5.—[Special.]—Henry L. Stevens, national commander of the American Legion, advised President Hoover today that the American Legion will oppose passage at this session of the soldier bonus bill.

Mr. Stevens, as well as other officials of the Legion, are expected to appear before the house and senate committees when the bills to make the soldiers' adjusted compensation certificates immediately convertible into cash, come up for action.

Shortly after the Stevens communication reached the White House, Senator David A. Reed (Rep., Pa.), told the President that he did not believe the bonus forces were sufficiently strong in the senate to pass such a measure over a veto.

Earlier in the day Brig. Gen. Frank T. Hines, veterans' administrator, stated at the White House that the passage of the bonus law would place a \$3 billion 400 million dollar burden on the treasury. He said that there had been a decrease in the number of veterans out of work in recent months.

The bonus bill almost certainly will be vetoed if it reaches the White House. The possibility now exists that four major bills will be vetoed by the chief executive. These are the Philippine independence bill, the flexible tariff bill, and the measure providing 120 millions for road construction, and the bonus bill.

WELD AS AUTO THIEVES.
Judge Thomas A. Green, presiding in the boys court, yesterday held William Slater, 10 years old, Lloyd Foster, 27, Joseph Winkler, 28, Albert Babin, 25, and Harry Herman, 25, to the grand jury on charges of stealing automobiles.

KING GEORGE HAS CROWN REPAIRED; IT'S INCH HIGHER

LONDON, April 5.—(AP)—The imperial crown which King George wears on state occasions came back from the cleaner's today an inch higher than when it was sent away. Since it was made for Queen Victoria in 1839 it had sunk and become so insecure that it might not have retained its shape if worn much longer.

FORMER FEDERAL DRY PROSECUTOR SEIZED AS LIQUOR VIOLATOR

Mobile, Ala., April 5.—[Special.]—Joseph W. John, one time federal assistant district attorney for south Alabama, faces charges of violating the prohibition law and maintaining a liquor nuisance. John, manager of a night club was arrested last night following a raid on his place by county officers.

John some time ago played a prominent part in the breaking up of a big liquor ring. More than 100 persons were arrested at the time and John, known as a rampant dry leader, vigorously prosecuted the defendants, many of them being sent to the federal prison at Atlanta.

Whisky and wine was seized in the raid on the night club. More than 100 persons were in the club when it was raided.

SOLVED! GREAT MYSTERY OF THE BURNING SHOES

The scent of burning leather attracted Police Sgt. Thomas Harrison of the Warren avenue district to the basement of a dwelling at 115 South Paulina street last night. Beside the furnace he found a tenant, Charles Poske, shoveling brand new shoes into the fire.

Mr. Poske professed to know nothing about the shoes, all of which were for the right foot. He claimed "a man" had left them there with instructions that they be destroyed.

The mystery was cleared up when David Lipschutz, salesman for a Milwaukee shoe factory, identified the remaining shoes as some of the 350 samples taken from his car by two thieves yesterday afternoon in front of the Wiesboldt department store at Ogden avenue and Monroe street. Vehemently protesting his innocence, Mr. Poske was locked up.

LONDON, April 5.—(AP)—The imperial crown which King George wears on state occasions came back from the cleaner's today an inch higher than when it was sent away. Since it was made for Queen Victoria in 1839 it had sunk and become so insecure that it might not have retained its shape if worn much longer.

WELD AS AUTO THIEVES.

Judge Thomas A. Green, presiding in the boys court, yesterday held William Slater, 10 years old, Lloyd Foster, 27, Joseph Winkler, 28, Albert Babin, 25, and Harry Herman, 25, to the grand jury on charges of stealing automobiles.

LEGION OFFICERS TO OPPOSE BONUS BURDEN PASSAGE

Veto of Four Major Bills
Is Expected.

(Chicago Tribune Press Service.)
Washington, D. C., April 5.—[Special.]—Henry L. Stevens, national commander of the American Legion, advised President Hoover today that the American Legion will oppose passage at this session of the soldier bonus bill.

Mr. Stevens, as well as other officials of the Legion, are expected to appear before the house and senate committees when the bills to make the soldiers' adjusted compensation certificates immediately convertible into cash, come up for action.

Shortly after the Stevens communication reached the White House, Senator David A. Reed (Rep., Pa.), told the President that he did not believe the bonus forces were sufficiently strong in the senate to pass such a measure over a veto.

Earlier in the day Brig. Gen. Frank T. Hines, veterans' administrator, stated at the White House that the passage of the bonus law would place a \$3 billion 400 million dollar burden on the treasury. He said that there had been a decrease in the number of veterans out of work in recent months.

The bonus bill almost certainly will be vetoed if it reaches the White House. The possibility now exists that four major bills will be vetoed by the chief executive. These are the Philippine independence bill, the flexible tariff bill, and the measure providing 120 millions for road construction, and the bonus bill.

SIGNS IN LINDY SEARCH POINT TO QUICK RETURN

Lights in Baby's Nursery
Kindle Rumors.

(Continued from first page.)

appeared Saturday with Lieut. George L. Richard, a navy flyer, had communicated with her on Sunday. She would not tell where he was at the time.

Fire Threatens Lindbergh Estate. Rear Admiral Guy H. Durrage, retired, and the Rev. H. Dobson-Penock, who are associated with Mr. Curtis as intermediaries, awaited his return with undiminished faith in the success of their efforts to get the baby back.

Whatever was going on under the cover of secrecy the grass fire that swept across the sun dried mountain toward the Lindbergh home attracted the greatest attention at Hopewell. Charles Williamson, the local police chief and head of the volunteer fire department as well, was called to the estate by Col. Lindbergh. It was he whom the flyer first notified that his baby had been stolen.

Colonel Accepts Reporters Help. The fire alarm, which is to be blown for thirty minutes when the lost child is found, sounded its shrill blast and newspaper men came tumbling out of the two hotels thinking that the long awaited news was at hand. Explaining the situation hurriedly, the chief enlisted the visiting newspaper men in his company and led them through the state police lines to the grounds of the aviator's 600 acre estate.

There the volunteers found Col. Lindbergh, the household servants, and several detectives beating back the flames with fr boughs, brooms and shovels, and pitched in. State troopers on the ground continued with their routine police work until they noticed that reporters and photographers were among the fire fighters when they ordered them off the premises. Col. Lindbergh, however, made it clear to the troopers that any one who wanted to fight the fire was welcome to do so.

Colonel Not Questioned. None of the visitors to the estate took advantage of his presence in the emergency to attempt to question Col. Lindbergh about the kidnapping, nor was there any attempt to interview Miss Gow, who carried tools to the fire fighters. Mrs. Lindbergh was seen only once as she walked on the stone terrace with her sister, Miss Elizabeth Morrow.

The visit of Maj. Charles H. Schoeffel, deputy superintendent of state police, to England remained a mystery. Col. Schwarzkopf revealed that investigations abroad had disclosed that none of the Lindbergh servants had any criminal records before coming to this country.

Maj. Schoeffel remained in London instead of going to Glasgow, as it was reported he planned to do.

Meanwhile, it was learned that the whole police investigation has reduced itself to one thing: determination to know the "why" of certain unusual occurrences on the night of March 1 when the baby was stolen from his crib in the second floor nursery of the Lindbergh house outside of Hopewell, N. J.

An informant very close to all

Daughter Born to Gloria Swanson of the Films

Gloria Swanson, U. S. film actress, who yesterday became the mother of a daughter in London, with her husband, Michael Farmer, as they sailed for England aboard the Bremen recently. They have been in London for some time.

Becomes Mother

LONDON, April 5.—(AP)—A daughter was born tonight to Gloria Swanson, American motion picture actress. Miss Swanson has been in London for some time with her husband, Michael Farmer. The baby was born in the house where Miss Swanson and her husband live on Farm street, in the fashionable Mayfair section of London. Mr. Farmer said the mother and child were both "very well."

Miss Swanson and Farmer, wealthy Irish sportsman, were married secretly at Elmford, N. Y., last August. Their wedding was not announced until Nov. 6, when it was disclosed by the officials who issued the license and performed the ceremony.

The couple had another wedding ceremony at Yuma, Ariz., on Nov. 9, after Miss Swanson's decree of divorce from the Marquis de la Falaise de la Courdrey became final. The child is the second born to Miss Swanson. Her first, Gloria, now 10 years old, is the daughter of Herbert Bomborn, film executive of Chicago and California, who was Miss Swanson's second husband. She also has a third child, whom she adopted. Miss Swanson's first husband was Wallace Beery, film actor.

phases of the official investigation revealed these facts:

Miss Betty Gow, the baby's nurse, put him in his crib at about 7:30 p. m. She went upstairs for her usual half hourly visit to the nursery at about 8:05 o'clock and reported that the baby was asleep.

A few minutes later Mrs. Lindbergh heard an automobile outside, apparently a little distance from the house, but not far.

She was expecting her husband to return by automobile at any minute and supposed the car was his. Although it was half an hour before he drove up, coming from New York, the first machine passed out of her mind and she attached no significance to it until later.

Miss Gow for some reason did not

make another trip upstairs for almost two hours, until about 10 o'clock. When she did so she discovered that the baby was gone and her alarm started the international hunt that is still in progress.

The police investigation has revealed the astonishing fact that while one of the nursery windows was open and a ladder was lying in the yard outside, as if it had been used to give

access to the window, there was a table directly in front of the window and vases of flowers on both ends. The table had not been shoved aside nor the flowers disturbed. To get into the room from the window, the kidnaper would have to straddle that table and to get out would have to go the same way, carrying a sleeping baby, without knocking off the flowers.

Quink

PECULIAR name, isn't it? What does Quink mean? Quink means quick drying and an ink that's better than any ink you ever wrote with before.

HOW BETTER?

1ST Quink will keep moist longer on the pen point than common ink.

2ND Quink will dry 31% faster on paper than common ink.

3RD Quink contains a peculiar solvent that prevents the coloring matter in the ink from precipitating as sediment.

4TH Quink actually cleans pens as they write.

The use of this ink will make any pen work better than common ink.

Quink is a triumph in chemistry research. Ask for Quink if you want better ink. Small sample bottle free to the skeptical.

ASSAULTS RECORD OF FEINBERG IN CRIMINAL COURT

Judge Lax with Hoodlums,
Swanson Aid Charges.

Judge Michael Feinberg's conduct as a Criminal court judge came under fire by Swanson headquarters yesterday as the battle for the Republican nomination for state's attorney grew hotter.

State's Attorney Swanson, who is seeking reelection, and Judge Feinberg assailed each other in their noon campaign talks yesterday. Later in the afternoon came a statement from Jacob D. Allen, campaign manager for the Deneen group, attacking Judge Feinberg's record. The candidate has disavowed himself from seeking the state's attorneyship "because he has consistently and continually executed

J. D. ALLEN.

favors for criminal elements," Allen charged. "He has used his judicial position as a seat from which he handed down favors to those who were known law-breakers," the statement asserted. A list of cases purporting to show such laxness was appended.

Cites Case of "Maxie" Eisen.

The first dealt with "Maxie" Eisen of the Fish Dealers' association, who, with one Jack Cito, was charged with assault to murder David Trubish, a butcher, in September, 1927. Eisen was armed with a gun and a knife, according to the records, Allen said, but he was released by Judge Feinberg on his own recognizance, along with Cito, and the state's attorney (Robert B. Crowe) made no objection.

Dealing next with the case of Lucy Hagenow, a midwife, Allen charged that although she had been found guilty of murder by abortion and sentenced to fourteen years in prison, Judge Feinberg allowed her motion for a new trial to be continued indefinitely, "with the result that she never reached prison."

"The ease with which he (Feinberg) made the law amenable to criminal violators and their purposes shows him to be a defender of criminal elements, using his judicial position for this purpose," said Allen.

Attacks Granting of Probation.

"I want to criticize Feinberg for his action as a criminal judge on the grounds of not being qualified as far as probation law violations go, and ask him why, in indictment No. 45123, the defendant, Robert Brady, charged with larceny of an automobile, pleaded guilty and then was granted probation for one year? The value of the car was placed at \$50 and the statutes provide that probation cannot be granted where the property exceeds \$200 in value."

At his noon meeting in the Woods

theater, State's Attorney Swanson scored Feinberg for his claims of having returned large sums of money to bank depositors.

"Feinberg claims to have recovered \$147,000 for depositors of the Lake View Trust and Savings bank," said Swanson. "Actually, he got \$2,400 for them and spent \$5,700 of their money in doing it."

Feinberg's meeting in the Erlanger was well attended, while the Crowe-Harding Republican candidate repeated most of his old charges against Swanson and asserted that the state's attorney was being supported by hoodlums and gangsters.

The judge attacked Banker John Bain, Deneen supporter. At the Erlanger theater, a block away, Feinberg hammered Swanson

with charges of gangland affiliation. He asserted that Dan Serritella is supporting the state's attorney in the first ward and said that if Serritella "delivers" the ward he will not be prosecuted in the short weight conspiracy case. Ald. William V. Facelli in the 20th ward is supporting Swanson there so that his men will not be prosecuted for vote frauds, Feinberg declared.

SPECIAL STATE'S ATTORNEY BEGINS PRIMARY INQUIRY

Louis E. Hart to Direct Grand Jury Quiz.

Special State's Attorney Louis E. Hart, who will direct a special grand jury investigation of campaign charges made against the two leading candidates for state's attorney, said last night that an inquiry into election violence and terrorism will be the first work undertaken by his office.

Mr. Hart was named to the post yesterday by Judge Michael Feinberg, one of the candidates for state's attorney, after Frank J. Loesch, 80 year old president of the Chicago Crime Commission, had declined to act. Mr. Hart accepted the appointment in the face of statements by members of the Democratic county board that they were in no mood to appropriate funds to finance an investigation of a Republican family squabble.

Acts Without Delay.
Judge Feinberg acted without delay to convene the special grand jury. On his orders a special venire was drawn and the investigating body will be selected from those who respond to the 100 subpoenas sent out yesterday. The veniremen will report in Judge Feinberg's court Friday morning, when 33 will be chosen to serve on the jury. Space in the county building was provided for Mr. Hart, his assistants, and the jury.

Prosecutor Hart's investigation will be directed into two phases of the unusually bitter campaign for state's attorney. Briefly, he will investigate state's Attorney Swanson's charges against Judge Feinberg, and the charges of a Feinberg supporter against Mr. Swanson, who is a candidate for reelection.

Made in Letter to Bar.
Mr. Swanson's charges were made in a letter to the Chicago Bar association, in which he asked for an investigation of Judge Feinberg's appointment of receivers and attorneys for receivers. This letter was addressed to the Bar association's committee on receiverships and mortgage foreclosures, of which Mr. Hart is chairman.

The charges against Swanson were contained in a petition for a special grand jury and special prosecutor filed Monday in Judge Feinberg's court by Attorney Rush C. Butler, acting for Richard Prendergast, Republican candidate for committeeman in the 42d ward, and a Feinberg partisan.

Warned of Violence.
The petition made general charges of election violence and terrorism and stated that an attempt was being made by Al Capone's gang to steal the primary election. It stated that Mr. Swanson's candidacy disqualified him from acting in an impartial manner.

Political workers recalled last night that Mr. Hart was defense attorney for John Pampinella, a 42d ward worker in the organization of Prendergast two years ago, when Pampinella was accused of the murder of William H. Slaughter, colored preacher, Slaughter had opposed the election of Prendergast. At that time the prosecution charged that it was hampered by the activity of politicians. Pampinella eventually was acquitted.

Came to Chicago in 1893.
The new prosecutor is 60 years old, was born in Cleveland, O., and is a graduate of Oberlin college. He came to Chicago in 1893 and became a clerk in the law office of John R. Montgomery. After being graduated from Kent College of Law in 1895 he became a partner of Montgomery, who is a past president of the Chicago Bar association.

"I can't say yet who my assistants will be," said Mr. Hart. "I haven't anybody in mind. I will consult with Judge Feinberg and with the bar association."

In indicating they might refuse to finance the investigation Democratic members of the county board said the inquiry may well await the election of a Democratic state's attorney. The prosecutor and Judge Feinberg said the problem of financing the investigation was not theirs, that it is the duty of the county board to provide the funds. Previous investigations of this nature have been financed by outside interests. It was recalled, and later the county board repaid the persons who advanced money.

"We'll not do that this time," said President Emmett Wheelan of the county board yesterday. "We simply lodged there on March 19."

Evanston Girls Get Action on Baseball Field

haven't the money and the investigation is unnecessary. After the primary next Tuesday neither side will care much about going ahead with an investigation of the other. If, however, they do wish to have each other investigated they can wait until the fall when a new state's attorney (a Democrat) will be elected and he will investigate impartially."

Jury Will Be Paid.
"The jury will be paid," President Wheelan said, "but their pay will come out of the appropriation for jury service. We hope, however, that their work will end before the fund is depleted."

In appointing Mr. Hart Judge Feinberg said: "I have designated you to act as special state's attorney in this order. This court will give you every ounce of cooperation the law vests in it. I have every confidence in you that you will do your full duty with no desire to favor any one, fear any one or spare any one. I want nothing done here except strictly according to the law as I know you will do."

"Be extremely careful in the selection of your assistants. Select only those in whom you have implicit confidence. I want the secrecy of the grand jury proceedings well guarded. I want no information trickling out, and I will so instruct the jury. I have made the special venire returnable Friday. I want a complete and exhaustive investigation."

In declining to conduct the inquiry Mr. Loesch called attention to his age and his past services to the community and asked to be excused.

Bone in Throat Causes Infection; Teacher Dies

Miss Ethel Whitford, 55 years old, a Chicago school teacher, died yesterday in her home at 162 Gage road of pneumonia. She contracted the disease as the result of an infection in her throat, which in turn was caused by a chicken bone which became county board yesterday. "We simply lodged there on March 19."

New York, April 3.—[Special.]—After removing her pet dog to safety in another room, Marie Wenz, 15 years old, a student at the Hunter College High school, committed suicide by gas this afternoon in an apartment where she lived with her grandfather and aunt.

File \$46,537 U. S. Tax Lien Against Beauty Operator

An income tax lien for \$46,537 was filed in the United States District court yesterday against Rufus M. Dorsett, operator of a beauty culture shop at 7 West Madison street. The lien represents interest and penalties unpaid income taxes for the years 1926, 1927, 1928, and 1929.

MAKE PRIMARY CUSTER'S LAST STAND, IS PLEA

Crusaders Urge Defeat of Dry "Hypocrisy."

BY ARTHUR EVANS.

With a blast against "hypocritical politicians" who talk wet, drink wet, live in wet wards, but support dry candidates, the Crusaders, militant liberals, yesterday issued a call to arms to their members in Illinois to turn out to the primaries on Tuesday and concentrate on liberals of good qualifications.

"Prohibition? If we vote right we will settle it in 1932," says the letter, which remarks that the state constitution is one way to settle the liquor issue is to "vote only" for candidates who are firm for prohibition reform. As to Omer N. Custer of Congress the prohibition

COL. IRA L. REEVES.

Galesburg, who has been given the blessing of the W. C. T. U. and the Anti-Saloon league, the Crusaders urge that every effort be made to make Tuesday's vote "Custer's Last (Prohibition) Stand."

United Stand by Wets Urged.

The organization, after pointing out that the drys put up only one candidate for each important office while the wets often have several candidates, thus splitting their strength, says its recommendations of candidates are made with a simple view of preventing a division of wet strength to the advantage of the drys.

Col. Ira L. Reeves, manager, enclosed with the letter a list of the candidates so far recommended by the Crusaders, most of whom have also been endorsed by the Women's Organization for National Prohibition Reform, as published in last Sunday's Tribune.

"Speaking of the governorship," says the letter, "the drys, running true to form, have sponsored one candidate, Omer N. Custer. The drys permitted Gov. Emmerson to name their candidate. Of course, every voter in Illinois knows how Gov. Emmerson stands on prohibition. He has been the wholehearted, whole-souled sponsor of Anti-Saloon league legislation.

Call for Defeat of Custer.

"Naturally, when he failed to run again because of his unpopularity due to his vetoing the state repeal of the state search and seizure bill, he sponsored a candidate to succeed him in office whom the Anti-Saloon league and other professional reform organizations recommended, namely, Omer Custer.

"If Mr. Custer should be nominated and elected, the wets of the state can hope for no relief, as far as state legislation is concerned. Neither can they hope for any support should the liquor issue be brought before Congress.

amendment to the voters of the state. May we, therefore, urge our members and all friends of the Crusaders and of the prohibition reform movement to make every effort to accomplish the defeat of Mr. Custer.

Plea to Wet Republicans.

"Mr. Custer has behind him the entire patronage of Gov. Emmerson's office, which in Chicago is very large and influential. Fortunately, Chicago is overwhelmingly wet. There are a number of ward committeemen and candidates for ward committeemen on the Republican ticket who are supporting Custer. That is where every Republican can do effective work.

"Before you go to the polls, determine who of the candidates for ward committeemen are supporting Custer. Then use your every effort to defeat such candidates.

"In the past a number of these ward politicians and leaders have been able to hoodwink the people by talking against prohibition themselves, while at the same time working and voting for the election of dry candidates. We repeat most emphatically that there is no such thing as repeal or modification or amendment of the prohibition laws as long as you allow yourself and your friends to be duped by these hypocritical politicians into voting for Custer or any other Anti-Saloon league candidate."

Railroad Engineer Dies;

Trapped in Bed by Fire

A. W. Hoke, 33 years old, 1435 East 56th place, died yesterday in the Illinois Central hospital of burns suffered Saturday in his home. He was ill in bed when a fire broke out in the house and was unable to get out. Firemen found him overcome in his room and revived him, but the shock and injuries, it was said, combined to cause death. Hoke was a railroad engineer.

HOUSE UNSEATS GRANATA; VOTES KUNZ IN, 190-168

Upholds Fraud Charge by Chicago Democrat.

(Chicago Tribune Press Service.)

Washington, D. C., April 5.—[Special.]—Peter C. Granata, alleged familiar of Al Capone, was ousted from his seat as congressman from the Eighth Illinois district today by the house of representatives because of alleged fraud committed in his behalf at his election. Former Representative Stanley H. Kunz, veteran of five earlier house terms, whom Granata defeated for reelection in November, 1930, was declared the rightful holder of the seat, and sworn in in Granata's place.

Granata was unseated by a vote of 190 to 168. The division was on strictly party lines. A preceding vote on a motion to recommit the resolution of disapproval with instructions to the house elections committee to summon the ballots there showed a count of 177 ayes and 185 noes, with five Democrats coming across the party line to vote with the Republicans. A second vote on a substitute resolution to declare Granata seated was defeated 170 to 189 with the members of both parties back in line again.

Final Chapter in Controversy.
Today's vote was the final chapter of a controversy which began on the election day when Kunz met Granata's victory with claims that it had been achieved through fraud and violence committed by gangsters and henchmen. The original count as certified by the canvassing board gave Granata a majority of 1,171 votes, but the recount which Kunz finally won gave him a majority of 1,238. It was Kunz's charge that in eleven precincts of the Eighth district, 1,285 straight Democratic votes had not been counted for him.

The controversy in the election committee which first heard the case and on the floor of the house today revolved about the validity of the recount, the Republicans charging that it was as fraudulent as the Democrats claimed the election had been. In a final plea to the colleagues with whom he had sat since last December, Granata pleaded that the house judge his case "on its merits alone." He declined, he said, to match Kunz's assaults against his character, "not one of which had been proved."

"The waters of this contest," said Granata, "have been muddied by a nasty, vicious, whispering campaign so as to create prejudice."

Might Serve as Boomerang.
And he warned the members that should they approve such methods as had been used in this case the case might serve as a boomerang which some day would injure one of themselves.

Chief among the Republican contentions was the allegation that the recount had been controlled by "a hand-picked" notary public selected by Kunz.

During the debate the name of Capone, which has been linked with that of Granata, was carefully avoided by both sides. At times charges and counter charges flew violently back and forth between the two partisan groups.

Calls It a Mob Recount.

Representative Charles L. Gifford (Mass.), one of the Republican members of the committee, termed the recount by which Kunz was found to have been elected "a mob recount." "The record in this case," he declared, "is the worst ever presented to a house of congress. All the way through rules and statutes were violated."

The ballot boxes had been opened

Granata Loses Seat in House

Roosevelt and LaFollette Slates Take Lead in Wisconsin Vote

Milwaukee, Wis., April 6 [Wednesday].—(AP)—While the lead continued to switch back and forth as additional precincts were heard from in yesterday's election to choose delegates to the national conventions in Chicago next June, the La Follette Progressive Republican slate continued to gain with 700 of the 2,845 precincts in the state reported.

The vote: La Follette Progressives, 174,882; conservative Republicans, 158,487; Roosevelt Democrats, 142,863; unaffiliated Democrats, 68,122. The faction of the Democratic party pledged to Gov. Franklin D. Roosevelt of New York for the presidential nomination, ran far ahead of an opposing slate, unpledged but favorable to the candidacy of former Gov. Alfred E. Smith of New York. On the basis of present returns, the Roosevelt slate apparently swept the state, running well ahead.

Callahan Trails Broughton.
George Mead, Neenah manufacturer, led the seven conservative candidates.

prior to the recount and might easily have been tampered with, Mr. Gifford charged. The Republicans on the elections committee had asked that the boxes be sent for and had been refused by the Democratic members, he told the house, and he intimated that the Democrats had shrewdly brought the contest to the house floor just before the Illinois primaries.

Puts Burden on Democrats.

Representative Chipfield (Rep., Ill.) again referred to the mishandling of the ballot boxes and pointed out that the burden of proof to show there had been no chance to tamper with them lay with the Democrats. One and all on the Republican side stressed the fact that the Democratic report, seeking to oust Granata, had accepted as true the report of Edward H. Hoffman, a notary public who was appointed a commissioner to take evidence on behalf of Kunz. They declared Hoffman was Kunz's "hand-picked agent" and charged that Granata's representatives had been "pushed away and intimidated" during the recount.

Through Chairman Kerr (Dem., N. C.) of the elections committee, Representative Williams (Dem., Tex.) and other committee members the Democrats were equally vigorous in charging that Granata's original majority

The Roosevelt slate was headed by Charles E. Broughton, Sheboygan editor, mentioned as a candidate for governor. John J. Callahan, national Democratic committeeman who fostered the unpledged slate, led his candidates, but he trailed Broughton.

Many sections of the state reported exceptionally heavy voting. With the Democrats and Republicans split, national aspects regarding election of delegates slumped into the background as the factions attempted to determine party leadership in the state.

Mayor Hoan Re-elected.

Milwaukee, Wis., April 6 [Wednesday].—[Special].—Daniel W. Hoan, Socialist mayor of Milwaukee for the past 18 years, was elected to a fifth term at yesterday's municipal elections. Mayor Hoan was more than 7,000 votes ahead of Alderman Joseph P. Carney, his nonpartisan opponent in the mayoralty race, after one-fifth of the city's precincts had been heard from.

had been the result of fraud. They asserted that Democratic "straight ballots" had been counted for every Democratic candidate except Kunz. Mr. Williams cited the case of the 27th precinct in the 40th ward in which the tally sheets showed 300 Democratic and 48 Republican "straight ballots." On the original count Kunz was credited with 27 votes and Granata with 270. The recount showed 185 votes for Kunz and only 83 for Granata.

URGES PROTEST BY U. S. DOCTORS ON FASCIST OATH

Dr. A. J. Carlson, professor of physiology at the University of Chicago, writing in the current number of Science, has urged that American scientists refuse to attend the international congress of physiology in Rome next summer, as a protest against Premier Mussolini's order that Italian university professors must take the oath of allegiance to the Fascist régime.

The congress usually is attended by a number of American scientists. Dr. Carlson described the order for the oath as a "defiant attack on academic freedom."

BUFFALO ELECTS TWO DELEGATES FOR ROOSEVELT

Two G. O. P. Districts Instruct for Hoover.

New York, April 5.—[Special.]—Gov. Franklin D. Roosevelt won a victory over former Gov. Alfred E. Smith in the only contest of general interest in the New York state primary election today.

This victory came in the 41st congressional district, Buffalo, in a fight for delegates to the Democratic national convention between George J. Zimmerman, county leader, and Anthony J. Walkowiak, both unpledged, but known to favor nomination of Gov. Roosevelt, and Gerhard Lang Jr., and Philip A. Sullivan, pledged to Mr. Smith.

The vote from the first 31 of 120 election districts stood: Zimmerman, 1,154; Walkowiak, 1,022; Lang, 297; Sullivan, 254.

Lone Democratic Fight.

This was the only contest for Democratic national convention delegates in the state.

There were contests in two congressional districts for delegates to the Republican national convention and in each the organization candidates won easily.

In the 20th Congressional district, Secretary of the Treasury Ogden L. Mills and Herbert N. Strauss were opposed by Simeon D. Beckerman and Dr. Bernard Lazarus, supporters of former Senator Joseph L. France. Mr. Mills and Mr. Strauss, each of whom is a strong supporter of President Hoover, won by overwhelming majorities.

The vote was as follows: Mills, 1,833; Strauss, 1,565; Lazarus, 108; Beckerman, 102.

Mr. Beckerman issued a statement charging "guerrilla methods, fraud and corruption" in the voting.

Organization Men Win.

In the 11th congressional district Brooklyn, George Dagher and Irving Lipkowitz, organization candidates, won from Nathan Cohen and P. V. Landi, insurgents and carried with them their candidates for alternates, Bruce Bromley and Elizabeth Cohn.

Both the Democrats and the Republicans elected 88 congressional district delegates to their national conventions. The Republicans already have elected their delegates at large. All the New York Republican delegates are for the renomination of President Hoover.

Sixteen Democratic delegates at large will be elected at a meeting of the state committee to be held within 15 days. The New York Democratic delegation apparently will be about evenly divided between supporters of Gov. Roosevelt and the group believed to be controlled by John F. Curry, leader of Tammany, and John H. McCooy, Brooklyn leader, who as yet have not made known their position on presidential candidates.

SENTENCED FOR ROBBERY.
Miami, Fla., April 5.—(AP)—George Myers, 46, Tulsa, Okla., and Gene Eckman, 50, St. Louis, pleaded guilty today and were sentenced to twenty years in prison for participating in the holdup of a night club here Feb. 27.

Notes of the Primary Campaign

"I am for Senator Glenn for renomination and reelection," writes Lawrence Y. Sherman, former United States senator from Illinois. "He measures up fully to the requirements. I ask all my friends to support him."

Two score union labor leaders attended a Horner luncheon at the Hotel Sherman yesterday. Among them were Charles W. Fry, Martin P. Durkin, Joseph J. Kahoe, and William Faber.

Denying they have endorsed anybody else for the office, Bishop Edwin Holt Hughes and States' Attorney George D. Carbery of Kane county have commended the candidacy of Charles W. Hadley for the Republican nomination for attorney general.

The Chicago division of the Illinois State Teachers' association yesterday endorsed the candidacy of Senator Thomas J. Courtney for the Democratic nomination for state's attorney.

Dr. Joseph C. Ross has "steadfastly upheld the high ideals of the medical profession," said a statement issued by Dr. John R. Hergen, president

of the Chicago Medical society, in endorsing Dr. Ross' candidacy for the Republican nomination for coroner.

Attorney Joseph H. McGarry, Democratic candidate for judge of the Municipal court, was a first sergeant in "Rally's Bucks" during the war.

The Women's Organization for National Prohibition Reform has joined with the committee for modification of the Volstead act of the Chicago Federation of Labor in urging all Illinois congressmen to vote for the passage of the 2.75 per cent beer bill which comes up April 7. This is regarded as the first step towards ultimate repeal.

A Chicago camp of the Minute Men, composed of nonoffice holding Democrats who will serve as an advisory body to the Democratic national committee, is to be formed at noon today in the Palmer house. Each member has pledged himself to raise \$5,000 for the campaign. Jovett Shouse, executive chairman of the national committee, who has been picked for permanent chairman of the national convention in June, is expected to be present.

"I'M CHICAGO'S FRIEND," PLEA OF CARLSTROM

Attorney General Recalls Aid Given City.

BY PARKE BROWN.

Attorney General Carlstrom, seeking the Republican nomination for governor, told a noonday audience at the Garrick theater yesterday that he already has demonstrated his understanding of Chicago's problems and his willingness to aid the city.

"I wish to assure you," he said, "that no Chicagoan could or would do more for this great city than I would do as governor."

Urges Dry Law Test.

He also reiterated his position on prohibition, urging resubmission of the question to the people in state conventions, and spoke of the need of legislative strengthening of the blue sky law and other statutes regulating the sale of securities.

In speaking of his friendship for Chicago, the attorney general commended those who encourage bitterness between the metropolis and downstate.

"It is my opinion," he said, "that politicians are responsible for any distinction between the two sections of the state."

"After all, we are all citizens of Illinois. As a man from Alton, I know that downstate is proud of Chicago; and most Illinoisans who travel far from home register from Chicago. And I have been in Chicago enough in the last eight years to know that there is not a Chicagoan who is not proud that he lives in the great state of Illinois."

Fought City's Battles.

"I have gone to Washington time and again to fight the battles of Chicago over waterways and lake water diversion. I have fought for the outer bridge, the lake front park developments and every advance of that character to evidence my pride in the metropolis of the state."

In speaking of speculation in real estate bonds, Carlstrom said that some promoters floated bond issues covering the total values of lands and buildings, adding an exorbitant profit and piling on from 5 to 20 per cent to cover the cost of placing the issues.

"This dastardly practice," he said, "resulted in terrific losses to small investors. The action can only be described as criminal. Small investors who believed real estate to be the safest, soundest investment they could find were wiped out. Real estate ought to be the safest investment possible and it would be if the blue sky law were amended."

Wants Fraud Prohibited. "If I am elected I propose to bring about the amendment of that statute to prohibit fraud and overcapitalization."

He charged prohibition with the responsibility for much of the crime of the nation. "The time has come," he said, "when the integrity of our institutions and the rights of our people must be asserted. The profits of bootlegging have imperiled the sanctity of our homes, the safety of our women, and the heritage of our fathers."

In three west side meetings last night, Omer N. Custer, the state administration's candidate, declared that other contestants for the governorship are ignoring the necessity for meeting the financial problems of Chicago and Cook county. "Everything else, apparently," he said, "seems to be of more importance to them than this very obvious necessity for finding a way to relieve the overburdened taxpayers who have defaulted on more than \$140,000,000 of their taxes because they cannot sustain the overwhelming cost of local government."

"No Time for Bunk." "I will not be frightened away from the real issues in this campaign by shouts of 'Al Capone' or 'wet or dry' or other catch phrases designed to fool the voters. This is no time for bunk."

At his noon meeting at the Cort theater, William H. Malone, another of the Republican contenders, referred to the recent indictment of Len Small by the Ku Klux Klan. "Even though my grandfather was an Episcopal minister and I belong to the Masonic order and the

How Chicago Stadium Will Be Arranged for Two National Conventions

The same layout will be used for both conventions.

PEORIA KIDNAPING SEARCH TURNS TO HUNT FOR HIDEOUT

Peoria, Ill., April 5.—[Special.]—

The aid of Tazewell and Mason county authorities was enlisted today to continue the search through Illinois river backwaters and lowlands in the hope of locating the hideout where kidnapers held Dr. James W. Parker for 18 days and nights.

Sheriff James Crosby of Tazewell county and Sheriff Walter Blesman of Mason county, accompanied by Chief of Police Ralph Goar of Pekin arrived here today for a conference with Chief of Police Thomas McCann and Chief of Detectives Fred Montgomery.

When they departed they were accompanied by Detective Charles Welty and Robert Moran of the local department who have been assigned to the Parker investigation since its inception and have been responsible for many of the important developments. They carried lists of duck hunting clubs and game preserves in both Tazewell and Mason counties, as well as a good description of the two-story structure and its possible surroundings. Despite the fact that he was kept in complete darkness or blindfolded most of the time, Dr. Parker was able to detect identifying sounds from which it was easy to give a fairly complete description of the place.

Shrine, he said, "I can have no sympathy for the underhanded, secretive methods of the Klan."

Edward J. Brundage, speaking at Prudential hall, criticized two of his opponents, Custer and Carlstrom, for opposing legislative reapportionment of the state in conformity with the constitution.

"How can downstate justify a de-

mand of equal suffrage to the citizens of Chicago?" he asked. "Two of my opponents, Omer N. Custer and Omer E. Carlstrom, have solved the problem in their own minds by saying that Chicago should be restricted in one house and given its legal representation in the other. This means in plain words that a Cook county voter is not on the same standing as a voter elsewhere in Illinois."

Problem Is to Out Taxes.

In a speech at the Rogers Park Masonic temple, Judge Henry Horner, the regular Democratic entry, referred to his opponents, Michael L. Igoe and Bruce A. Campbell, as contesting "to see which will run second and which will run third."

"The immediate problem," he said in reference to taxation, "is to reduce the general level of all taxes through drastic reductions in the cost of government. By that I do not mean wholesale slashes in expenditures regardless of the effect on necessary public service, but a well planned, sensible and effective program of economy that will save millions for the taxpayers and at the same time not interfere with the discharge of the functions the state owes its citizens."

Judge Horner and his associates on the regular ticket will speak at Waukegan early this evening but will race

back to Chicago to speak at a big mass meeting of voters of the Second congressional district at the Triannon ballroom. They will return on a special electric train.

Igoe, in his speeches during the day, attacked Mayor Cermak, calling him a "super-dictator" and charging that he had bankrupted the county government.

"The mayor of Chicago," he said, "arrogates to himself not only the right to rule Chicago but the right to rule the Democratic party."

Charges Cermak "Broke" County.

"The mayor is crying every night about the terrible job he has. He is whining that his Republican predecessor left him an empty treasury. Granting all that to be true, who bankrupted the county? Its bonds have been defaulted, its employees are payless, and the man who for six long years was president of the county board is Cermak."

Cermak was president of the county board and the county's broke. Cermak is mayor of the city and the city's broke. If he gets into control of the state the state will be broke. Cermak Campbell spent the day in Kane county, visiting Geneva, Elgin and Aurora, the last of these being the only city in which he spoke. There he addressed a small crowd at the Elks club.

WOMEN CLASH OVER FEINBERG AND SWANSON

Then Agree Primary Law Should Be Repealed.

BY KATHLEEN McLAUGHLIN.

Repeal of the primary law would automatically abolish such dissension as exists at present among the candidates for the Republican nomination for state's attorney, it was agreed yesterday in the forum of the Woman's National Republican club at the Congress hotel. Vehement discussion of that dissension preceded the statement by Mrs. Jacob Baur, chairman, of the consensus of the gathering.

Mrs. Harry Hart precipitated the argument by rising to state that, without endorsing any candidate, she sought aid in deciding what a good Republican should do when confronted by such a controversy as has arisen between State's Attorney Swanson and Judge Feinberg. She sketched the details of the accusations made by the state's attorney against the judge and the judge's charges against the state's attorney.

Miss Feinberg Defends Feinberg.

Miss Matilda Feinberg, an attorney, took the floor and replied that, without going on record for either candidate or against either, she thought it was obvious that Judge Feinberg, in naming receivers for various banks, had

done nothing illegal. She asserted that a study of records would show that Judge Feinberg had only followed precedent in his appointments. "It may or may not be true," interposed Mrs. Agnes Sullivan McCarty, of the state pardon and parole board, "that Judge Feinberg named to these receiverships henchmen of Robert E. Crowe, and that the fees were then turned back to be used as campaign funds to elect Feinberg state's attorney. What we are concerned with is that Judge Feinberg gave a large number of apartment house receiverships on the north side to one ward committeeman. Such favoritism as that cannot but be reprehensible."

Calls for Fair Judgment.

Miss Feinberg retorted with some heat that it was unfair to pass any judgment without going fully into the records to find out what the general practice is. She said the entire matter was born of the necessity for campaign material on both sides.

"What we want to do," Mrs. Baur broke in, "is to launch a campaign against this silly, wasteful primary law. Under the old convention method there was only one candidate for each nomination. Now there are so many that no one can possibly know intelligently how to vote. The one was accountable to the party. The many are responsible to nobody."

600 Women Honor Brundage.

Six hundred women attended a tea yesterday afternoon at the Hotel La Salle in honor of Edward J. Brundage, a Republican candidate for governor. Following brief addresses, Mrs. Arthur Meeker, Mrs. Fred W. Upham, and Mrs. Ira J. Couch poured tea. Mrs. Miriam Wile Sherman, state chairman of the women's division, presided and introduced Mr. Brundage. Others who spoke were Mrs. William Cubbins, Mrs. Frank J. Bennett, Mrs. Minnie Starr Goodwin, Mrs. Leonard A. Brundage, and Mrs. Harriet M. Robertson.

EXHIBITION OF RARE OLD VIOLINS OF CREMONESE ORIGIN

To afford lovers of the finest in string instruments the opportunity of seeing some of the outstanding instruments of the world we have gathered together under one roof, twenty violins and cellos, by Antonius Stradivarius and Joseph Guarnerius del Gesu and other great makers. We believe this display to be the first of its kind ever held in America and probably one of the most important ever held anywhere.

You are cordially invited to attend this showing, for we feel that your visit will be long remembered. Instruments are not for sale.

Exhibition dates—April 6, 7, 8 and 9.

CERMAK ISSUES NEW WARNING TO TAX DELINQUENTS

County Loses Receivership on Aquitania Building.

More twists were twined into the tax tangle yesterday.

While Mayor Cermak was threatening more action against big tax delinquents, Attorney Henry M. Ashton, special attorney for the county board, asked a receiver for the Capitol building because of delinquent taxes. To add to the confusion, the Appellate court decided that the county has no right to a receiver to collect the rents of the Aquitania building, 822 Argyie street, for the purpose of getting taxes. The Aquitania receivership was obtained by Attorney Ashton.

The payment of taxes, for this stage in the period of collection, is going along at a slow pace. The penalty date is April 15. Of the \$234,000,000 of 1930 taxes on Chicago property, \$28,084,799 has been collected. Among the smaller property owners, however, there was considerable activity yesterday. A total of 10,814 bills were paid for an aggregate of \$1,431,209.

Mayor Threatens Action.
Referring to the owners of large loop properties on which 1928 and 1929 taxes are delinquent, Mayor Cermak said:

"While it appears that some of them claim they are unable to pay, others seem to be hard-boiled and apparently it does not do very much good to call their attention to the unpaid taxes, policemen and firemen."

"I am advised by the tax attorney for the county board that in the assessing of taxes the strict terms of the revenue law must be complied with; but that this is not true with reference to the collection of taxes. He advises me that if the provisions of the revenue law are inadequate to collect the taxes, the county board may go into Chancery court and ask for appropriate action to enforce collection."

"The government does not have to commit suicide because some fail to pay their taxes. I want to see if the big fellows who are high class tax dodgers cannot be compelled to pay their share toward the cost of government."

Receiver Ruling Reversed.
It has been the opinion of tax lawyers that the county, under certain conditions, can have a receiver appointed to collect the taxes from a property. Attorney Ashton obtained a receiver from Judge Robert E. Gentzel last October to collect \$193,939.88 in taxes due from the Aquitania building.

In this case the bondholders had brought a foreclosure proceeding, and the Appellate court held yesterday that a receiver in these circumstances was illegal. The court asserted, however, that the county can get a receiver for properties at the conclusion of foreclosure proceedings and that the employment of Attorney Ashton is valid.

Attorney Ashton started a receivership proceeding against the Pure Oil building on Monday because the building corporation is charged with owing \$679,875 in taxes, penalties and interest. Against the Capitol building, for which Ashton asked a receiver yesterday, he charges \$544,342 in delinquent taxes.

Decision of 1871 Quoted.
In its decision the Appellate court quoted a Supreme court decision of 1871 as follows:

"A tax is not a debt in the ordinary sense. It is a forced contribution from property, demanded by the taxing power, and it can be collected only by remedies specifically provided by statute."

County Assessor J. L. Jacobs is now busy trying to determine whether he shall revise the 1931 real estate assessment made by the former board of assessors.

CALL SHOALS BILL MOVE TO PUT U. S. IN NEW BUSINESS

Group in House Protests Against Measure.

(Chicago Tribune Press Service.)
Washington, D. C., April 5.—(Special.)—What the congress is being asked to do according to the terms of the Muscle Shoals bill now pending in the house is "to put the government into the fertilizer business," declares a minority report signed by eight members of the house military affairs committee and filed today.

"The bill as now presented and agreed upon by a majority of the committee," the minority members assert, "contains such leading provisions as to insure, if passed into law, government operation of the project for manufacture of fertilizers."

Eight Sign Report.
"In our opinion, the carrying out of the bill, if enacted into law, would result in doing violence to the fundamental principles of our system of government and transcend both the letter and spirit of the constitution." The representatives signing the minority report are Harry C. Ranley (Pa.), Florence P. Kahn (Cal.), E. W. Goswami (Conn.), Charles A. Wolcott (N. J.), Thomas C. Cochran (Pa.),

William R. Johnson (Ill.), William H. Stafford (Wis.), and Burnett M. Chisfield (Ill.), all Republicans.

Methods which no private business would tolerate are incorporated in the terms under which the bill proposes to lease the huge government power and fertilizer project, the minority report states.

Object to Potential Waste.

"We are uncompromisingly committed to the principle of private operation as opposed to government operation of any business which is not strictly under the constitutional government activity and we are of the opinion the bill in its present form

will result in government operation," the minority report said.

"We object to the potential enormous waste of public money involved in the present bill, and to the potential or almost certain operation by the government of the fertilizer business, and insist that the bill should be so liberalized as to insure private operation."

WATCHMAN DIES OF SCALDS.

Charles B. Widdfield, 34 years old, 690 Arzie street, died in the Mercy hospital yesterday of scalds he suffered Monday when he fell into a manhole filled with boiling water as he made his rounds as a watchman in the Armour & Co. plant in the Union stock yards.

COMMERCE GROUP WARNS AGAINST HIGH INCOME TAX

Increase of normal or surtax income tax rates beyond moderate amounts will work serious economic damage to the country, the Chicago Association of Commerce asserted yesterday in a statement forwarded to the United States chamber of commerce.

Radical increases in such taxes will force the diversion of liquid capital from channels where it is most needed to revitalize the economic life of the country into tax exempt securities, where the point of diminishing returns is soon reached, the statement sets forth.

"Over three-fourths of the annual income of the United States is not subjected to income taxes," the communication states. "It is both fair and essential for good government that the large majority of our voters among whom this 75 per cent of income is distributed should contribute and realize that they are affected substantially by the expense of government," the association stated.

Misreads Letter; Thinks \$35,000 Lost; Ends Life

John Braasch, 62 years old, living on the Ridgewood farm, on 127th street near Harlem avenue, received a letter yesterday from a bank relating to interest payments on \$35,000 worth of bonds which he owned. Misinterpreting the letter to mean that the bonds were worthless, he went to a woodshed and killed himself with a rifle.

Blind Man Is Jailed as a Taxicab Bandit

John Davis, 20 years old, 218 North Leavitt street, a blind Negro, and John Jones, 20 years old, 2427 Fulton street, also colored, were captured early yesterday after they had beaten and robbed Rufus Ahern, 3712 North Claremont avenue, a taxicab driver.

WIFE CHARGES SONG WRITER BEAT HER FOR WRITING SONG

Willy Delcomyn, now a resident of Milwaukee, is a song writer for the Danish Choral society in his spare moments. He is also a jewelry salesman and an amateur actor, but his principal pride is his song writing. Mrs. Elizabeth Delcomyn, 4541 Schubert avenue, told Judge Harry B. Miller yesterday in the Superior court.

Two years ago two old friends of theirs left Chicago on a trip to Denmark, their homeland, Mrs. Delcomyn related. She composed a song for the occasion, and it was very kindly received in the festive gathering which was bidding the travelers farewell, she said.

"But after our guests had gone," she testified, "my husband said to me, 'What do you mean by writing a song? I'm the song writer in this family, and I'll write all the songs.' Then he beat me."

"What was your song like?" asked Judge Miller.

"It was in Danish," replied Mrs. Delcomyn. "I don't know the words in English, but I can sing it for you in Danish."

"Never mind," said Judge Miller. "I guess the beating was cruelty in any language."

He instructed Attorney Arthur Janklow to draw up a decree for Mrs. Delcomyn, awarding her a divorce and custody of her daughter, Evelyn, 7 years old.

Name Student Chairmen for U. of C. Scholarships

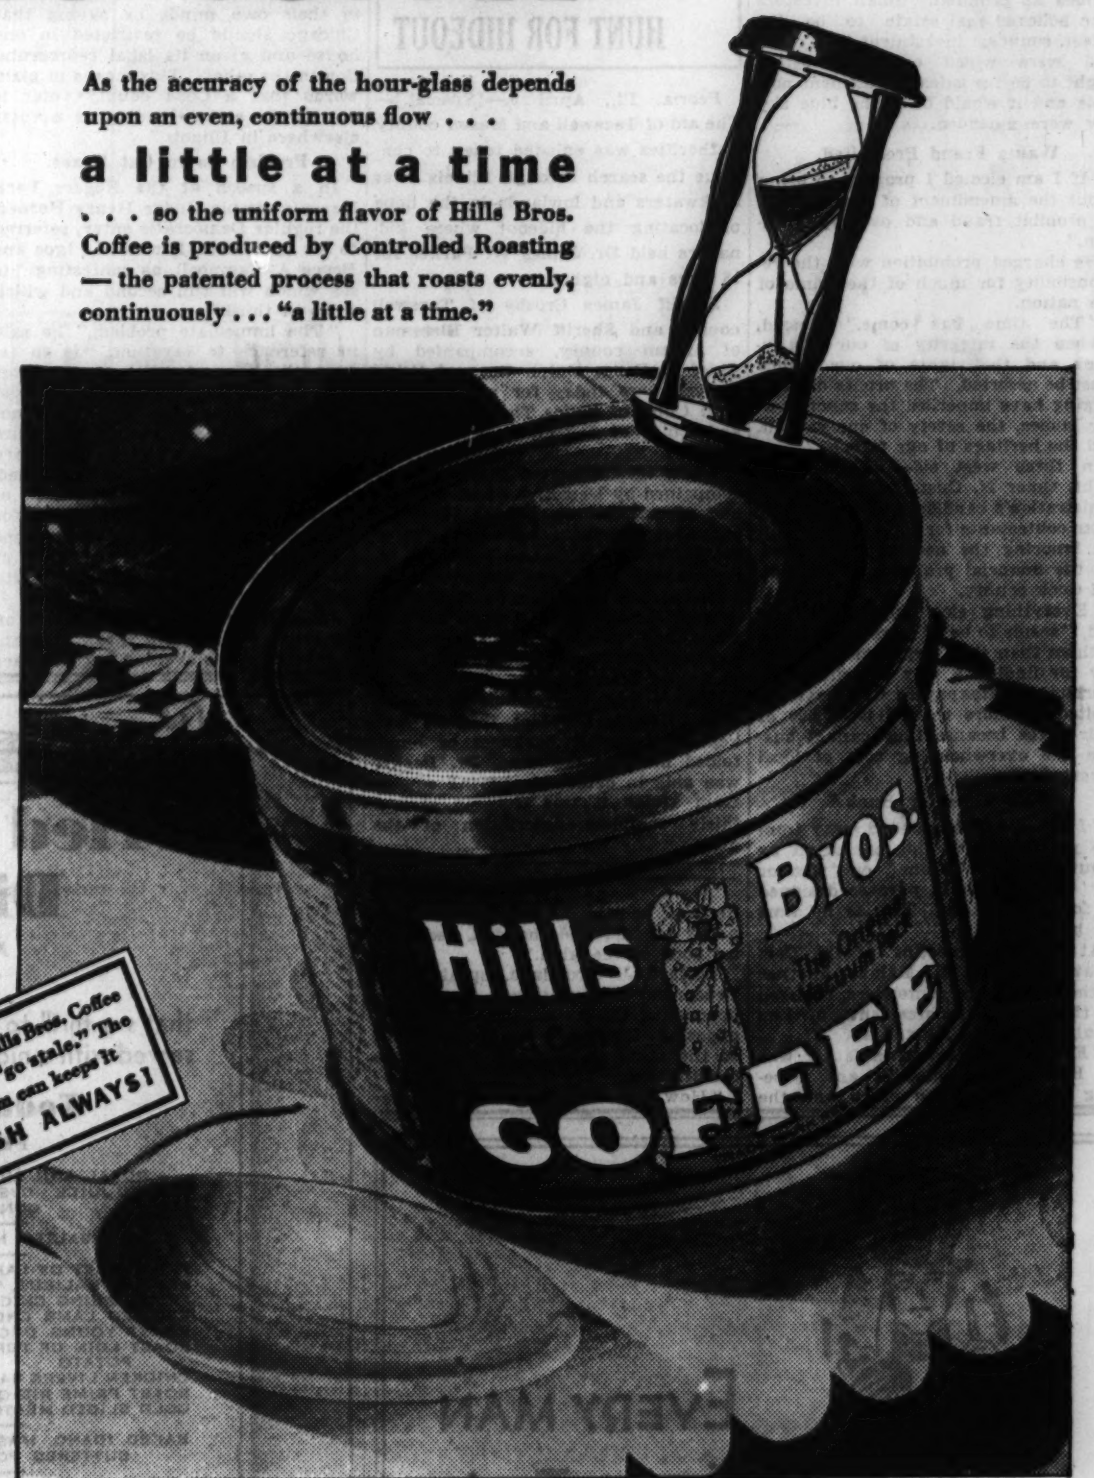

Maxine Creviston and Robert Balsley yesterday were appointed student co-chairmen to handle arrangements for the annual scholarship examinations at the University of Chicago on May 30. A large number of middle western high school seniors will arrive on that day to contest for the scholarships, which give the winners free tuition.

HERE'S WHY HILLS BROS BANISHED "BATCH-AND-BULK" METHODS OF ROASTING COFFEE

The unavoidable flavor-variations in bulk-roasting led Hills Bros to invent Controlled Roasting

Patented process roasts "a little at a time" ... produces same exquisite flavor in every pound

As the accuracy of the hour-glass depends upon an even, continuous flow ... a little at a time ... so the uniform flavor of Hills Bros. Coffee is produced by Controlled Roasting — the patented process that roasts evenly, continuously ... "a little at a time."

Imagine putting several hundred pounds of coffee in a huge drum, and trying to roast every single berry alike. Then, imagine attempting to duplicate that roast in batch after batch. It is physically impossible! Each roast varies, and naturally the flavor of the coffee varies.

Years ago, Hills Bros. replaced that ordinary method with their own invention and patent—Controlled Roasting. Hills Bros. Coffee flows through the roasters evenly, continuously ... a little at a time.

Variation is unheard of! Each berry is done to a perfect degree. Every time you make Hills Bros. Coffee, you know what flavor to expect ... the smoothest, richest flavor of the rare coffees! It is a flavor no other coffee has, because no other is roasted the same way.

Hills Bros. Coffee is packed in vacuum cans, and can't go stale. The vacuum process of packing coffee is the only method that fully preserves coffee freshness—the air is removed from the can and kept out. It was originated by Hills Bros. over thirty years ago. There is no magic about a vacuum can—it will not make poor coffee good, but it will keep good coffee fresh.

Try Hills Bros. Coffee. Its pleasant, appetizing aroma is truly irresistible. You lift your cup and drink—to enjoy coffee as you never enjoyed it before! Order some today—by name—and look for the Arab trade-mark on the can.

COUNTY'S STAFF FACES ANOTHER WAGE FAMINE

Banks Refuse to Buy More 1931 Tax Warrants.

County employees face another pay famine after they receive their checks for the first half of December, which were assured yesterday when loop banks agreed to purchase \$200,000 worth of 1931 tax warrants from the county. Employees of the city, school board, sanitary district, municipal tuberculosis sanitarium, and public library also will receive two weeks' pay as a result of tax warrant purchases which the banks agreed to make by Friday.

But in the case of the county, representatives of the First National and Continental Illinois banks informed Assistant County Controller O'Connor that they will purchase no more 1931 county warrants. And as a condition to their \$200,000 purchase, they required a promise that the county will issue no more warrants against the 1931 levy in payment of salaries or pending bills, Mr. O'Connor said.

Aim to Avert Depreciation.
This action, it was indicated, was taken as a precaution against depreciation of the 1931 warrants already issued. With the sale arranged yesterday, the county has sold approximately \$750,000 worth of warrants, or 85.3 per cent of its 1931 levy of \$1,100,000.

The only other assets on which the county can hope to realize for pay roll funds are its 1932 tax warrants, for which there appears to be no market at present, and its fee collections, which come in only one-fourth as fast as the pay roll obligations accumulate. Of the \$200,000 to be received by the county for its tax warrants, \$400,000 will go to County Treasurer McDonough to cover an advance which he made to the county for a previous pay roll. The remainder will meet pay rolls and blind people's and mothers' pensions for half a month.

Pay City Employees First.
Mayor Cermak announced that city employees will get their pay for the last half of February on Friday. The city is expected to sell \$3,000,000 worth of warrants to the banks, of which \$1,000,000 will be passed on to the school board. The sanitary trustees will meet today to vote their pay rolls for the first half of January, to be met out of a \$185,000 tax warrant purchase assured the district by the banks. School employees will get pay checks for the first half of January. The checks were mailed yesterday.

Buster Keaton Gets In Bad with His Wife

Mrs. Natalie Talmadge Keaton (right) and her sister, Constance Talmadge, at district attorney's office in Los Angeles when Mrs. Keaton had Buster, the movie comedian, arrested for trying to kidnap his own children, Jimmy and Buddy. Buster protested that he wasn't trying to kidnap any one, but his wife had the police stop him from making a trip to Ensenada, Mexico, with the boys.

FARGO BATTLES DEPRESSION WITH CASH AS BULLETS

Populace Will Spend \$21 a Person.

Fargo, N. D., April 5.—[Special.]—Fargo, with its less than 20,000 population, today had pledged \$608,792.02 in the campaign to rout depression, a per capita promise in excess of \$21. With hundreds of cards still in the hands of citizens, it is expected that the total sum to be loaned in Fargo within the next few months, which ordinarily would have not been spent, will exceed \$750,000. In the last 24 hours the pledges have gained \$30,411.

Expect National Record.
Construction projects, repairs, and labor are claiming the bulk of the funds promised in the war against depression which opened one week ago. Fargo's pledged total of \$21 a person is expected to bring a national record to the city. Rochester, N. Y., credited with originating "the war against depression" idea, pledged but \$17 per capita in its campaign.

Everybody Helps.
Although pledges have dropped off in volume, each day sees a steady advance toward the goal set by drive leaders. Hundreds of small jobs are swelling the bigger construction projects which were promised in the early hours of the drive.

Every clerk, every employee, every housewife is given a chance to add. Cards are given the individuals on which they write how much they expect to pledge in the campaign and also when the promise will be retired. In such manner the campaign leaders expect to check on the realization of the pledges.

ILLINOISIAN KILLED IN MISSOURI.
Springfield, Mo., April 5.—[Special.]—Frank H. Yarbrough, 72-year-old business man of Carrollton, Ill., was killed, and his brother, L. L. Yarbrough, 77, and nephew, Frank Yarbrough, 48, also of Carrollton, were injured when their automobile overturned south of Holston, Mo., yesterday.

**Store Owner Ends Life
in Loop Office Building**
Herman Harrison, 67 years old, owner of a department store at 3600 West North avenue, committed suicide by shooting himself yesterday in an office in the City Hall Square building, 139 North Clark street, while dependent over financial losses. Harrison lived in an apartment building at 6643 North Clark street, which he formerly owned. He is said to have lost a \$100,000 investment through a foreclosure on the building last fall.

JAPS DEAL FINAL BLOW TO PEACE TALK IN SHANGHAI

Troops Ordered to Stay in China Indefinitely.

BY JOHN POWELL.
(Chicago Tribune Press Service.)

SHANGHAI, April 5.—While Japan today put the final touch to what is believed to be the breakdown of the Sino-Japanese peace conference here, Chinese authorities tonight ordered the arrest of a number of Chinese alleged to be involved in a scheme to create a puppet government within the Japanese occupied zone in and around Shanghai.

The outlook is dark. Japanese delegates declared, following receipt of instructions from Tokyo ordering them to refuse to make further concessions on the question of an armistice and withdrawal of the Japanese troops. The Tokyo war office refused to set a date for withdrawal of the troops, merely stating that it might be within three months, or longer, depending on the circumstances.

U. S. Rejects Separation Plan.

It is understood here that both Nelson T. Johnson, American minister, and Secretary of State Stimson have flatly turned down a scheme fostered by local American, British, and French realtors and other commercial and industrial interests to create an independent port of Shanghai, which would be independent of China, but would receive the naval and military protection of the big powers.

While several of those interested in the scheme are connected with the local branch of the Rotary club, it is understood that neither the Rotary nor the local chamber of commerce is directly involved. The membership of these organizations, however, is interested in promoting a plan which provides for the amalgamation of the international settlement and the French concession under one administration, which would include a zone 50 miles around the city and all the waterways in this area.

The scheme provides for an administration headed by a governor general to be appointed by the world council at The Hague. There would be a legislature of twenty persons, half to be elected by the local American, British, French, Japanese, and other residents, and all but one of the remainder by the Chinese residents. One would be appointed by the Chinese government.

Chinese Troops Barred.

The Chinese government would be compelled to withdraw all armed military and naval forces from the zone and, along with the foreign powers, agree not to engage in a conflict within the specified distance.

More than 3,000 Chinese loyalist troops were killed at Nungun, 50 miles north of Changchun, Manchuria, in battle with Japanese forces. About 3,500 Chinese and Russian homes were burned in another battle between Chinese and Japanese forces at Shihotowzha, on the Chinese Eastern railway, according to Japanese reports from Harbin. The Japanese claim victory in both battles. The Chinese were said to be retreating in disorder, chased by Japanese bombing planes.

The latest Chinese report claims that Nungun still is held, but it was stated that the Chinese forces were outnumbered by 20,000 Japanese and Manchoukuo troops.

Chinese Detail Train.

A Reuters (English) news service report from Harbin said many Japanese soldiers were killed and wounded when Chinese derailed a Japanese armored train north of Harbin. After the train had been derailed the Chinese were said to have launched a furious attack. After several hours of fighting, the Japanese dispersed the Chinese.

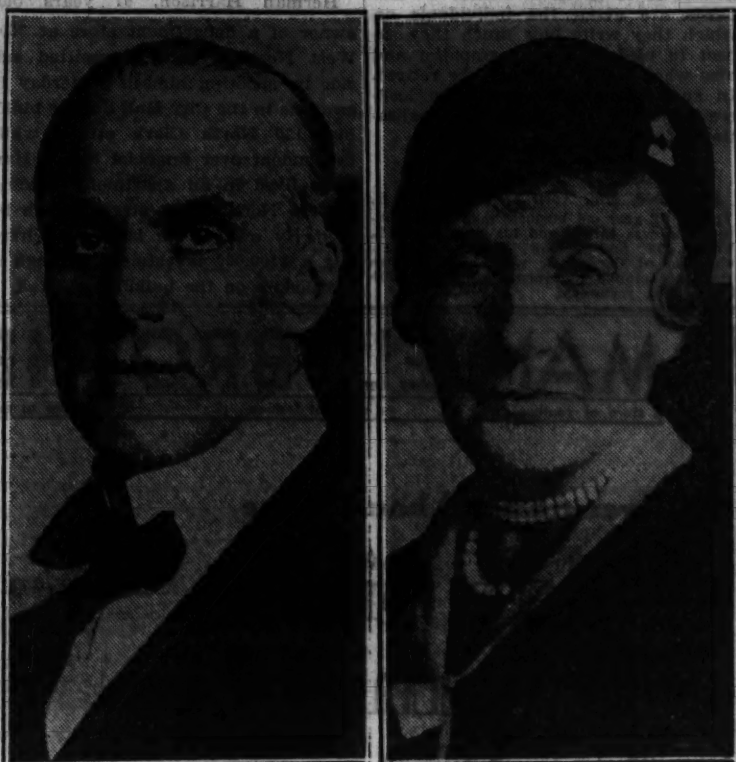

Japan Sends More Troops.

TOKIO, April 5.—(AP)—Japan's military strength in Manchuria and Korea was ordered reinforced by the equivalent of one division today to bring her total strength there to about 50,000 troops.

Among several reasons for the decision, as announced by the war office, was the "promotion of a firm foundation for the new state of Manchoukuo," which was formed recently under Henry Puyi, former Manchoukuo emperor.

Aside from aiding the Puyi régime, the purpose of the reinforcement was given thus by the war office: "To facilitate command of troops; to suppress banditry over an extensive area; to eradicate the peace disturbing influence of Chang Sueh-ling, the former controlling war lord of Manchuria; to protect 1,000,000 Japanese subjects in Manchuria, and to insure the peace of Manchuria's 30 million population."

Former Countess Sues for Divorce

James Hazen Hyde and his wife, the former Countess Matuschka, who filed divorce suit in Paris yesterday, charging desertion. Mrs. Hyde is the daughter of the late Franklin B. Walker of Detroit. Her first husband was Count Manfred Matuschka.

Secret Chapter of Japanese Aims in Manchuria Revealed

(Copyright, 1932, by the New York Times.)

TOKIO, April 5.—A curious secret chapter in the history of Japan's Manchurian policy has been disclosed for the first time by Fusanosuke Kuhara, who was minister of communications at the time of events that he describes in the Tokyo magazine, Bungei Shinju [Literature All Year Round].

Kuhara shows how Gen. Tanaka, who was premier of the cabinet in which he, Kuhara, served, originally formulated many of the plans now being carried out in Manchuria, how he changed his scheme at the eleventh hour and was then frustrated by the mysterious death of Chang Tso-lin, then the overlord of Manchuria and father of Chang Hsueh-liang, recently ousted by Japan as war lord of Manchuria.

Kuhara says Gen. Tanaka resigned from the army and entered politics to promote his grand scheme for Manchuria. He became premier in 1927 and summoned a far eastern conference, at which he is said to have drawn up a memorial to the emperor regarding his Manchurian policy and to have made the necessary arrangements for definite settlement of the question.

Warms Manchurian Overlord.

The plan reached its zenith in May, 1928, when Premier Tanaka issued a warning to Chang Tso-lin, who was then fighting Chiang Kai-shek and Feng Yu-shiang near Peking, that Japan would not permit the disorder to extend to Manchuria. Kenkichi Yoshizawa, the present foreign minister, was then minister to China and acted as intermediary.

This public warning, according to Kuhara, covered the intention on Japan's part to disarm Chang's troops as they retired into Manchuria past Shangkaiwan, to which point Japan sent forces, and plans were made for subsequent disarming of the Manchurian troops at Mukden and Kirin.

But Premier Tanaka, continues Kuhara, was a man of sentiment, as well as of action. He could not forget that

WASHINGTON PK. NATIONAL TO PAY 10 PCT. DIVIDEND

Receiver William J. Schechter of the Washington Park National bank announced yesterday that a dividend of ten per cent will be paid shortly to depositors. The amount involved is \$670,000. This is the second dividend since the bank closed June 3, 1931. The first was for 25 per cent.

A ten per cent dividend is to be paid during the week to depositors of two closed Bain banks. Depositors of the Bryn Mawr State bank, 2110 East 121st street, will receive \$58,000 and depositors of the Brainerd State bank, 6646 South Ashland avenue, will share \$25,000.

Depositors of the Laramie State bank voted to act with depositors of other closed banks and obtain the services of Lewis F. Jacobson, an attorney who represents depositors of other banks. Roy W. Clarke and Dr. O. J. Baldwin of the Laramie bank depositors' committee said they have been unable to learn the present value of collateral held by the receiver.

The report of the receiver made last fall showed \$21,448 in cash, with \$386,677 owed to depositors and other creditors. Dr. Baldwin and Mr. Clarke insist that securities valued at about \$250,000 had been held by the bank and their present value should be reported to depositors.

PASTOR KILLED BY TRAIN.

Pratt City, Ill., April 5.—(AP)—The Rev. W. A. Snyder, 54, retired United Brethren minister, was killed by a Burlington freight train as he was walking home from the post-office last night.

2 RUSSIANS GET DEATH IN PLOT TO MURDER GERMAN

Soviet Firing Squad Will Inflict Penalty.

MOSCOW, April 5.—(AP)—Judah Stern and Sergei Vassiliev, who had confessed to the attempted assassination last month of Dr. Fritz Twardowski, counselor to the German embassy, were sentenced to death by the military collegium of the soviet Supreme court early today.

They were convicted after a two day trial, in which the death penalty, to be inflicted by a firing squad, was demanded by Nikolai Krilenko, soviet Russia's "relentless prosecutor."

He sought to link the two young men with an anti-communist organization in Poland, which he said had one time marked Michael Kalinin, president of soviet Russia, for death.

Two Plead Guilty.

The pair pleaded guilty at the opening of their trial to the attempt on the German official's life. Stern previously said that Dr. Twardowski was shot by mistake, the bullet being intended for the German ambassador, Dr. Herbert von Dirksen.

Counsel for the defense pleaded perfunctorily in behalf of Vassiliev, pointing out that he was reared in a family of landowners and was educated in an anti-soviet institution. Stern's attorney at his client's request made no summation for his defense.

STUDEBAKER

STUDEBAKER led all America to Free Wheeling . . . and Studebaker now leads all America to a new conception of safety by making Safety Plate Glass standard equipment in all windows and all windshields of all models free of charge!

This Studebaker Safety Glass is identical in quality with that used by Pierce-Arrow and other cars in the higher priced field. And yet, the Triumphant New Studebakers have left nothing out to put Safety Glass in. With 32 outstanding betterments, including vastly finer Free Wheeling plus fast-action Synchronized Shifting, Automatic Ride Control, Automatic Starting and Full-Cushioned Power, they are far and away the finest cars Studebaker has ever built . . . longer, roomier and enriched by evidences of luxury for which there is no evidence in the price!

FINLAND REVELS AS CORKS POP WITHIN THE LAW

13 Years of Prohibition
Now Sad Memory.

[Copyright, 1932, by The New York Times.]
HELSINKI, April 5.—Under gray clouds and a dismal snowfall, Finland became officially wet today and thirteen years of prohibition became a melancholy memory. Liquor shops were besieged by thirsty crowds from early morning when the first lines began forming on the sidewalks. Newspapers appeared with editorial pages were filled with liquor advertisements.

Cheer Woman with Bottle.
The first person to buy a legal drink in Helsinki was an elderly woman who purchased a bottle of Estonian "schnapps." The scene was filmed as she left the shop and a crowd cheered her waving the bottle in triumph.

Although all classes were represented in the waiting lines, a majority were middle class or workers. Most of them bought "schnapps," but beer and whisky were also in brisk demand. Small stocks of Madeira wine were soon exhausted. In some places customers became irritated at slow service from the untrained bartenders and complaints were heard that the bootleggers had been far more efficient.

A Night of Revelry.
All restaurants in the capital were booked to capacity long ago and the revelry continued until after midnight. The controversy between the restaurateurs and liquor authorities was settled in time for the proprietors to obtain necessary stocks.

In the big restaurants tonight there is the novel spectacle of wine glasses and bottles in coopers on the tables, whereas throughout prohibition beer mugs were filled from hip flasks or bottles carefully hidden under napkins. Inquiries at police stations tonight revealed that intoxication cases showed no marked increase.

TAX APPEAL BRIEF FILED TO UPHOLD JARECKI DECISION

The brief of Mrs. Lillian Clear of Oak Park, upon whose complaint County Judge Jarecki held the 1929 and 1930 tax assessments in Cook county illegal, was filed yesterday before the Illinois Supreme court by her attorneys, Roy D. Keen and Morris Schaeffer.

Oral arguments will be held before the court on April 15 on the appeal which the city of Chicago and Cook county took from Judge Jarecki's decision. The city's and county's briefs were filed with the high court some time ago by Attorneys Hayden N. Bell and Francis X. Tusch.

The reply brief filed for Mrs. Clear emphasizes the charges of fraud in the two assessments which were a basis for Judge Jarecki's ruling. The brief details personal property appraised at \$16,883,445,000 on which the assessments reached a total of only \$67,173,986.

ISSUE WARRANTS FOR THE ARREST OF CANCER QUACK

Warrants for the arrest of Harry M. Hoxsey, alleged cancer quack, who was twice fined under the Illinois medical practice law and enjoined from practicing in Iowa for his association with the Baker Cancer Institute, were obtained at Carlinville, Ill., yesterday, according to J. E. Edwards, chief inspector of the Illinois department of registration and education. Hoxsey is charged with practicing medicine without a license on six counts.

George F. Cogshall, inspector for the department, who obtained the warrants, informed his chief by telegram that he expected to take Hoxsey into custody at Carlinville, Ill., where he has had a clinic. The warrants were issued on the complaints of patients who said they bought cancer cure medicine from Hoxsey at \$75 a bottle, and that it had not aided them.

Bandit Pair Raids Home; One Assaults Housewife

Mrs. Elsie Sodulski, 30 years old, mother of two children, was assaulted by a robber yesterday in her home at 2031 North Latrobe avenue after she refused to disclose the hiding place of \$1,300 which she had drawn from the bank on Monday. The bandit and his companion ransacked the house, but could not find the money.

ROBERT J. CASEY

Reporter, The Chicago Daily News

A reporter for 20 years and wartime captain of artillery, he is also noted as a world traveler and author of a dozen books of which the latest is "Easter Island." Mr. Casey interviewed the men users of Iso-Vis whose stories will appear during the year.

EVERY WITCHERY except..

Poised, cultured, mysteriously alluring... still many Americans have not yet acquired the final witchery—skin as glamorous as the Englishwoman's. For 143 years Pears' Soap has guarded the world-famous English complexion!

Get a cake. Watch Pears' full invigorating lather bring the rose-petal color to your skin! At all drug and department stores—wherever toilet goods are sold. Unscented, 15¢; scented, a trifle more. Pears' Soap lasts and lasts!

GAY FRANCE SAD; ALL AMUSEMENT PLACES LOCK UP

"Strike" Against High Government Tax.

[Chicago Tribune Press Service.]
PARIS, April 5.—This gayest city in the world tonight looked like London on a rainy Sunday. All of the French capital's theaters, movies, and night clubs closed for 24 hours in protest against the exorbitant amusement taxes which sometimes take as much as 36 per cent of the gross receipts in addition to the taxes borne by all other industries.

A few Parisians who had not read the papers, tried to go to the theater, but met with locked doors and huge signs bluntly accusing the Andre Tardieu government of breaking faith with the show business by promising tax cuts and then making no effort to pass the necessary legislation before the adjournment of parliament.

Just a Sample of Future.
Tonight's closing was only a sample

of what will happen when the new parliament meets after the elections if the promised relief is not forthcoming. Leaders of the amusement industry said. With the chamber and senate adjourned there is no point for a continued lockout now, but the showmen are unanimous in threatening complete closure of all amusements if the new legislators refuse to cut the taxes which they say are ruining the industry.

What this means is indicated by the fact that a single day's closing will cost the government \$60,000 in taxes. This was effected by the shut-down not only in Paris, but all over France, for in the entire country the only theaters open tonight were the government houses—Comedie Francaise, Odeon and Opera Comique—and one or two subsidized theaters in the provinces.

Turn to Gambling.
The sympathy that the newspapers are giving the "strike" was indicated when the entire Parisian press refused to accept the advertising of a single night club which announced it would stay open against the decision of the syndicate of cabaret owners.

The Riviera casinos, almost the only amusement places open in all France, were thronged tonight with crowds

U. S. AGENTS MAP BOOZE BAEDEKER OF THIRSTY N. Y.

Future Raids Will Be Based on Directory.

New York, April 5.—[Special.]—Sixty prohibition agents today began the compilation of a "prohibition directory"—a list of all speakeasies, restaurants where liquor and beer may be purchased, night clubs and clubs of private membership catering to the Manhattan, Bronx and Brooklyn thirst—a veritable "Baedeker of booze."

The agents started their work before noon in sections of Manhattan below 135 street, armed with sectional maps covering from ten to twenty blocks. Their "itemized reports" will be placed before Director of Prohibition Amos W. Woodcock, as a basis for future raids.

Each agent will certify on the basis of his own knowledge or "sound in-

formation" just where on the map each resort is located, whether it is an "open door" or "passipio" establishment, the size of its business, the class of its clientele and when and how it may best be raided.

Perhaps for the first time New York will know how many speakeasies there are within its borders. Commissioner Edward P. Mulrooney recently made a prediction that no guess as yet made on the total had come within 20,000 of the actual number.

Bolivia Will Restrict Its Imports to Necessities

LA PAZ, Bolivia, April 5.—[AP.]—The Central Bank of Bolivia announced today that under its new system for control of foreign exchange only articles "absolutely necessary for the national life, preferably the cheapest possible," would be allowed to be imported. Bolivia has fixed a quota of 20,000 tons for the exportation of tin, which with other small exports is expected to bring in 25 million bolivianos (about \$9,000,000).

BLIND MAN, 71, FALLS TO DEATH.
Vincennes, Ind., April 5.—[AP.]—Thomas Bain, 71, blind, died today of injuries suffered last night when he fell down a flight of stairs.

TWO KIDNAPED BY STRIKERS IN PANAMA CAB WAR

[Chicago Tribune Press Service.]
PANAMA, April 5.—Striking taxi drivers kidnaped two officials of Panama street railways today in their efforts to gain concessions for operators of taxis and to relieve the unemployment of 800 drivers now idle.

William J. Everett, a New Yorker, president of Panama tramways, controlled by General Electric, was whisked from his office early this morning to the interior town of Pacora. He was beaten. William Quinn, a car inspector, was taken for a ride by taxi drivers, but he drew a knife and forced his release eight miles from Panama.

The strikers are endeavoring to prevent the operation of American buses. The taxis demand a monopoly of Panama's main artery. Their fare is 15 cents in the city. Bus fare is five cents. Last night taxi men drove horse driven coaches from the street by bumping them. Resident Ricardo Alfaro is endeavoring to settle the dispute.

In 1930

New Iso-Vis Motor Oil introduced with laboratory tests proving it will not thin out from dilution, gives little carbon and lubricates at extremes of temperature.

In 1931

New Iso-Vis Motor Oil demonstrated these same qualities in tests made by the American Automobile Association on the Indianapolis Speedway and in Zero Cold Rooms.

Now 1932

These Reporters to bring you Interesting Stories from lips of Iso-Vis Users

"GET THE FACTS." That was the order that went to our research laboratory people in 1930 and to the American Automobile Association in 1931. "Get the facts about lubrication requirements and how Iso-Vis (a Standard Oil product) meets them. Perhaps we can make the oil still better."

"Get the facts." Again this year that was the order. But this time it went out to skilled news writers, trained for years to "get the facts" of human activities. "Who are the people who are using Iso-Vis Motor Oil?" "Are they satisfied?" "How do their cars perform?"

And so Mr. Casey and Miss Lane have been up and down the length and breadth of our territory, finding Iso-Vis users everywhere and "getting the facts" at first

hand. Professor Davidson, a specialist in Agricultural Engineering, has been interviewing farm users of Standard Oil lubricants.

Iso-Vis users are not confined to any one class. Not just the banker, but the wage earner. Not alone the Lincoln driver, but the Ford and Chevrolet driver. People with common, everyday motoring needs just like all of us.

It is said that next to what we do ourselves, the most interesting thing in the world is what the "other fellow" does. You'll enjoy reading these colorful sketches about everyday people and we hope and believe you will find them convincing on the subject of motor oil. Look for them each week in this newspaper.

ROBERT J. CASEY

Reporter, The Chicago Daily News

A reporter for 20 years and wartime captain of artillery, he is also noted as a world traveler and author of a dozen books of which the latest is "Easter Island." Mr. Casey interviewed the men users of Iso-Vis whose stories will appear during the year.

MARGARET LANE

Feature Writer, International News Service

Daughter of the editor-in-chief of the Northcliffe papers in England, she is now on a six months' leave of absence from the staff of the London "Daily Express." Miss Lane has interviewed women users of Iso-Vis.

J. BROWNLEE DAVIDSON

Professor of Agricultural Engineering, Ames, Iowa, Agricultural College

For many years Professor of Agricultural Engineering at Iowa State College of Agriculture and Mechanic Arts, he has won international recognition in designing and perfecting farm equipment. His interviews with farmers will appear in the farm papers.

STIMSON DRAFTS PLAN TO CURTAIL BOMBING PLANES

Completes Proposal for
Geneva Arms Parley.

Washington, D. C., April 5.—(Special.)—Curtailed of land and naval bombing aviation is one of the topics now being discussed by disarmament officials of the United States and European nations. It became known today as Secretary Stimson put the finishing touches on an enlarged and amplified American arms program for presentation at Geneva.

Just how far the United States is willing to go in the way of curtailing military and naval aviation by international treaty was not made clear. It was learned, however, that the question of placing limitation on bombardment aviation has been a subject of discussion between Secretary Stimson, Norman Davis, the American arms delegate now in Washington, and army and naval air experts.

Big Land Bombing Planes.
According to one official, some of the European nations have suggested the possibility of abolishing the big land bombing planes altogether. Suggestions have been made that the size of military planes be limited both in total weight and in horsepower so as to eliminate the carrying of heavy bombs.

President Hoover announced today that Secretary Stimson will confine his efforts to the furthering of disarmament during his trip abroad. He said the secretary would not discuss the international debt question with European statesmen.

No Details Given Out.
The President said the American delegation will present an enlarged and amplified arms program after the Geneva conference convenes on April 11. No details were given out at the White House, but it was learned in other quarters that Secretary Stimson's objective is that of curtailing the use of abolishing the so-called aggressive weapons.

State department officials would like to have limitations placed on the size of tanks and mobile guns. They also are ready to abolish submarines and toxic gases as legal war weapons.

Baroness Goes on Tour of Chicago's Stockyards

Mrs. John R. Kellogg (left) and Baroness Cecelia von Schilling of Copenhagen as they looked at meat in process of preparation for market in Armour plant yesterday. They visited the "yards" with Mrs. Frank Hibbard's charity sightseeing party. (TRIBUNE Photo.)

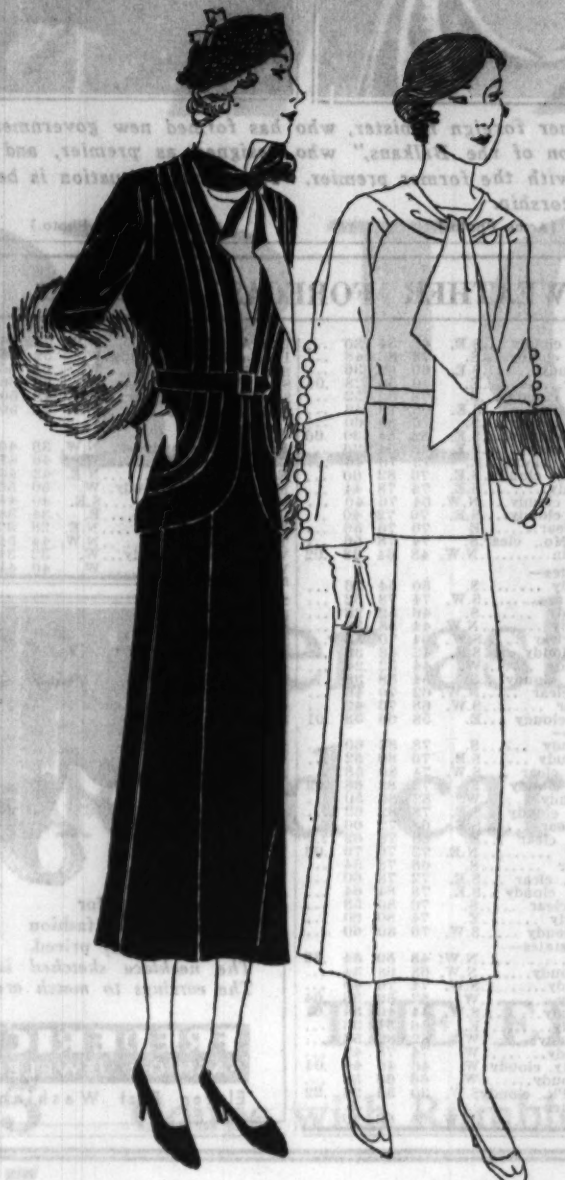

BARONESS SEES STOCKYARDS ON TOUR OF CHICAGO

Bottles of smelling salts and perfumed handkerchiefs were much in evidence yesterday afternoon when Mrs. Frank Hibbard took her charity sightseeing party through the stockyards, for the ladies, most of whom were paying their first visit to the yards, did not care very much for some of the sights, and the odor which permeated the atmosphere in that part of the city. They did enjoy most of the tour, however.

The stockyards tour was made after

luncheon at the Saddle and Sirolo club, which followed a visit to the oriental institute at the University of Chicago. Among those on the tour was the Baroness Cecelia von Schilling of Copenhagen, who is visiting Mrs. Henry E. Mason in Highland Park. The young baroness was greatly interested in watching the entire process of making sausage. Some of the others in the party, which numbered 35, were Mrs. Mason, Mrs. John P. Kellogg, Mrs. William J. Chalmers, Mrs. Elias H. Strawn and her daughter, Mrs. James A. Cathcart, Miss Mary Mitchell, Mrs. Stephen Y. Ford, Mrs. Charles W. Isaacs Jr., Mrs. Louis A. Ferguson Jr., and Mrs. William R. Odell Jr.

Just a Touch of Ice-Mint. PRESTO!
Corns Wither and Lift Out With Fingers. No Pain.

Corn sufferers gather round; get right up close and listen, here's good news for you.
The real genuine "Corn Killer" is here at last. No humbug. Ice-Mint, the discovery made from an imported product, is said to surely and quickly and safely remove corns. Think of it: only a touch or two of that cooling, soothing Ice-Mint and real foot joy is yours. No pain, not a bit of annoyance, either when applying it or afterwards and doesn't even irritate the surrounding skin.
It just makes a pair of tired, swollen, aching, burning feet glow with cooling comfort.
Hard corns, soft corns or corns between the toes, also touched with Ice-Mint and they are gone for good. Try it. Just ask in any drug store for Ice-Mint and you'll find out what solid foot comfort really is. There is nothing like it.
Ice-Mint Co., Birmingham, N. Y.

EXPLAIN AWARD OF SEAWAY JOB TO OHIO CONCERN

State and U. S. Politely Disagree on Dredging.

State officials, declaring they did not wish to enter into a controversy with the war department, nevertheless expressed regret yesterday that a contractor who planned to lease the state dredging fleet was not favored in the bidding on the Marseilles pool dredging project of the Illinois waterway.

Representatives of the war department, declaring they did not wish to enter into a controversy with the state officials, expressed regret that they could not accommodate the state and explained that economy is a factor that cannot be overlooked in the letting of the contracts.

Two Companies Bid on Job.
The Congress Construction company of Chicago submitted a bid of \$1,147,700 for the total project, which calls for 1,954,000 cubic yards of common and 223,000 cubic yards of rock excavation. The company offered to complete the job in 275 days. A separate bid of \$479,800 was submitted for the dredging of a pilot channel 100 feet wide and 9 feet deep, to be completed in 214 days, thereby insuring the opening of the waterway on Oct. 15, the date set by the government.

The Huffman Construction company of Cleveland made a bid of \$886,500 on the total project, \$275,200 less than the bid of the Congress Construction company, but it asked for 360 days to complete the total job. The Huffman company, as an alternative, proposed to finish the pilot channel job for \$479,800 in 260 days, which would be beyond the goal set for the waterway's completion.

Huffman Co. Gets Contract.
The war department, on recommendation of the United States army engineers, awarded the contract to the Huffman company on the total project, but inserted a clause demanding completion of a sufficient channel, 9 feet deep, by Oct. 15. The company will be penalized \$250 for each day after Oct. 15 that is required to complete the pilot channel.

The state has a dredging fleet for which it paid \$322,000. The fleet is now in the Marseilles pool, on which the state did considerable dredging before the government took over the waterway. This equipment could have been leased to the Congress Construction company. The Huffman company plans to bring a private "plant" up the river about 25 miles from La Salle, and it is charged that some dredging will be required to get the fleet to the scene of its work, thereby raising doubt as to whether the waterway can be opened on Oct. 15.

May Need Both Plants.
The war department representatives point to the Oct. 15 clause and penalty provisions and say that if the contractor is slow in getting started he will be obliged to utilize both plants and rush the work in order to escape the penalty.

The contract was sent out to the Huffman company on the first of the month and ten days are allowed for it to be signed and returned. The government is confident that it will be accepted and work will begin soon.

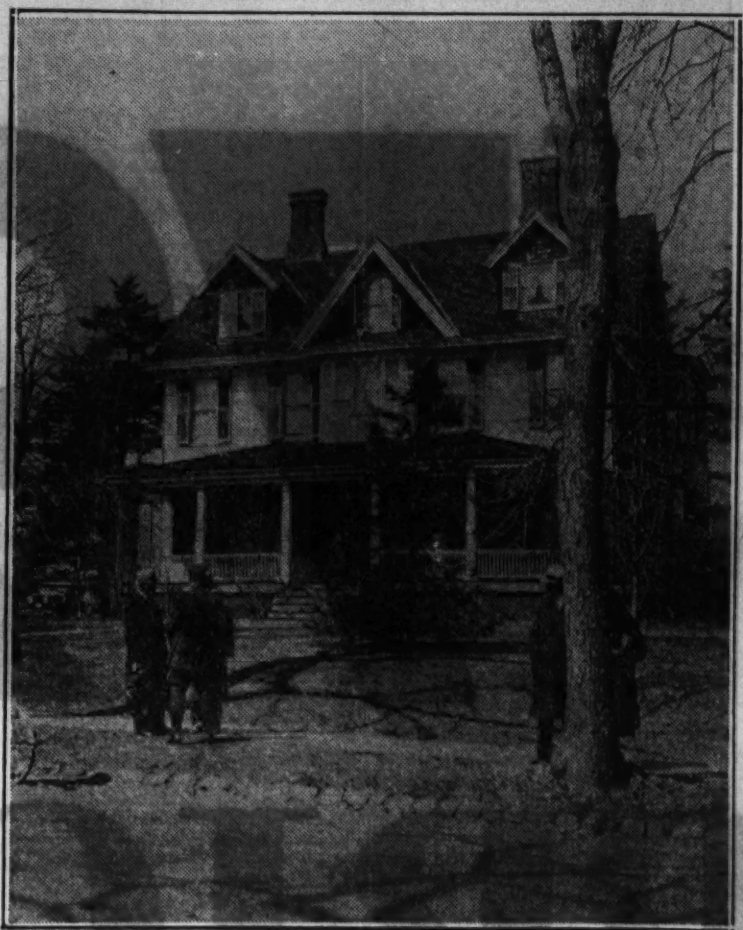

HIS FLOCK OUT OF HARMONY, SO PASTOR RESIGNS

The Rev. Paul W. Luecke, pastor of the Bethlehem Lutheran church, Greenwood boulevard and Wesley avenue, yesterday submitted his resignation to the trustees of the church, to take effect June 1. He has held the pastorate for sixteen years.

The Rev. Mr. Luecke said his resignation was prompted by a "lack of harmony" in the congregation. This was caused, according to members of his flock, by an endeavor to mix business and pastoral work. Other Lutheran pastors of the Illinois district of the Evangelical Lutheran Synod stated that the resigned pastor has been engaged in real estate and automobile activities for a number of years. While no specific charges were lodged, the feeling against him had increased in the congregation during the last four years. The resignation followed an assembly of church members who were asked if any had specific charges to make against the pastor. There were none.

Two years ago the Rev. Mr. Luecke caused the arrest of Mrs. Sarah Moller, who then lived at 1511 North Irving avenue, and Fred Monaco, charging that they had extorted \$108 from him and had accused him of misconduct. Municipal Judge John A. Sbarbaro threw the matter out of court.

SCENE OF FOSDICK TRAGEDY

Home of Raymond B. Fosdick in Montclair, N. J., where Mrs. Fosdick killed her two children and herself. She also planned the death of her husband, a noted New York lawyer. (Acme Photo.)

NOTE TELLS PLAN OF MRS. FOSDICK TO KILL HUSBAND

Police Investigating Triple Tragedy.

New York, April 6.—[Special.]—Raymond B. Fosdick's escape from death at the hands of his mentally deranged wife was revealed today by the police who investigated the tragedy at the Fosdick home in Montclair, where Mrs. Fosdick shot and killed her two children and then committed suicide.

Chief of Police Edward J. Reilly of Montclair disclosed that in one of the notes left by Mrs. Fosdick she said she had planned to kill her husband as well as their children, Susan, 16 years old, and Blaine, 10.

There was nothing in the note to explain why Mrs. Fosdick, after planning the death of the entire family, failed even to disturb her husband, who knew nothing of her acts until he awakened yesterday morning.

Mr. Fosdick, noted international lawyer and director of the Rockefeller trust funds, was overwhelmed with grief and shock. The task of making public what had occurred he left to his brother, Dr. Harry Emerson Fosdick, pastor of the Riverside church in New York.

Except for brief comments by Police Chief Reilly and Dr. Harrison S. Martland, medical examiner of Essex county, who conducted an autopsy in Orange yesterday afternoon, the contents of the letters left by Mrs. Fosdick were not made public.

"Only my husband and I will ever know why I did this," Mrs. Fosdick wrote in one of the notes, according to Dr. Martland. The official said that due to her abnormal mental state Mrs. Fosdick had been suffering from a progressive form of insanity for several years. She was the victim of an irrational jealousy of her children's affection for their father, which may have motivated her acts.

FRENCH PROPOSE \$50,000,000 LOAN FOR MID-EUROPE

LONDON, April 6.—[The plan which France will submit to the four power conference which will open here tomorrow to seek a solution of the economic crisis in the Danubian states, it was learned today, is that loans totaling \$50,000,000 be granted these five nations—Austria, Hungary, Yugoslavia, Czechoslovakia, and Rumania.]

The loans would be granted, however, only on the acceptance by the Danubian nations of free trade or substantial tariff preferences between them. It is also expected that the Danubian states will have to agree to some sort of international control for the expenditure of this money.

The four power conference will open tomorrow at the foreign office.

J. P. SHOWS 190 BIDS IN OFFER OF MATRIMONY

Not Much Romance in Them, He Complains.

Spinsters, widows, divorcees, and bachelors to the number of 190 had their marriage proposals in the hands of Justice of the Peace Samuel Harrison when the postman made his last call at the magistrate's office at 1551 Sherman avenue, Evanston, last evening. Telephone proposals continued to pour in long after sundown, however.

"I suspect the good ladies are more interested in a meal ticket than in romance," observed the magistrate, who publicly declared himself to be in the marriage market on the occasion of his 79th birthday last week.

"Judge," as some of the applicants addressed him, had made dates with three of his more impetuous prospects last night and his clerk made the mistake of setting all three for 8 p. m. The magistrate solved the dilemma by going to a wrestling tournament at the Rialto Fronton—alone.

"I can't afford to miss a wrestling match, not even for a courting bee," he chuckled. What the disappointed ladies thought of this could not be learned.

"Not Much Romance."
"There's not much romance in these," Mr. Harrison complained, shuffling through the stack of letters. "Not many inclose their pictures either. There are old ones, young ones, pretty ones, blondes, brunettes, and red heads."

The magistrate permitted examination of the letters on condition that neither names nor addresses be divulged. Excerpts from a few of the proposals follow:
Los Angeles: I am a widow, longing for companionship. I am 55 years old and considered attractive for my age. I feel I am suited to make you happy. I will mail a photograph if you are interested.

Minneapolis: I am 47 years old, 5 feet 2 inches tall, and weigh 118 pounds. I have brown hair. I would make you a good wife and would marry you whether you have money or have not.

This One Calls Him "Judge."
Indianapolis: I read of your desire for a wife, Judge, as expressed on the occasion of your 79th birthday. I feel I am the mate you are looking for. I am 28 years old, red haired, and stand 5 feet 6 inches high. Please give me a chance to make a comfortable home for you and fill both our lives with happiness.

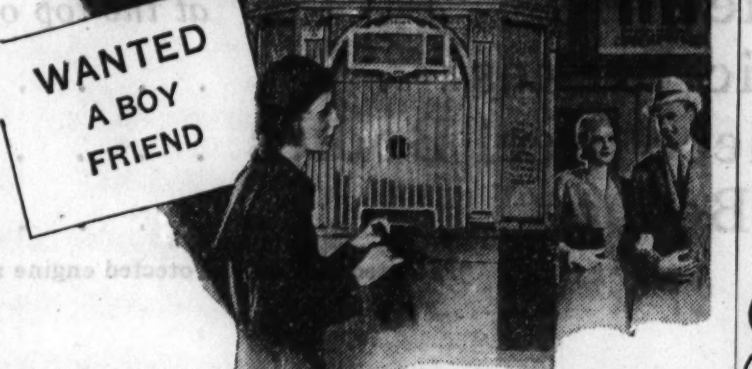

Domestic troubles prompted a number to apply. A widow of Lockland, O., said she was the second wife of a man who, at his death, left everything to the children of his first wife. She said she was compelled to live with a stepson, "whose wife is the wickedest woman on earth."

"Do you wonder I'm going to the hospital?" the magistrate queried as he surveyed the pile of perfumed missives.

Vote Teachers' Pay Cuts in Aurora and Geneva

Teachers' salary reductions of 7 to 10 per cent, effective next September, have been voted by the trustees of three Kane county school districts. It was announced yesterday. Teachers in the east side district of Aurora will receive a 7 1/2 per cent cut, those on the west side Aurora a 10 per cent cut, and those at Geneva a 7 per cent cut.

KIDS LIFE WITH SHOTGUN.
Mont Vernon, Ill., April 5.—[Special.]—Charles Hinkel, 44, committed suicide at his home here tonight by shooting himself in the head with a shotgun.

WANTED A BOY FRIEND
Professionally posed photo of Miss Hart's true experience

SO PALE, THIN, SICKLY

—no fellow would take her out!

Now fairly "swamped" with dates—thanks to new radiant health
REAL pal—and adorably sweet. "The one girl to make any man happy. Yet no man knew it! For her pale, bleached complexion, her scrawny, 'spindly' figure scared them away!"
"But today men have 'discovered' her—since she discovered how to clear her skin and round out her figure. She writes: 'When I wanted to see a movie, I often used to have to go by myself. Yet I couldn't blame the fellows. I had become so run-down that I looked terrible. I was just skin and bones and I had pimples.'"

"My druggist suggested Ironized Yeast. In 12 weeks I gained 11 pounds and a clear complexion. Real 'roses' in my cheeks and curves to my figure. I felt just bubbling over with pep. I don't go to the show alone now." Miss Jean Hart, 44-35 A Easton Ave., St. Louis, Mo.

New popularity for you! Let Ironized Yeast round out your figure and build up your health, too. When you are free from weakness, nervousness, constipation, skin and stomach disorders—you can't help winning more friends!
A new kind of tonic
Ironized Yeast contains rich "beer yeast." Seven pounds of this specially cultured, specially imported, health yeast make just one pound of the yeast concentrate used. The con-

Not "next Fall"... Now!

is the time to get

OIL-O-MATIC HUSHED HEAT

at its all-time low price!

THEY still make buggies, and shaving-mugs, but there probably isn't a one of these relics among the 125,000 homes from which Oil-O-Matic has banished poker-pushing and clinker-clawing.

Oil-O-Matic Hushed Heat is for modern folks... who have learned that economy, comfort, labor-saving, health and cleanliness are the sure dividends from the modest investment which Hushed Heat involves.

Now—this very month—Oil-O-Matic Hushed Heat is available at the lowest price in the history of this world-leading, pioneer oil burner. That's why we urge you to order Now—not "next Fall"! Oil is cheaper than ever before. All sizes of Oil-O-Matic burn heavy "Number Four" oil—much lower in price and much higher in heat content than the lighter oils most burners must use. You can have Hushed Heat installed right in your present furnace or boiler.

Telephone today and a trained "Oil-O-Matician" will gladly make a FREE inspection of your heating plant and quote you the exact low price and terms of Hushed Heat for you.

WILLIAMS OIL-O-MATIC HEATING CORP., Bloomington, Ill.

THINKING OF SELLING YOUR BUSINESS?

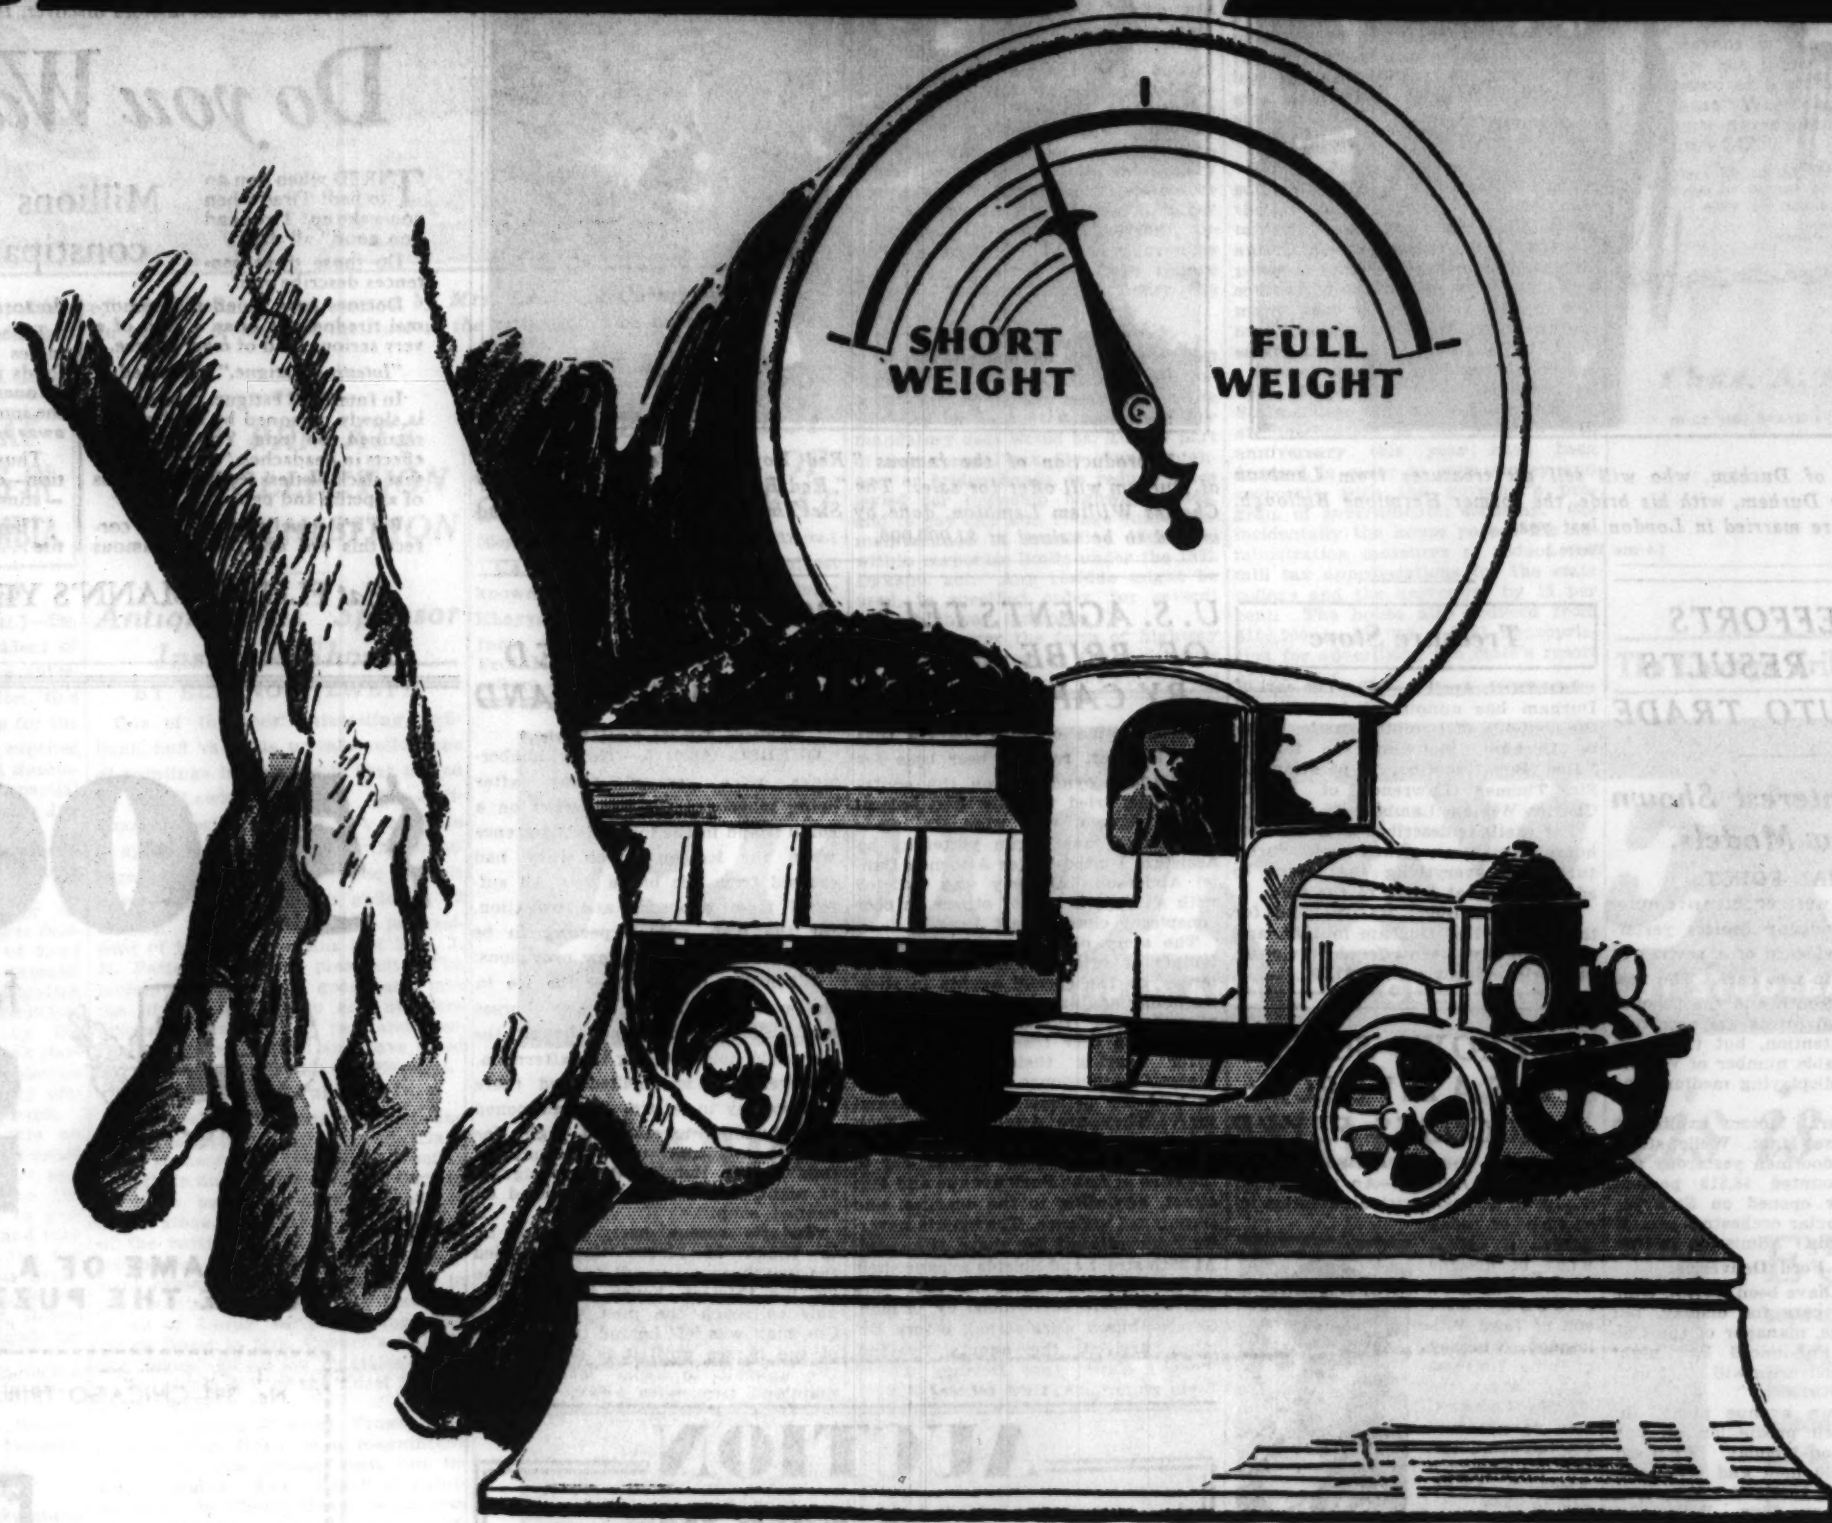

In Chicago the biggest and best-known clearing house for businesses of all kinds is the Business Opportunities classification in the Tribune Want Ad Section.

More Business Opportunities want advertising appears in the Tribune than in any other Chicago newspaper. Larger volume and greater variety of offers naturally attract a correspond-

ingly larger number of live prospects. The Tribune as the business newspaper of the Central States reaches practically all of Chicago's business men, and in addition puts you in touch with thousands of interested prospects outside of Chicago.

If you want to sell your business quickly and at low cost
Call Superior 0100—Adtaker

"Take your thumb off that scale"

WHEN city sealer Joe Grein—whose job it is to see you get a real pound of beef steak, an honest gallon of gas, a full ton of coal—issued the ultimatum, "Take your thumb off that scale," he was not just talking.

Dishonest store keepers and coal dealers whose scales are as unbalanced as their senses of justice are learning that he meant it.

During the past few weeks he has uncovered scores of coal dealers whose faulty arithmetic let them believe a ton can be anything between 1500 and 1800 pounds. He discovered others who furnished drivers with two sets of delivery tickets—one with a much higher than actual weight, defrauding the purchaser of a substantial amount; the other with the correct weight to show if questioned or caught by the City Sealer.

The Chicago Coal Merchants Association regrets

that there are such dark spots in Chicago's fuel industry for the white light of publicity to illuminate.

Yet it welcomes this light and the campaign to protect Chicago's fuel buyers. It is glad to see its years of struggle for fair dealing have not been fruitless . . . that in the City Sealer's Office is a man courageous enough to enforce the laws which the Association itself sponsored and helped write into Chicago's municipal code.

These laws make it a punishable offense to deliver short weights . . . or fraudulently to substitute or mix grades of coal.

It is easy to see why there has been a wave of fuel frauds. The natural desire on the part of Chicago citizens for economy has been played upon. So called "bargains" have been offered. Some dealers attempting to sell at these "bargain" prices have tried to compensate for mark-downs with correspond-

ing let-downs in quality and shortenings in weight.

There is a protection against such frauds which is even more sure, more dependable than any founded on fear of laws and courts. It is the protection of dealing with a merchant who is honest because he wants to be; not because he has to be.

In Chicago and suburbs, 240 reliable merchants in fuel pledge you a full 2,000 pounds on every ton you order. They are the members of the Chicago Coal Merchants Association . . . the men who were directly responsible for the laws the city is using to punish unscrupulous dealers.

Today as in the past, and in the future you can have this protection by dealing with one of these merchants. Behind his pledge to deliver full value for every dollar you pay is the Association's unconditional guaranty on the full weight of every ton, the honest grading of every load sold by any member.

CHICAGO COAL MERCHANTS ASSOCIATION

COAL HEAT COSTS LESS

THREAT TO CALL INDIANA TROOPS IN MINE TROUBLE

Operators Offer Wages of \$4 a Day to Strikers.

Terre Haute, Ind., April 5.—[Special.]—While Gov. Harry G. Leslie threatened to call out the state troops to quell mine disorders in Sullivan county or any other field where trouble occurs, the Indiana Coal Operators' association tonight issued an official ultimatum to the striking miners. Individual miners are offered a basic wage scale of four dollars a day as compared with the \$6.10 basic scale paid under the contract which expired April 1.

The governor's action came after reports of riots at the Somerville and the Starbourn mines near Sullivan. Henry Smith, president of the two mines, informed Secretary L. O. Chase that miners had threatened to burn the tipples and had shut off the fans so that miners were compelled to quit work. Smith said gangs, inflamed by speeches made by William Mitch, union organizer, were gathering around the mines.

One Hurt in Ohio.

Mitch and Abe Valls, president of District 11, U. M. W. A., went to Indianapolis this afternoon to see the governor, but talked to Chase instead. They denied that any trouble existed and Mitch said he had made only a speech and it was not inflammatory.

Union leaders refused to comment on the ultimatum of the operators. A statement will be issued later, they said, after they have studied the new scale. The scale offered by the operators is close to the average in the larger nonunion mines in Indiana, which ranges from \$1.85 to \$5 a day. All other classifications in the scale follow the same approximate cut.

Trouble was reported in the Ohio coal fields at Zaneville, with a crowd of 1,000 striking miners storming the Muskingum mine and injuring one nonunion worker. Sheriff William Curtis and deputies armed with tear gas dispelled the strikers.

Illinois Mines Operate.

Centerville, Ill., April 5.—[Special.]—A survey of the southern Illinois fields shows that 63 mines have agreed to continue operations under the old scale of \$6.10 a day pending the outcome of present negotiations for a new contract. Union officials said that approximately 2,000 miners would return to work if the agreements are signed.

JOLIET CONVICT, TIRED OF PRISON, SETS FIRE TO IT

(Picture on back page.)

A trusted convict, "tired of prison walls," set fire to the chapel building of the old penitentiary at Joliet yesterday. Three hundred inmates helped the old Joliet fire companies extinguish the blaze, which caused \$3,000 damage. Shortly before noon Lyman Hall, a convict since 1897 and the oldest inmate in point of years he has served, walked into the office of Capt. J. E. Carpenter. "I'm sick and tired of prison walls and I just set fire to the chapel," shouted Hall. "I hope the whole place burns up."

By this time the interior of the building, a two-story limestone structure, was ablaze. It took a half hour before firemen and the prisoners got the fire under control. Food stores on the first floor were damaged by the flames and the fire did not reach the electric chair which is in the same building on the second floor.

There was no disorder among the inmates. It was the first major fire since March 18, 1931, when convicts rioted and set fire to seven shops causing a damage of \$500,000.

Hall was placed in solitary confinement. He is 69 years old. Convicted of the murder of Constable Francis DeLong in Joliet in November, 1896, Hall was sent to the penitentiary a few months later. He had been a "trustee" for most of the time since 1919. He was at large for a month in 1924 when he escaped after driving a team to a railroad station in Joliet. Hall was denied parole two months ago. Warden Henry C. Hill announced that Hall would be examined by psychiatrists today.

Warden Hill arrived at the prison from the penitentiary at Stateville soon after the fire was reported. He expressed his appreciation over the radio to inmates of the institution for their orderly manner and aid.

Highland Park Wife Sues for Divorce Third Time

For the third time in fourteen months Mrs. Evelyn K. Hill, 457 Glenwood road, Highland Park, filed suit for divorce yesterday against Goodwin Garat in the Circuit court at Waukegan. Mr. Garat is president of the Garat Manufacturing company, machinery makers, with a plant in Chicago. The first suit was filed Feb. 17, 1931, and the second on May 19, 1931. Each was withdrawn. The same charges of cruelty were made in all three bills.

Ends Sickness From Gas, Acid

Mrs. R. M. Converse of Erie, Pa., says: "I was always tired out and troubled with a lot of gas. Every night I would be awfully sick. I used ACIDINE and it did me much good. I surely am feeling fine now—tired feeling, gas and acid all gone. I am a changed woman."

Mrs. Hilda Estrella of Fall River, Mass., says: "I had terrible pains from gas in my stomach and back. Sometimes I could hardly walk because of it. Then I heard about ACIDINE, and used it. From that day to this I haven't had any more pain."

Ends gas, sourness, heartburn, dizziness, sleeplessness, headache resulting from acidity. Maker guarantees ACIDINE ends your stomach trouble or money back. All druggists have ACIDINE.

SALES EFFORTS BRING RESULTS IN AUTO TRADE

Heavy Interest Shown in New Models.

BY HAL FOUST.

Midway in a week of intensive automobile merchandising dealers yesterday reported evidence of a revival of public interest in new cars. The new Ford and Plymouth and the Chevrolet with reduced prices are receiving the bulk of attention, but there are also a considerable number of visitors to showrooms displaying medium and price models.

At the General Motors exhibit in the Merchandise Mart, Wells street and the river, doormen yesterday afternoon had counted 56,319 persons since the show opened on Saturday afternoon. Popular orchestras are entertaining crowds. Admission is free.

Dealers in all Chrysler units are displaying the new Plymouth and they are reporting a good attendance at their showings.

Reo Dealers Meet. Thomas F. Hay, Reo distributor, held a luncheon meeting for dealers yesterday and announced that a new model in the \$1,000 field will be introduced this week-end. Elijah G. Foxson, general sales manager, was here from the factories for the meeting.

"In a few days," said Al Paehy, manager of the Chicago Auto Trade association, "we'll have some sales figures that will tell whether 1932 is going to be another depression year for the automobile industry or whether the log jam has finally been broken."

Argentine Congressman's Son Is Held for Ransom

[Chicago Tribune Press Service.] BUENOS AIRES, Argentina, April 5.—The disappearance today of Julio Lanini, 16, son of a wealthy land owner and congressman of the province of Santa Fe, was quickly followed by a demand for a ransom of \$5,000 pesos (about \$12,500). The boy's automobile was found abandoned at Rosario.

He Never Even Hoped to be on the Job Today

Up till Dawn... Dining... Dancing

Yet... No "Acid Headache" No Upset Stomach This Morning

THE Law of Good Health says: "Don't overindulge—don't smoke too much, eat too much, drink unwisely."

Science says: "If you do, the QUICKEST, SIMPLEST and EASIEST way to avoid FEELING its results is Phillips' Milk of Magnesia taken this way:

"TAKE—2 tablespoons in a glass of water before bed."

"TAKE—2 tablespoons in a glass of water with the juice of a whole ORANGE when you get up."

Or take six Phillips' Milk of Magnesia tablets, which give the same amount of Milk of Magnesia.

Phillips' Milk of Magnesia neutralizes the excess acid in your stomach and alkalizes its contents. sweetens them; banishes headaches and sour stomach.

Demand genuine Phillips' Milk of Magnesia: either the liquid form or the new, convenient tablets.

PHILLIPS' MILK OF MAGNESIA

Neutralizes the acids that cause "Acid Headaches" and Sour Stomach within 15 minutes after taking!

Treasure Store

LONDON, April 5.—(P)—The earl of Durham has announced he will sell the contents of Lambton castle, County Durham, including the famous "Red Boy" picture, a painting by Sir Thomas Lawrence of Master Charles William Lambton, done by Sir Thomas Lawrence in 1827, and is said to be valued at \$1,000,000.

VICEROY'S SON WINS A DIVORCE; ACCUSES FLYER

[Chicago Tribune Press Service.] LONDON, April 5.—An undetected charge of adultery with an aviation instructor today gained a decree nisi of divorce for Viscount Rotherford, eldest son of Lord Willingdon, viceroy of India. He married Maxine Forbes-Robertson, daughter of the famous actor, Sir Johnston Forbes-Robertson, in 1924.

After the King's Cup Air races last year, Viscount Rotherford said his wife confessed that she loved Frederick Miles, who had been retained as the viscount's aviation tutor in 1930. He said he tried to induce her to forget her infatuation, but failed.

Wife Asks Divorce from Rensch, Capone Henchman

Mrs. Erna Rensch, 4033 Oak Park avenue, St. Louis, filed suit for divorce yesterday in the Superior court against Alvin Rensch, former mayor of the suburb, known as a political henchman of Al Capone. She charged habitual drunkenness, and stated that they separated on Feb. 26, 1931. That was the date on which Rensch started serving a one year prohibition sentence for operation of the La Ruth bungalow, St. Louis roadhouse. As a result of liberties granted Rensch while he was in the Grundy county jail at Morris, Sheriff John Perenco, was sentenced to three months in jail for contempt of court.

CIVIL WAR VETERAN DEAD AT 92. Taylorville, Ill., April 5.—[Special.]—J. M. Milligan, 92, civil war veteran, died last night at the home of his son in this city. He is survived by one son and three grandchildren.

Reproduction of the famous "Red Boy" picture which the earl of Durham will offer for sale. The "Red Boy" is a portrait of Master Charles William Lambton, done by Sir Thomas Lawrence in 1827, and is said to be valued at \$1,000,000.

U. S. AGENTS TELL OF BRIBE OFFER BY CAPONE ALLY

An investigation into charges that Bert Delaney, reputed beer boss for the Capone syndicate on the south-west side, tried to bribe two federal special agents, who were trailing a beer truck, was begun yesterday by Assistant United States Attorney Daniel Anderson. Delaney was indicted with Al Capone and 67 others on beer conspiracy charges last June.

The story of Delaney's alleged attempts at bribery was revealed yesterday by the special agents in their testimony against three men who they alleged were traveling as a convoy behind the beer truck on March 14. After hearing their story United States Commissioner Edwin K. Walker held the defendants to the grand jury. They are August Dold, Nick Trimarco, and Frank Russo.

The three forced the agents' car to the curb at Lake Park avenue and 41st street, according to the charges, and threatened violence. The agents nevertheless continued the chase, they said. At 29th street and Shields avenue their automobile was halted by four cars and they were surrounded by 14 men. Several blows were struck before Delaney arrived, the agents testified. They declared that Delaney offered them money, but they refused it.

BOATS RESCUE 29 MAROONED ON RIVER ISLAND

[Chicago Tribune Press Service.] QUEBEC, April 5.—Thirty lumberjacks were rescued today after being marooned for two weeks on a small island in the lower St. Lawrence when the ice on which they had crocheted from exposure and privation, for the men, only expecting to be away for the day, had few provisions.

When the men crossed the ice in the morning driving twelve horses and sleds it looked as though the ice would hold. During the afternoon, however, the ice melted and there was no way to return. The marooned crew huddled together at night for warmth and used up what matches they had in lighting distress signals at night. Meanwhile they existed on canned soup.

Today's rescue party, headed by E. Roux of Moose Camp, baited the treacherous current as well as the ice for thirteen hours before being able to reach the men with boats. One man was left behind to take care of the horses until it is possible for the animals to swim back to the mainland two miles away.

Can't Get Rested?

Correct Trouble Here!

TOO TIRED to get up. That's a common experience, but unnatural! The cause, doctors discover, is very often... CONSTITUTION... sluggishness! To correct this ailment, doctors advise yeast.

Do you Wake up TIRED?

Millions show this effect of constipation! What they need

Tired when you go to bed? Tired when you wake up? Tired and "no good" all day? Do those three sentences describe you? Doctors have found that abnormal tiredness is often a sign of a very serious kind of inner fatigue. "Intestinal Fatigue," it is called. In Intestinal Fatigue, your system is slowly poisoned by food wastes retained too long. You notice the effects in headaches, "nerves" ... in that slack, listless feeling ... in loss of appetite and pep. But it's actually very easy to correct this evil now. World-famous doctors advise eating fresh yeast! Fleischmann's Yeast is a food. It mixes with the residues of other foods in your body. Softens them. "Tones" and literally strengthens the intestinal muscles to clear them away regularly. Thus yeast brings normal elimination—cleanses the body of poisons—stimulates—purifies. Thus it gives you a keener appetite ... improves your digestion ...

Eat FLEISCHMANN'S YEAST for Health — 3 Cakes a Day

Follow These Rules:

- Each day for 48 consecutive days (except Sunday) the Chicago Daily Tribune will print a United States Crossword Puzzle. All entries must be in by midnight 15 days after Puzzle No. 48 has been printed.
- The Chicago Tribune will pay \$5,000.00 in Cash Prizes to persons who send in the correct answers to all 48 puzzles correctly to win. The prize will be paid to the persons whose entries rank highest.
- This offer is open to everyone—men, women, boys and girls—except employees of the Chicago Tribune and their families. You pay nothing. Just prove your skill.

4. Puzzles are to be submitted only in complete sets. Do NOT send in each puzzle separately. Hold all puzzles until you have the complete set of 48. Then send them to "Crossword, Chicago Tribune, Post Office Box 1830, Chicago, Illinois. All entries must be in by midnight 15 days after Puzzle No. 48 has been printed.

5. Each entry must be sent by First Class Mail, postage prepaid. Entries with insufficient postage will be returned by the Post Office Department. Make your entry simple and neat. Neatness will count.

6. You need not buy the Chicago Tribune. You may copy or trace the puzzles and send them in. The Chicago Tribune may be examined at any of its offices or at Public Libraries free of charge.

7. The judges will be appointed by the Chicago Tribune. Their decision will be final. In case of ties a duplicate award will be paid to each tying contestant.

THE PRIZES
1st Prize.....\$1,000.00
2nd Prize.....500.00
3rd Prize.....250.00
Next 2 Prizes.....200.00 (\$100.00 each)
Next 5 Prizes.....250.00 (\$50.00 each)
Next 10 Prizes.....250.00 (\$25.00 each)
Next 100 Prizes.....1,000.00 (\$10.00 each)
Next 310 Prizes.....1,550.00 (\$5.00 each)
430 Prizes Totalling \$5,000.00

Tune in W-G-N tonight at 10:00 and hear the dramatization of tomorrow's Puzzle. THE NEXT PUZZLE WILL APPEAR IN TOMORROW'S TRIBUNE

REPORTER FINDS A RHAPSODY IN FLOWER SHOW

A Picture of Chicagoland
in Bloom.

BY JAMES O'DONNELL BENNETT.
Fifteen thousand people a day are going to the flower show on Navy pier at the foot of Grand avenue. This superb display, which is really an exposition of Chicagoland in bloom, is so beautiful, so inspiring and so instructive that ten times as many people ought to know about it and daily be enjoying it.

And it is so vast that 150,000 visitors could be receiving the benediction of its loveliness and its serenity without crowding or discomfort.

It is half a mile long and sixty feet wide.

It contains more than 50,000 plants, representing 1,000 varieties, and its large significance is that dozens of the exhibits show the sort of thing you can do in your own back yard and vividly tell you the right way to do it.

\$100,000 Worth of Exhibits.
There are \$100,000 worth of exhibits which it is costing \$50,000 to maintain for the eight days of the show.

Counting today, four more days remain in which to see Chicagoland in bloom under one roof.

The admission is 75 cents; children 35 cents. For the aged there is a wheelchair chair service, and for the hungry a tearoom.

Thus you can enjoy three hours of beauty, wonder, and instruction without "museum fatigue." The doors are open from 10 in the morning until 10 at night. Three hours is about the least time in which you can see all there is to be seen.

The show is conducted with tact and dignity. The fine spirit of its sponsors and managers, the Illinois Federation of Garden Clubs, gives it distinction.

Although many of the exhibitors are commercial florists, the charming scene is cheapened by no vulgar ballyhoo and you are not pestered by peddlers of seed catalogs.

There are not enough guides and lecturers, for the invaluable James Burdett—one of the very few press agents I ever encountered who can talk instructively about what he is engaged to exploit—cannot take on everybody. He ought to have a dozen assistants possessing his knowledge and his skill in impartment.

Work of Art in Flowers.
"See," said he, "these bouquets exhibited in shadow boxes in order to emphasize not only their colors but their harmony of design. They are an art gallery in themselves, for here the composition of a nosegay is as carefully studied as the composition of a painting. They represent the best Japanese tradition in flower arrangement."

Problems in the floral decoration of mantel pieces and dining tables, in the filling of window boxes, and in the planting of back yards and terraces are worked out with equal deftness.

The whole half-mile of gallery fairly sings to you of opportunities that make you eager to set to work at home. All this instruction is to the accompaniment of plashing fountains.

Among the novelties there is even an exhibit showing the treatment, at once decorative and practical, for penthouses and skyscraper roofs.

Plants from the Deserts.
That treatment is all in plants from the American deserts and is worked out with an eye to harmony of plants and building material. Ask for the designer, Franz Lipp, and you will receive much valuable instruction. His exhibit is on the north side of the hall and just opposite the Kentworth Garden club's entrancing design called "New Orleans," a Belasco picture which, in its architecture, its foliage, and its flowers, is worthy of the departed wizard of the stage at his best.

Other exhibits as beautiful I saw, and some of them were so beautiful, so luxuriant, and so delicate that I kept asking Mr. Burdett, "But would that be practical in our climate?"

"Perfectly so," said he, adding, "as these designs for suburban front yards and back yards have stood the test of six years of experimentation by one or the other, or several, of the 65 clubs of the Illinois Federation of Garden Clubs which are represented in this show and which are located in towns within fifty miles of Chicago. Five of the 65 are within Chicago's city limits."

For the Small Place.
Among the exhibits of special inspiration to the small suburban householder is the display of the Freepoint club, in I think, very notable. It is a dooryard treatment in primulas, violets (cousins of the pansy), bleeding hearts, flag iris, thallitrum, bridal wreath, flowering almond, and magnolias, and Mr. Burdett said that, aside from the magnolias, which come at \$10 each, the whole thing could be worked out for \$50. "And it's thoroughly practical," he added. This exhibit is on the south side of the gallery and opposite the gorgeous display from Mrs. Ogden Armour's gardens and greenhouses in Lake Forest.

There are forty practical treatments of practical problems such as the Freepoint club displays. Hence the dominant note of the show comes straight home to the bosom of the

Work of Claude Monet on Display at Art Institute

"The Beach at Saint-Adresse," by Claude Monet, owned by Mrs. Lewis L. Coburn, one of collection being displayed by Antiquarian society of the Art institute at the museum. The exhibit will open this afternoon.

DR. BUTLER BALKS AT STUDENT DEMANDS IN UPROAR AT COLUMBIA

(Picture on back page.)

New York, April 5.—(Special.)—Dr. Nicholas Murray Butler, president of Columbia university, after an interview with a student delegation, this afternoon, refused the demands for the reinstatement of Reed Harris, expelled editor in chief of the Columbia Spectator, and vetoed the proposed impartial student investigation of the John Jay dining room situation.

A formal statement of the interview, issued by members of the delegation, reads:

"Dr. Nicholas Murray Butler refused the demands of the student delegation for the reinstatement of Reed Harris, and called absurd the demand for an impartial student investigation of the John Jay dining room situation."

The delegation was told by Dr. Butler that the expulsion of Reed Harris rested solely on "slandorous charges made against university officials in charge of the dining room."

The campus was thrown into an uproar in the afternoon when Donald J. Henderson, an instructor in economics, at a mass meeting on the library steps urged students to participate in a strike tomorrow and stay away from classes. Later in the day Raymond L. Wise, one of the attorneys for the American Civil Liberties union, announced that Reed Harris "has placed his case in my hands for legal advice and action."

NOTED PRIVATE ART COLLECTION ON EXHIBITION

Antiquarians Sponsor
Institute Show.

BY ELEANOR JEWETT.

One of the most interesting, brilliant, and valuable private collections of paintings in Chicago is that owned by Mrs. Lewis L. Coburn. The Antiquarian society of the Art institute is sponsoring an exhibit of the paintings at the museum. The exhibit opens this afternoon in galleries 52 and 53.

Mrs. Coburn's collection is particularly beautiful. Van Gogh's "Self-Portrait" is superb. We can even forgive him the bandaged ear, token of his self-mutilation, in the light of his fluent play with color.

The "Garden of Arles, France," by Vincent Van Gogh, is a magnificent canvas by this erratic, mad, but inspired genius. The "Beach at Saint-Adresse," by Claude Monet, is particularly beautiful. Van Gogh's "Self-Portrait" is superb. We can even forgive him the bandaged ear, token of his self-mutilation, in the light of his fluent play with color.

A Fine Achievement.
"At the Milliner's" is an exquisite painting by Renoir. A second beautiful Renoir is the "Sur la Terrasse," in the further gallery. Degas, in this same room, has a tantalizing, gorgeous picture, "In the Millinery Shop." A comparison between Degas and Renoir in their handling of the same subject is pure joy.

The exhibit includes water colors and pastels, although the oils are naturally the more important quantity. It will continue through the summer, not closing before Oct. 9. It is an exhibition of such caliber that no one interested in the slightest in painting can afford to miss it. The Antiquarian society is to be congratulated on its undertaking.

15 Hungry Men Attack Baker, Steal His Bread
BUDAPEST, April 5.—(AP)—A baker's apprentice peddling a bicycle with a load of bread was attacked today by 15 hungry men, who took the loaves and fled.

Be Thrifty...
Thousands of men and women would never be without Dr. Edwards' Olive Tablets, a vegetable laxative. Know them by their olive color. 15c, 50c and 60c. All druggists.

PLEASANT RELIEF FROM CONSTIPATION
Shoulders droop under weight of years. Young, yet beauty has fled. Cheeks are hollow and drawn. Unpleasant pimples. Keep your system clean and you keep the beauty of youth. Its irresistible charm. Then life is not a failure.

Charged bowels and inactive liver cause poisons to seep through the system. Health vanishes and with it beauty and energy. Dr. Edwards' Olive Tablets will help you see the light of a new day. For 20 years they have been prescribed in place of calomel to men and women seeking health and freedom from constipation. They act easily and smoothly. No dangerous gripping. Take nightly before retiring. Results will amaze you.

REVISED AUTO WEIGHT TAX BILL IN LEGISLATURE

Measure Designed to Aid
Michigan Counties.

Lansing, Mich., April 5.—(Special.)—The Michigan legislature reconvened in special session today with a completely revised administration bill before it for turning back to the counties the entire automobile weight tax. The measure was offered by Senator Norman B. Horton, Fruit Ridge, administration floor leader, as a substitute for his original bill, which was the target of wide criticism even from administration forces.

The new bill turns over to county boards of supervisors the task of distributing the counties' respective shares of the funds apportioned by the state highway department, apportioning, however, certain mandatory provisions for use of the funds before any portion can be diverted to other purposes. Upward of \$10,000,000 annually in additional highway revenues would be returned back to relieve county taxation burdens under the bill.

Would Relieve Counties.
The first claim on the apportioned funds would be covered road bonds as well as other bonds. Other mandatory uses would be: To pay part of any general tax for county highway or bridge bonds, to reduce taxes levied for township highway bonds, and to pay city and village shares for maintenance of trunkline highways within corporate limits under the 1931 Dytstra act. Any residue might be used, in specified order, for several other highway purposes.

Friction over the form of highway tax relief adopted by the legislature was seen, however, in the appearance

of two other bills not bearing administration approval. Further efforts to broaden the scope of the session were afoot. Speaker Fred Ming of the house told the administrative board that he would ask the governor to send a message to the legislature permitting enactment of a graduated retail store privilege fee, similar to the Indiana law.

College Halts Celebration.
Senator Joe C. Foster, East Lansing, said he will offer a resolution asking the governor to permit legislation curtailing operations of state-owned automobiles. He charged a huge expense is entailed needlessly from this source and declared no one knows how many cars the state owns or how much waste can be traced to unnecessary transportation.

It was announced today by President Robert M. Shaw of Michigan State college that plans for an elaborate celebration of the school's 75th anniversary this year have been dropped in order to save money and cooperate with the governor's program of governmental economy. Coincidentally the house passed the administration measure to reduce the mill tax appropriations for the state college and the university by 15 per cent. The house also reduced from \$100,000 to \$50,000 a 1931 appropriation for advertising the state's resort advantages.

GRANDMA IS ONLY 98 AND CAN WALK ALONE, THANK YOU

(Picture on back page.)

Mrs. Isabelle Germantine, 98 years old, passed through Chicago yesterday bound for Englewood, N. J., and became indignant when a red cap brought a wheeled chair for her as she stepped off the train at the Union station. "I can walk as good as any one else," asserted Mrs. Germantine, who is traveling alone. She was returning from a three years' visit with a son in St. Paul. Other sons live in the New Jersey city. Mrs. Germantine doesn't think that boys and girls have changed much in the last 50 years.

Further efforts to broaden the scope of the session were afoot. Speaker Fred Ming of the house told the administrative board that he would ask the governor to send a message to the legislature permitting enactment of a graduated retail store privilege fee, similar to the Indiana law.

The Woman Hater

BY MAY EDGINTON

SYNOPSIS.

Faire Chapelle is the stepdaughter of Ma Chapelle, who owns Flaxen's Casino, a café of ill repute, near the waterfront of Port Bal. Faire and Ma's daughter by her first husband of dubious color, assist in Flaxen's. The Chapelles are looked upon as outcasts by respectable island residents. Faire feels their attitude keenly because her father was of unimpeachable antecedents. He had brought her as a little girl into these unsavory surroundings and left her there at his death. She has kept aloof from all that Flaxen's represents.

Sir Philip Persian is governor and commander in chief of the Tama Islands, Bal and St. Rosario. His young secretary and ward, Robert Grand, is involved in an affair with Mira Worcester, a faded beauty. Her husband has become suspicious. Sir Philip is anxious to save the boy from a scandal. Ma Chapelle, the governor's old camp-follower, forces Faire through threats, to accept Mira's suit. Sir Philip is furious when he hears what Books has done, and sends Faire to try to make amends. He arranges passage for her to London, where her sister, Sheba, now Lady Rosewood, a widow, owns a famous beauty salon. Sheba takes Faire into the business. Ma Chapelle, who was a former auditor of Sheba's, is sent home to London. Mira, who has returned to London, arranges a malicious gossip about Faire, which Faire will not deny because of her affection for Sir Philip and her promise to him of secrecy. An estrangement develops between the sisters. Among Sheba's many clients, ending the fourth of youth, is Mary Overman, recently widowed, with whom Sir Philip had a youthful affair, and feels honor bound to marry after his term expires. She is attracted to Faire, and calls her to her home to give her treatment. Sir Philip returns.

INSTALLMENT XXXIII.

A QUEEN FOR A NIGHT.

"This evening is something quite new to me," Faire said. "Sheba gave one or two little dinners when I first came, but the season was nearly over, and soon she went north."

"But, Faire."

"Yes?"

"Other men?" Philip said, looking before him.

"I have never gone out to dinner with a man in my life till now."

"Why not?" he asked, still looking before him.

"I had a feeling . . ."

"What feeling, dear?"

"Of saving myself."

"My God!" he said desperately. "For what?"

"For this one evening, I think, with you. Something must have told me it must come."

"But after this one evening?"

"After this one evening, I will live differently. There is nothing to save myself for, is there? After this evening?"

"For a few moments he was silent; then he said briefly:

"We won't talk like this. It's too dangerous for us both. You must take all you can of life, Faire. There is such a lot in store for you. You mustn't run away, hide away, from anything. I love your pride that is like a proud nun, but you must save nothing more for me."

"No."

Yet their hands touched under the table.

"I'm proud you've saved this, Faire."

"It's such a little thing."

Their minds were turbulent with thoughts of all that she had saved—not only the formality of a restaurant dinner table, "such a little thing." But in them both was the same resolution, and none of this turbulence spilled over by so much as one word.

The service began, bringing some respite from the turmoil of thought that weaved itself, as thread on a loom, between them.

Persian looked after her minutely, with a quiet passion of care, so that she might know for all time how for this night she was queen of his world.

"News of Port Bal," she asked presently, when they were happier, contented just in comfort, eased in each other's company.

He told her who the new governor was. . . . "He has a lady, and the women are looking forward to a proper social life at government house. There will be all sorts of changes to interest the island."

"And Bobby Grand?"

He told her quietly. "O, Bobby is remaining on the staff. I gave him a wonderful recommendation to all concerned! He sent you his salaams if you cared to have them."

"Thank you. I'll take them. I wasn't a bit angry with poor Bobby."

"Only with me."

"I knew afterwards. You wanted to save him," she said, and she nearly said, "from what is happening to you." But she stopped in time.

"Yes. It was an obsession with me."

"And Flaxen's?"

"Going on gayly. I left it to the mercies of the new governor—far tender than mine."

"It is all very far away."

"And the rest of your news?" he said. "Books is in London?"

"Yes."

She felt his taut fierce desire for knowledge of her and Books, and after a while she said:

"He is, and has been for years, crazy about my sister Sheba."

"And she?"

"She despises him, but she loves him."

Then she slipped her hand into his under the table of her own accord and said:

"I could not love a man whom I despised."

"Many women can," he said steadily, holding the hand tight.

"Will she marry him?" he asked later.

"I think she will. That is, if she never knows the truth about the affair at Port Bal."

"You haven't told her?"

"Of course not."

"Dear. Why?"

"You."

He could only say again, "Dear!" in a voice stifled with wonder and passion.

"It matters so little," she said. "It is over. And if she loves him, why spoil things for them?"

"I would like to spoil things for him," said Persian.

But she said: "No, please. I want no quarter. And so much gets destroyed, doesn't it? Let us leave things alone."

"Yes," he said slowly. "So much gets destroyed."

"I'm all for salvage. One learns."

"My dear. My dear."

They sat over coffee and cigars, strangely happy and calm.

"We'll go on and dance," he said, "shall we?"

"I want to."

He thought: "I shall have her in my arms. She'll be mine."

They rose and went out. The car waited.

"Circus, I think?" he said.

"I don't know. I know nothing," she answered ignorantly, and laughed.

"Circus," he directed, and they slid away, out of the narrow street . . . something gone, hours gone, that could never be repeated. The evening was leaving them, dying. This first and last rapture was dying, and he felt it was a savage poignancy.

Again it was new to her to go into Circus. They had a table at the end, where they could watch—if they had eyes for such banal watching—every one come in.

"Do you like the pleasure world?" he asked. And she replied: "I don't know," unlearning for anything save him.

He ordered for them, and then said:

"I want you to like it. I want you to make the best of all that the world has got for you. For you have had nothing yet, Faire. I want you to know the reward of being beautiful—because you are beautiful—and to know success, and happiness, and love."

She did not reply, only suddenly began to think how short was the time before them now. It was nearly midnight. In a few minutes would begin the day that would take him from her forever.

"I think I'll ask Sheba to let me have some experience in her Paris branch," she said.

"Yes. I want you to have a lot of experience. Learn people and know that you—haven't missed so much after all. There's time to make up everything."

She gazed out in the room. "Time to make up everything!" . . . Not many people were dancing. "Come along while there's comfortable space," he said abruptly.

She had dreaded and yet longed for his arm tight about her.

A FRIEND IN NEED

BY SALLY JOY BROWN.

Request for Old Sheet Music.

"We are making a complete record of songs, old and new, and would appreciate any sheet music you read—may have to discard. We don't

care how old or new it is, and will have use for classical or popular songs, folk songs, etc. F. N."

I am sure your music cabinet contains a wealth of old and new sheet music which you probably will never use again. Won't you donate it to this group engaged in such an interesting pastime?

Meat Loaves Food Expert's Subject Today

Various Good Features Enumerated.

BY MARY MEADE.

Tomorrow's Menu

MORNING
Stewed Prunes with Lemon Juice
Scrambled Eggs
Rye Toast
Cream Cheese and Strawberry Jam
Milk
Coffee

NOON
Vegetable Soup with Water
Fig and Nut Sandwiches on Whole Wheat Bread
Hot Chocolate
Milk

NIGHT
Beef Loaf
Baked Potatoes
French Fried Mushrooms
Red Kidney Bean Salad
Chocolate Pudding
Milk
Coffee

Meat loaves are such nice, handy things that I'm going to devote today's space to praising them and giving a hint or two about their culture. To my mind, there have always been several points about them that are distinguishing: They are just as good cold as hot; they will serve an indefinite number of people, as half a dozen chops will not, and they may be plain and thrifty, or festive as you like.

A simple beef loaf is made from 2½ pounds of round steak, run through the butcher's machine twice, a teaspoon of pepper, cup of milk, a tablespoon of salt, two eggs, ½ teaspoon of sage and a cup of cracker crumbs. Beat the eggs and add them to the ground meat. Then add the milk, the seasoning, and the crumbs. You may not like the idea, but I have found that you can mix the ingredients thoroughly and in a minimum of time with the hands, squeezing the mixture through the fingers till there is no chance of the sage congregating in one spot.

Then mold the meat into a loaf and bake it on a large greased pan for 45 minutes, having the oven hot for the first five to ten minutes. I have a round platter, so I make a round cake of the meat, and surround it, on the platter, with French fried mushrooms. These are the caps of large ones, peeled and soaked in milk for an hour, then rolled in flour, and fried in deep fat till they are crusty and brown.

If you like the outside crust of the meat, this way of baking it in a cake multiplies the exposed surface. If, however, you like the softer inside, the loaf may be baked in a bread pan. A beef and pork loaf that has a different taste is made from 1½ pounds of chopped beef, ¼ pound chopped pork; an onion, also chopped, a green pepper, and seasoning. Heat a covered pan so that it sizzles when tested with water. Seal the meat and bake for half an hour. Then add the potatoes and carrots to it, and bake till the vegetables are done, which ought to take thirty to forty minutes.

If you prefer, you can incorporate your vegetables with the meat. A suggestion for such a meat and vegetable loaf—though here the "meat" is fish—calls for a can of salmon broken into pieces and boned, a can of corn, a cup of cracker crumbs, 2 eggs, beaten, a cup of milk, butter and seasonings to taste. Bake one hour in a shallow oven. This adds a vegetable to the meat, as well as featuring a combination that is excellent: Corn and salmon. Peas, the smallest size of sifted ones, drained, might be substituted for the corn. Purée of pure, hot cream of salmon, the salmon loaf, adds a touch to that tomato sauce does to a beef loaf.

Sow Lawn Seed NOW!...

WHEN the ground is moist and the nights cool seed will sink in and germinate under most favorable conditions. Sow 1 lb. of Vaughan's Chicago Parks and apply 10 lbs. of Vaughan's Lawn and Garden Fertilizer to each 300 square feet.

New State Law Protects You

It requires all lawn seed mixtures to bear labels showing just what they contain. This protects you from unknown, inferior mixtures containing cheap adulterants. Read the label, and insist on Vaughan's Chicago Parks, which is sold by reliable dealers everywhere and has been for fifty-four years the standard blend of fine lawn grasses, best suited to make permanent lawns in this section.

Vaughan's Chicago Parks Lawn Seed

Contains Kentucky Blue Grass, Red Top and White Clover of the highest quality. Our Columbia mixture is a companion mixture for shady places. Price, 1/2 lb. 25c; 1 lb. 50c; 5 lbs. \$2.25; 10 lbs. \$4.00.

Vaughan's Lawn and Garden Fertilizer

This is a rich, quick acting, odorless mineral fertilizer of the formula 6-4-4 (4 parts nitrogen to 6 parts phosphoric and 4 parts potash). 10 lbs. 90c; 25 lbs. \$1.90; 100 lbs. \$4.75.

3 Mock Orange Bushes, \$1.25

These are Philadelphia grandiflora, the famous mock orange, 4 to 5 feet, regular price 75 cents each. It is time to plant shrubs now.

2 Climbing Roses, \$1.25

You choose from these famous varieties: American Pillar, Dorothy Perkins, Flower of Fairfield, and Silver Moon. Regular price 80 cents each. Your choice of two for \$1.25.

WINNIE WINKLE, THE BREADWINNER: Giving Him the Air

Official Contract

By Charles True Adams

(International bridge authority; author of "Official Contract at Sight")

Those of you who went over yesterday's play-a-problem, of course, spotted the squeeze play immediately and did not have the slightest trouble in making it. This was the hand:

NORTH
—A,5,3
—K,10,8,7,6,5
—A,10,8,3
—A,7

EAST
—K,10,8,7,6,5
—K,10,8,7,6,5
—K,10,8,7,6,5
—K,10,8,7,6,5

SOUTH (Dealer)
—A,5,3
—K,10,8,7,6,5
—K,10,8,7,6,5
—K,10,8,7,6,5

South dealt and bid a heart. West

If you do not intend to make vegetables with your loaf, one of the best things on which to cook it is a pancake griddle, upside down. The raised edge makes a little trough for excess fat [which there is when pork is included in the recipe], and the heat gets to the meat without interference from the sides of the pan.

And remember, that if, for any reason, you must postpone the setting of your meat loaf, you had better bake it and eat it cold rather than let the meat stand for any length of time. Chopped meat has the fibers cut and broken so that decay easily sets in.

More Gifts Help Provide Lunches for Needy Pupils

A Sunday school, a reading and study club, and a company devoted to books for children, which has sent weekly contributions for months, made contributions to the Hungry School Children's fund yesterday. This brings the total received by the fund to \$44,838.15. Most of this has been expended, however. Further contributions are welcomed so that free lunches for needy children may be continued at least until the close of school.

Acknowledgment is made of the following gifts:

\$14.50—The Bookhouse for Children.
\$10—Anonymous, Mrs. W. J. Watson, Mrs. O. L. Schmidt.
\$5—The Reading and Study Club.
\$2.81—The Julia Gay Memorial M. E. S. S.
\$1—Mrs. E. Branch, Jessie Kendall, S. B. Total . . . \$44,838.15
Previously acknowledged . . . \$4,339.84

Grand total . . . \$49,177.99
Contributions should be sent to the cashier of THE TRIBUNE, Tribune Tower.

overcalled with a spade. North made a jump shift game demand bid of three diamonds. East passed. South rebid his hearts. West now passed and North again denied the hearts, this time with a bid of four diamonds. North might have made a denial by bidding three no-trumps which would have served the same purpose and perhaps given a little better picture of his hand. He did, however, want to assure South that he held five cards in the diamond suit. After East's pass, South again rebid his hearts, this time by a bid of four hearts. This last rebid of South's plainly shows North that South holds at least six cards in the heart suit. His first rebid has affirmed five and his second rebid has affirmed six. West again passed. Now knowing that South has six hearts in his hand, North is perfectly able to support with but two. He, therefore, immediately jumped the bid to six hearts for the little slam, after which East, South, and West passed.

West opened the ♠ K, which dummy took with the ♠ A. East played the 5 and declared the 4. Dummy then led the ♠ 9, East played the 4, and South finessed the ♠ J, which held. South then led the ♠ 8, taking the trick with the ♠ A in dummy. Dummy led back the ♠ 2, East played the 10, and South the ♠ Q. To the fifth trick South led the ♠ A, clearing that suit and dropping East's ♠ K. South then proceeded to lead out the ♠ 8, ♠ 7, ♠ 5, ♠ K, and ♠ Q. At this point in the game dummy held the ♠ A-J-10. West held the ♠ K-Q and the ♠ 9. The stage is set for the squeeze.

South now led the ♠ 10. If West discards the ♠ Q, South will then lead the ♠ J and follow with the ♠ 9 to dummy's ace. If, on the other hand, South discards either one of the two diamonds, South will lead the ♠ 9 to dummy's A, dropping West's 10 and then lead the ♠ J from dummy for the other trick. Either way North and South make seven odd—their little slam and one extra trick. Here is tomorrow's play-a-problem:

NORTH (Dealer)
—None
—A,10,8,7,6,5
—A,10,8,7,6,5
—A,5,4,3

WEST
—A,10,8,7,6,5,3
—K,10,8,7,6,5
—K,10,8,7,6,5
—K,10,8,7,6,5

EAST
—K,10,8,7,6,5,4
—K,10,8,7,6,5
—K,10,8,7,6,5
—K,10,8,7,6,5

SOUTH
—Q
—K,Q,J,3
—K,10,8,7,6,5
—K,10,8,7,6,5

Bid and play this hand and compare the result with that printed tomorrow.

Prevention Is Best 'Cure' for Plant Disease

BY PAUL POTTER.

Frequently a garden crop will present some trouble that cannot be charged against insects, rodents or weeds. In such cases as abnormal rotting, diseased plants, dead or shriveling leaves not due to weather or insect injury, one needs to look into the causes—for either fungi or bacteria in the seed or plant tissues are at the base of the evil.

A fungus is a plant unable to manufacture its own food, a parasite. Fungi cause leaf spots, blights, cankers, rots, rusts, smuts, etc., on garden or field crops. Bacteria also may cause these as well as such diseases as blackleg in potatoes. Often microscopic examination is necessary to determine the form of the attacker.

The best route for amateur gardeners to follow is to prevent such occurrences. Most varieties of garden crops susceptible to disease are now known and new varieties resistant to such trouble have been developed. The condition is spread through

spores on dead plants, by means of the seed, or through wintering over in the soil.

Preventive measures, then, include burning off all vines of potatoes, tomatoes and such crops in the fall, selection of disease resistant seed, treatment of seed to destroy possible existing diseases, or the changing and rotating of crops in the garden area. Most gardeners need pay little attention to this worrisome problem of the commercial vegetable grower. It is well, however, when a garden is continued year after year in the same location, to vary the position of various crops. There is another advantage in that such crops as beans act somewhat as soil builders. Potatoes are most likely of all crops to need seed disinfection unless their source is known to be free of disease.

"No KISS . . . until you wipe off that PAINT"

"THINK of my husband saying that! And he wasn't joking either. My lips repulsed him just when I was trying to look my prettiest!"

Have you that painted look? Perhaps you don't even notice it yourself! . . . Colors that look pretty by themselves or on other women may be actually revolting on your lips!

Correct this fault at once. Don't ever use ordinary lipstick again . . . from now on, Tangee your lips!

Tangee can't possibly give you that painted look. It isn't paint. It changes color on your lips to match your individual complexion. It brings you new loveliness and charm.

And it's permanent—won't smear off. Its cold cream base soothes and heals your lips.

Get Tangee at your druggist or cosmetic counter. For Miracle Make-up Set, containing purse size samples of Tangee Lipstick and Rouge—send 10c to The George W. Luft Co., Dept. T33, 417 Fifth Avenue, New York, N. Y.

TANGEE

Cheeks Mustn't Look Painted!

Tangee Rouge changes on the cheeks—just the way Tangee Lipstick changes on your lips. It gives the color most becoming to you. Tangee Rouge keeps your cheeks from looking painted. When you get Tangee Lipstick, ask for Tangee Rouge.

She never omits her DAILY BATH-

-Yet she wears underthings a second day

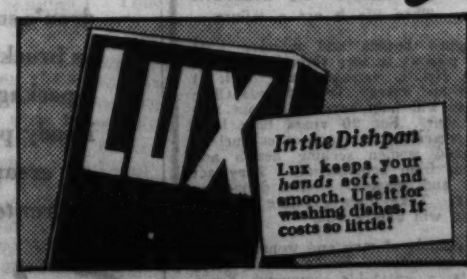

FRESH AS A ROSE, she steps from her tub and then—too often she puts on lingerie stale with yesterday's perspiration!

And, of course, she perspires again today. Everyone does, at least a little. All too soon other people get that penetrating hint

Don't risk offending in this way! Lux takes away acids and odors completely—yet so gently that it cannot harm the finest fabric or the daintiest color. Lux underthings and stockings after every wearing. This dainty habit takes only 4 minutes or less!

Wash this 4-minute way! One tablespoon of Lux does one day's underthings—stockings, too. Squeeze lukewarm suds through fabric, rinse twice, shake out.

Avoid ordinary soaps—cakes, powders, chips. These often contain harmful alkali which weakens threads, fades colors. Lux has no harmful alkali. Anything safe in water is safe in Lux.

LUX removes perspiration acids and odors—yet Saves Colors

MISS FRANCES BOSWORTH BECOMES BRIDE OF DR. TREVOR C. STAMP OF LONDON

Dr. and Mrs. Trevor C. Stamp after wedding at the home of the bride's parents, Mr. and Mrs. Charles H. Bosworth of Evanston. The couple will sail for England on Friday.

Parents of the wedding couple after ceremony held in library of Bosworth home.

(TRIBUNE Photos.)

"Police Court" Is Compelling Movie with Hollywood Plot

"POLICE COURT."
Produced by Security.
Directed by Louis King.
Presented at the Castle theater.

THE CAST.
Nat Barry.....Henry B. Walthall
Julius Barry.....Leon Henry
Diana McDonald.....Alice Pringle
Harry Field.....King Baggett
Uncle Albert Furman.....Lionel Belmore
Skeel.....Al St. John
Judge Robert Webster.....Edmund Breece

By Mae Tinee.
Good Morning!

A compelling little movie with a Hollywood background is over at the Castle this week.

You'll like it for the story, which the initiated will recognize as having been founded on fact; you'll appreciate the acting, which is splendid on the part of all concerned; you'll be honestly glad to see the faces of those one-time favorites, H. B. Walthall, King Baggett, Edmund Breece and Alice Pringle (she's let her hair go back to its natural dark shade and is beautiful once more), and you'll agree with me that the direction is unusually deft and sympathetic.

"Police Court," which has appeared in the east under the title of "Fame Street," tells a father and son story. The father is a one-time famous stage and screen star wrecked by drink. He is adored, and cared for like a baby, by his little son [that remarkable child actor Leon Fannee], who haunts the studios to beg roles for his dad, and spends the rest of his time getting Nat Barry in shape to play.

The first scenes take place in a police court. Here, kindly and understanding Judge Webster (memorably characterized by Edmund Breece) is about to sentence Nat to six months in jail—believing this the only way to get the man he had once so greatly admired on his feet, when in dashes young Barry:

"Please, judge," he begs, "just give me one more chance! I've got Dad a part at the—Studio and he has to go to work in the morning. Please judge—just this once—Nat gets his chance—and I don't

want to tell you any more about what happens. Though the picture is mighty moving, it is not without laughs. One of the funniest incidents seen recently occurs in a speakeasy where most unexpected developments result from the inability of a weeping soldier of the flask to say "Black bug's blood."

"YOUNG BRIDE."

Produced by R. E. G. Pathé.
Directed by William Selig.
Presented at the State-Lake theater.

THE CAST.
Allie Smith.....Helen Twelvetrees
Charlie Rizzo.....Eric Linden
Mabel.....Arlene Judge
Fede.....Chiff Edwards
Mike.....Keto Ales
Dale.....Polly Walters
Miss Gordon.....Blanche Frederici
Sheila.....Allan Fox

KIND: Drama of the taxi dance halls.
QUALITY: Mediocre.

ACTING: There is nobody on earth who can be as limp as Helen Twelvetrees, just hand her an ingenué rôle such as she has here. You can't feel sorry with her because you're so exasperated with her. Eric Linden overplays unpleasantly. Best work is done by Arlene Judge—who should have had the feminine lead. Here's a girl with pep and intuition as well as good looks. Remember her in "Are These Our Children?" She's to play opposite Eric Linden in her next picture—and that young man had better get her to his too cocksure self and quality to be her teammate. Blanche Frederici and Edmund Breece do supporting bits effectively.

STORY: Much on the order of "Bad Girl." The heroine is a librarian who loses her head to a dance and billiard hall lather. With Sally Eilers and James Dunn in the leading rôles this might have made quite a picture.

DIRECTION: So so.
DIALOGUE: Not bad.
PHOTOGRAPHY AND SOUND: O.K.
AUDIENCE APPEAL: Well, if I'm the audience—NO!
See you tomorrow.

Film Time Table

Feature pictures are presented on the following schedules at the first run houses today:

CASTLE—A. M.: 8:30, 9:45, 11:00. P. M.: 12:30, 1:45, 3, 4:15, 5:30, 6:45, 8:15, 9:30, 10:45.

UNITED ARTISTS—A. M.: 9:25, 11:40. P. M.: 1:47, 3:54, 5:51, 7:58, 10:15.

Hope Lost Capital of Agade Empire Has Been Located

Discovery of what may prove to be part of the lost capital of the empire of Agade which flourished more than 2,700 years before Christ was announced yesterday by the Field Museum of Natural History following receipt of word from the Field Museum-Oxford university joint expedition to Mesopotamia. The mound is in the desert of Iraq and excavations have been begun, according to the communication from Prof. Stephen Langdon, in charge of the expedition. Agade or Akkad, called the "dream city of Mesopotamia," was the home of King Sargon, himself once believed to have been merely a mythical character. The ruins now believed to be Agade are a few miles from Kish, ancient city upon which the expedition has been successfully excavating for ten years. The mound now being worked apparently abounds in inscribed tablets of Sargon, founder of the empire, which once dominated the whole of western Asia, Prof. Langdon stated.

Salary Cut Has Bad Effect on One Husband

BY DORIS BLAKE.

"When I married two years ago my husband made a fair salary. For a few months everything ran smoothly. Last year he was forced to accept a new position at a much lower salary. I went back to work in order to make things easier for him. He has been depressed, I'll grant, but no matter how much I try to cheer him and make him see things are not so bad for us, it does no good. Sometimes he does not speak a word to me during our meals.

"To make matters worse, I have met a fine young man at my present place of business. It makes me wish my husband would be as pleasant as this young man. I simply can't go on living the way we're doing now. It's making a nervous wreck of me."

—G. B.

Campfire Girls to Hold Grand Council on Friday

Chicago Camp Fire Girls will hold a grand council fire Friday night at Orchestra hall. The program has been arranged for girls of the organization, their parents and friends. An operetta, "Hansel and Gretel," based on the libretto of the Humperdinck opera, will be presented by the West Suburban Theater Guild, of which the Lombard Camp Fire Girls are members.

Couple Will Sail Friday

Dr. Stamp and his bride will sail Friday on the Olympic for England and will be at home after May 15 at 57 Rivermead court, Hurlingham on the Thames, London.

League Play Tournament

The Chicago drama league high school play tournament will be held today and tomorrow in Curtis hall of the Fine Arts building. The finale will be held on Saturday evening. Six high schools are participating in the tournament.

Miss Bosworth Becomes Bride in Pretty Ceremony at Home

BY JUDITH CASS.

OF INTERNATIONAL interest was the marriage yesterday of Frances Bosworth, daughter of Mr. and Mrs. Charles H. Bosworth of Evanston, and Dr. Trevor Charles Stamp, son of Sir Josiah and Lady Stamp of London. The double ring ceremony was performed by the Rev. Paul Austin Wolfe of the First Presbyterian church of Evanston in the presence of about one hundred relatives and close friends in the vaulted ceiling library of the Bosworths' nice, old fashioned house at Michigan avenue and Hamilton street in the north shore suburb.

Southern smiles covered one wall of the room before which an altar had been set up. Numerous wrought iron candelabra, each holding 8 or 11 lighted candles, gave the room the appearance of a small chapel. The bride wore a gown of antique ivory satin, made on severe lines and of the utmost simplicity, with long, tight sleeves and a court train over which hung an eight yard tulle veil with a panel of old Limerick lace. The same old lace, a family heirloom, fashioned a Dutch cap which held the bride's lovely golden hair in place. She carried a sheaf of calla lilies.

Society Sees Makeup Methods

It was too bad the Drake ballroom wasn't filled for the affair given yesterday afternoon for the benefit of Emerson House, for it was a delightful and entertaining affair and, for one, was very sorry not to be able to see the whole thing.

But yesterday was a very busy day socially, which explained, no doubt, why there weren't more in the fashionable audience to see society's prettiest demonstrate how faces should be made up to match costumes and how any woman can wear any color, if only her makeup is correct. The program, arranged by a famous beauty expert, opened with a short talk about the work at Emerson house by young Mrs. Louis C. Sudler (Mary Barnes), vice president of the board, who also modeled later.

Then the correct way to make up the face and reducing and rejuvenating exercises were demonstrated by experts, after which the fashion show commenced. Before I left the pretty Nell Behr, Mrs. John D. Ames, Miss Jane Schuttler, Mrs. W. Irving Osborne Jr., Miss Elizabeth Poole, Miss Ruth Crosscut, Mrs. Conway Olinsted, and Mrs. Lloyd Latlin.

This afternoon and tomorrow evening gown. Later, on the program, which was held an hour late in starting, unfortunately for busy women, were Mrs. Lawrence Williams, Miss Edith Behr, Mrs. John D. Ames, Miss Jane Schuttler, Mrs. W. Irving Osborne Jr., Miss Elizabeth Poole, Miss Ruth Crosscut, Mrs. Conway Olinsted, and Mrs. Lloyd Latlin.

The crowd of Arts club members who packed the club lounge yesterday morning to hear Mme. Gella Schreyer's analysis of "The Blue Four" a few others.

(Continued on page 23, column 3.)

Former Grand Duchess Passes Through Chicago

Grand Duchess Maria of Russia, first cousin to the late Czar Nicholas, passed through Chicago yesterday. She was en route from her home in New York to Milwaukee, where she is to speak on "Russian Palaces and Their Inhabitants." The grand duchess, wearing a two piece blue crepe suit and hat of straw to match, posed for photographers, advising them in the best American manner "to make it snappy." The visitor was the former wife of Prince Wilhelm of Sweden and a recent fashion designer of New York and Paris.

NEW YORK SOCIETY

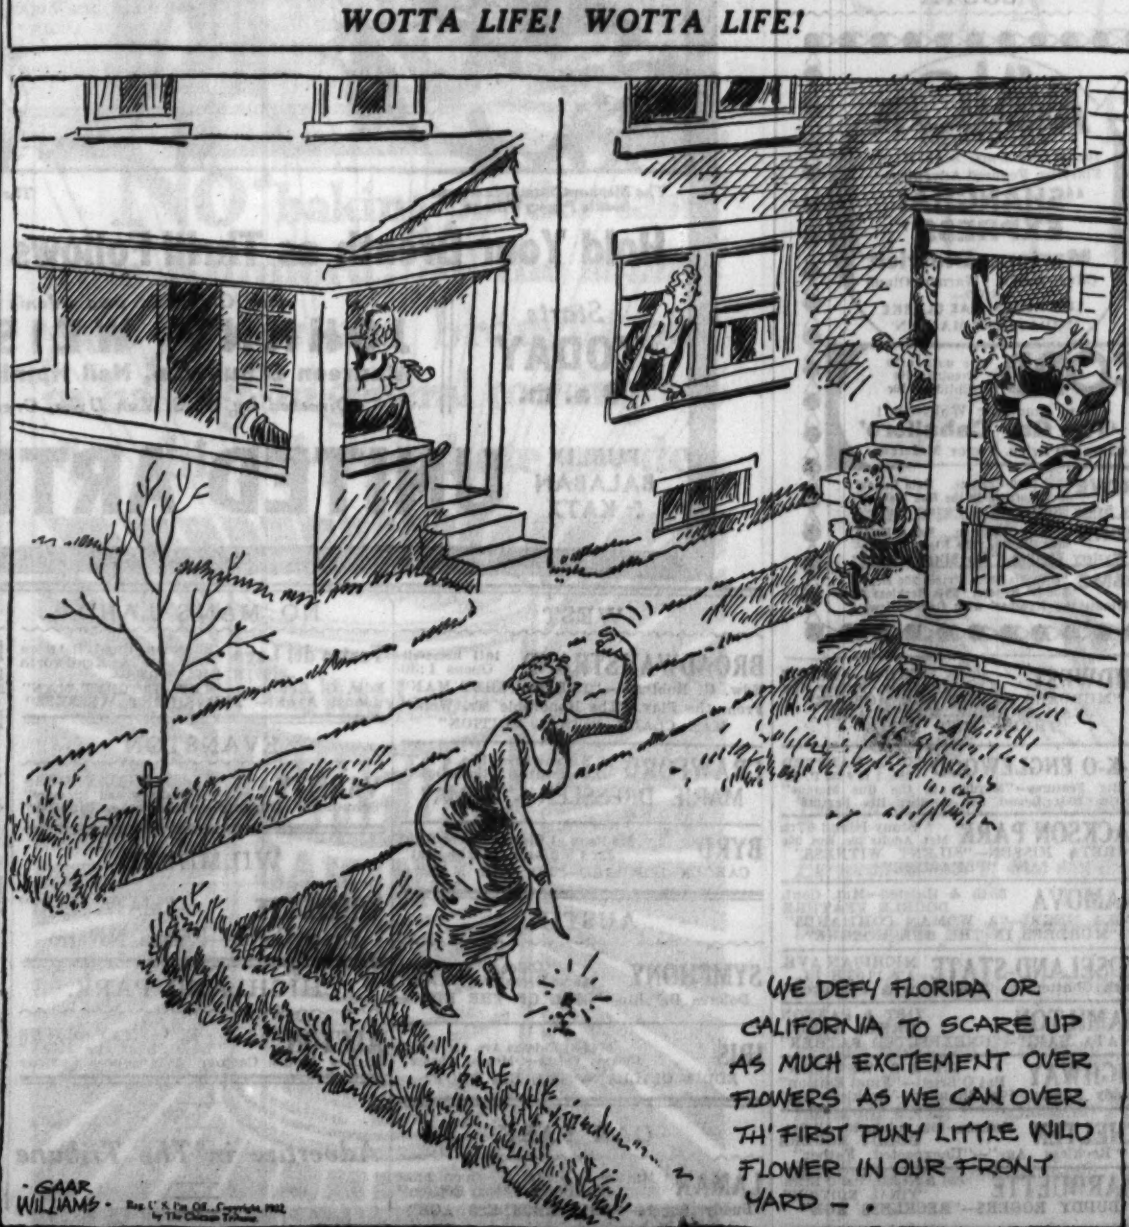

New York, April 5.—[Special.]—Mr. and Mrs. Perry Belmont left for Washington today.

Mr. and Mrs. H. Nelson Slater have opened their place at Locust Valley, Holy House, for the season.

Mr. and Mrs. Griswold Thompson will sail on Friday for Paris.

Mrs. Archibald C. McIlwaine and her sons are, for the present, at their camp at Tupper Lake.

Mrs. Thomas H. Blodgett has opened her house at Great Barrington. Her son-in-law and daughter, Mr. and Mrs. Livingston Hall, are with her for the present.

WE DEFY FLORIDA OR CALIFORNIA TO SCARE UP AS MUCH EXCITEMENT OVER FLOWERS AS WE CAN OVER TH' FIRST PUNKY LITTLE WILD FLOWER IN OUR FRONT YARD.

—CARP WILLIAMS.

Finds Mystery Story Writers Running Amok

Can't Confine Themselves to Few Crimes.

BY MORTIMER QUICK.

Mystery story writers are running amok lately. Two murders and a suicide is now a conservative average per book and most of them not such awfully good murders either. It is easier to understand the suicides.

In "Tragedy of X" (Viking Press) Barnaby Ross bumps off his quota expertly and when you finish the book no slightest circumstance is left unexplained. On page 87, the jacket asserts, you have all the clues, but I, who am no mean sleuth, give you to page 330 to detect the criminal.

On that page Mr. Drury Lane, something new in crime solvers, gets his man and you'll be quite surprised at who he happens to be. Mr. Drury Lane is an eminent, retired actor who dallies in detection to fill his rather eventful days. Shakespeare is quite a help to him and the police no hindrance. More of his exploits are promised and when you have read this first fruits of his prowess you will eagerly await the others.

Benevolent murderers are also rather in fashion and in "Murder Between Drinks" Angelica Gibbs (Morrow) gives a lively account of what to do when you are tired and sick of being blackmailed. She does it very well with a lot of amusing detail and queer characters and you do so hope that the murderer will escape the consequences of his crime.

In "The Devil Drives" (Knopf) Virgil Markham has written a real and fairly reasonable thriller. No black-mail could be blacker than the variety that figures in this story and more different sorts of dastardly deeds are planned and accomplished than ought to seem probable. But Mr. Markham is skillful and achieves a surprisingly authentic atmosphere. If you like gangsters, nice little girls, reckless heroes and cached jewels this one will please you.

A. Fielding has an easy and plausible way with him and his Inspector Pointer of Scotland Yard is a pleasant and intelligent fellow. He solves a first class mystery in "The Wedding Chest Mystery" (Kinsey), though he does introduce a red herring or two that are a little strongly scented for their real importance to the story. The villain of the villain is so well developed that you may have thought him rather a nice fellow up to the very end. This is a true detective story in the old and highly approved manner. Murder in Hollywood is the theme of "Stars of Earth," by Octavus Roy Cohen (Appleton). Besides being a very good mystery it sounds as if Hollywood might be like that and thereby the book becomes doubly interesting. Hanvey, Mr. Cohen's fat detective, moses to victory through fantastic scenes, but the picture of Hollywood's business and bunks aspect is very convincing and will make you like the book for more than its assorted murders.

Since we are dealing today with murder and suicide, two books, not mysterious at all, but written with singular clarity, may be included in the list. Joanna Cannon is preoccupied with noncriminal murders. In "No Walls of Jasper" she laid bare the so-called soul of a man who reasoned himself in and out of patricide without any of that guilty feeling which is supposed to corrode the conscience. In "Ithuriel's Hour" (Doubleday-Doran) a hale and hearty sportsman kills lustily to achieve his heart's desire. Neither at the moment of killing nor after does he conceive of himself as a murderer. The means are so justified by the end that he superbly ignores them. To see how this can be done you must read the book. It is a story of conquering, an unsealed peak in the Himalayas and to the layman it seems most expert in its knowledge of the exacting art of mountain climbing. It is full of exciting and picturesque detail and the men who climb together are hit off with sure and vivid touches. It is recommended as an unusual and distinguished book, not, perhaps, to the mystery story fan, but to the seeker after a really good novel in a rather lean year.

Mayer, Movie Boss, Cupid to Keaton Family

BY GEORGE SHAFFER.

(Chicago Tribune Press Service.) Hollywood, Cal., April 5.—[Special.]—Louis B. Mayer, grandfathers boss of the Metro-Goldwyn-Mayer studio, emerged from the hazy background of yesterday's Buster Keaton-Natalie Talmadge family ruckus as the benign cupid who really reunited Buster and his two sons in the San Diego police station with their tearful mother in the Los Angeles district attorney's office.

It was not through admissions or wishes of his own that Mr. Mayer was revealed as the man who pulled the strings that stopped Keaton this side of the Mexican border in his southward dash with the couple's two children.

Instead it was persons at the Los Angeles courthouse who admitted the debt way Mr. Mayer threatened the

marital skein of the long married Keatons in spite of obstacles to a reconciliation.

When Mrs. Keaton first found out early yesterday that her husband and the children had vanished from the Keaton home she first asked help from her sister, Constance Talmadge (Mrs. Townsend Nether). By the time Mrs. Keaton had arrived to confer with District Attorney Burton Fitts in downtown Los Angeles where Constance Talmadge had expressed sisterly indignation, Mr. Mayer had already got busy with the police and sheriff's detachments of two California counties. Mr. Mayer put through some good long distance advice to Keaton, who disembarked from a plane with the two boys in San Diego.

As Buster Keaton is one of the high priced stars dependent for their fat salary checks on Mr. Mayer's paymaster, Buster was content to listen while Mr. Mayer spread the oil of diplomacy. This oil was so effective that it induced Keaton to drive back to Los Angeles with the children; it induced Mrs. Keaton to drop ideas of asking a child stealing complaint against her husband; it induced Police Chief Scott of San Diego to release Keaton, who had been officially detained for questioning, and when it was all over the bellwether of the M.G.M. studio had done one of his hardest day's chores since the entertainment of Vice President Curtis and had saved the movie colony from a possible mean divorce fuss.

A pretty classy old compromiser is Grandfather Louis Mayer.

Mickey Mouse is one film star who

hasn't felt any depression. Mickey is harder at work at the studios where the Walt Disney cartoon character goes through his antics than ever before. He's working in two cartoon comedy reels at one time just at present.

Jesse Harper, the Notre Dame athletic director, is getting a more pop-

ular reception in film circles during his current visit to Hollywood than even Rudy Vallee did during Rudy's recent sojourn here.

Thelma Todd has permanently shelved the new name "Alison Lloyd" under which one studio insisted on billing her in a recent feature. She's going to use her own name hereafter.

I. W. A. C. Dinner.
The public schools committee of the Illinois Women's Athletic club will give a dinner this evening, with Mrs. Harvey Tyler, chairman of education of the Woman's City club, as the guest speaker.

Ethical Talks with Children Hold Interest

By GLADYS HUNTINGTON BEVANS.
Did you ever try this on your children? O, not the little ones, because you can't split hairs too much with little children. But with the older ones—from perhaps 11 to 13. This is a hypothetical case you might describe.

"Suppose you are standing at a cross roads, and a boy comes running for dear life and plainly terrified. Suppose he passes you and turns to the left."

"Then, suppose in a minute or so, a big burly man comes running along with a gun in his hand. He gets to the cross roads and stops, puzzled. Then he says to you, 'Did you see a boy pass here? Which way did he go?'"

"What would you answer—to the right or to the left?"

Try that on your children, and see what they answer. Ethical discussions are interesting to hold with children, after their moral sense is developed. Often such talks will help to clarify their thoughts and actions, too.

Answers to that hypothetical case will vary.

Try some ethical discussions with your children. You'll find yourself keenly interested in the children's point of view.

the Great Bag Event of the Season*

\$1.95

The first time in years that this section has been able to offer such smart handbags at this remarkably low price. Think of the tremendous choice in styles, in materials, in colors and you'll realize, too, what an event this really is.

Hundreds of interesting styles with the new details that mark them definitely spring, 1932. Envelopes, backstrap, pouches with talon or slide fasteners, lift locks, self-colored linings, metal trimmings, and decorative ornaments.

**Static, Pig-Grain, Patent, Fabric, Pelican Calf,
Shantungs, Calf, Crepes, Woolens, Suvas, Cotton Weaves,
Black, Brown, Tan, Blue, Red, White**

Handbag Section, First Floor.

**For a Limited Time—Entire Stock of
New Matrix Shoes
At This Special
Sale Price
\$8.75**

The purpose of this sale is to give fashion-wise women who haven't been wearing Matrix Shoes an opportunity to select from a complete assortment at this special price.

And those of you who have worn famous Matrix Shoes will certainly take advantage of this splendid value. They're different from other shoes, because they're actually "Your Footprint in Leather." And their moulded inner sole means that your foot gets the proper support. Stunning styles with new 1932 trimmings.

22 New Spring Styles

**Matrix Shoes Are to Be Had
In Chicago District
Only at This Store**
Shoe Section, Third Floor.

PHAR LAP, EARL TURE MONEY RECORD, DIES

CHICAGOLAND'S COUNTRY CLUBS TRIM BUDGETS

Economy to Rule in Golf Season.

BY CHARLES BARTLETT.

Budget books and adding machines have been joined with drivers and putters in preparations for the opening of the 1932 golf season in the Chicago district, and from present indications they will be kept as busy as the tools of the game throughout the year.

Economy has become the mutual watchword of practically every club in the district, one of the largest of its kind in the world, and there probably isn't an official of a club in this neighborhood who has not at some time during business meetings of the winter months turned his attention to the problem of curtailing expenses in his own particular ballfield this season.

Pare Operating Expenses.

Several clubs in the district are selling notices at reduced costs, but the principal problem for the majority lies with operating expenses. Membership prices have taken a startling drop in recent years, but this has been due largely to the interclub battle for new members rather than to an economy measure. Memberships at one of the better Chicago clubs five years ago, on a basis of 27 clubs, were valued at \$1,774, while the figure quoted today is \$540, although many clubs are inviting recruits at figures far lower.

Most members of the Chicago District Golf association, however, are concentrating on the operating side of the picture. Greens fees, meals, caddy fees, and, in a few cases, reduction of employees' salaries and enforced vacations without pay—these have borne the brunt of the paring process.

Officials point out that there are several bright sides to the situation. Those clubs selling memberships at reduced prices will be augmented by new members, and the lower prices will accord many golfers hitherto unable to join a private club an opportunity to do so. Curtailments in prices at the club dining rooms will do much to popularize them, a fact demonstrated several times last year.

Have 1931 Figures to Beat.

The economy campaign in the Chicago district is not a new one, although it will be more intensively practiced this season than previously. Those clubs attempting to outdo their saving of last year have the following 1931 figures at which to aim, as revealed by the Chicago Goller, the official publication of the Chicago District Golf association:

Course maintenance—20 per cent reduction.
House operation—10 per cent reduction.
Entertainment—30 per cent reduction.
Sports and pastimes—30 per cent reduction.
Caddies—Same as in 1930.
Restaurants—Generally made better showing than in 1930.

A number of clubs already have prepared programs for the season. Economy is no novelty to Briarcliff, according to President Thomas F. Halpin, who pointed out that the north shore club has been operated on a budget basis for several years, and with a profit. Briarcliff is offering 25 memberships at reduced rates for the coming season. Last year the club finished with only a dozen less members than it had at the end of 1930, due to a system which places a limit on each member's credit and loss of playing privileges when he exceeds that limit.

Flossmoor Cuts Guest Fees.

Guest fees at Briarcliff were reduced from \$4 to \$3 during the last three months of the 1931 season and will remain the same this year. Prices of meals and caddy fees also will be cut, according to Halpin.

The outstanding green fees reduction is found at Flossmoor, which, incidentally, prides itself on being one of the financially unencumbered clubs of the district. Guest fees last year were: Week days, \$3; Saturdays and holidays, \$5; and Sundays, \$4. The Flossmoor board of directors has approved the following scale for this year: Week days, \$1; Saturdays and holidays, \$3, and Sundays, \$2. Flossmoor plans to keep its members' dormitory closed this year, and will offer reduced rates on the bus from the railroad to the club.

Exmore, one of the oldest clubs in the district, contemplates an economical operating system for this season also. Rooms in the clubhouse and meals in the restaurant will be priced 15 per cent lower than last year. The purpose of the program, according to Fred A. Cucandian, president of the club, is to popularize it among members without diminishing any of its advantages.

Medinah Trims Expenses.

Medinah is another club which will trim operating costs. The club is in splendid financial condition, reports President Sydney H. Sturdy, but will continue to be conducted on a business basis. Greens fees will undergo a one-third reduction with the exception of Sundays and meal prices will be cut 25 per cent. Costs will be cut accordingly and service improved, Sturdy said. In contrast to these reductions the club will rearrange its No. 3 course, adding 75 acres of woods, which, with 80 sand traps, will make it one of the most difficult layouts in the central states.

Olympia Fields also will see general reductions in the matter of operating expenses. William G. Wise, president of the club, stated. The restaurant will offer lower priced menus and the guest fee on Sundays will drop from \$5 to \$3.

Cubs Beat Pirates, 4 to 2; Malone Yields Only 3 Hits

BY IRVING VAUGHAN.

Chicago Tribune Press Service.

Port Worth, Tex., April 5.—Pat Malone, the erstwhile playboy, served notice today that he is ready for all comers. In his first impressive pre-season demonstration, he held the Pirates to three hits, and his Cub mates furnished enough hitting power to enable him to triumph, 4 to 2, for the Chicagoans second victory in the five games with Pittsburgh.

Even had Malone lost, which he came close to doing, his work still would have stood as a piece of encouragement for the impending flag campaign. His first balling was as dazzling as that he shouldn't have been scored upon, but he had to contend with Riggs Stephenson's infirmities as a fielder and because of that the Pirates registered both runs.

Those two fluky tallies might have caused considerable anguish for the Chicagoans if Larry French, the Pirate southpaw, hadn't quit after five innings of work in which he gave up only two singles. When Larry retired so that he could return to the hotel and attend the pet Pomeranian which he carries with him, Bill Harris took over the job. Gabby Hartnett welcomed him with a homer with one on, tying the score, and another pair of runs in which Kiki Cuyler was prominent decided it in the eighth.

Taylor Gets Cub's First Hit.

For three innings the game was run off in orderly fashion and the 1,000 customers made expressions indicating their satisfaction. During this time the Cubs had only one man on base—Dan Taylor, who singled and stole in the second. In this same span the Pirates were a bit more active against Malone. P. Waner ripped off a single in the first and was helped along by a wild pitch, but Hack knocked down Traynor's drive. The second was uneventful, but Grace started the third with a double, and after two were out P. Waner walked. Hack grabbed Comorosky's hard hopper to extricate Malone from this predicament.

Two Pirate runs in the fourth began when Malone walked Traynor. Suhr sacrificed and free passage was awarded to Piet. Thievevone filed to short, left, and Traynor, who had raced half way to third, should have been doubled off second but poor Stephenson could not produce the needed throw. Grace hoisted a fly to short left and Stevie could not come in fast enough to make the catch. The ball dropped, rolled past Stevie and English had to race out to recover it. Traynor and Piet scored and Grace pulled up at second. Three strikes for French concluded the inning.

Fill Bases, but No Score.

The fifth rolled around before the Cubs worked up to the production of

Pittsburgh 000 000 000—2
Chicago 000 000 22—4

Errors—Herman. Two base hits—Grace (2), Cuyler, D. Taylor. Home run—Hartnett. Sacrifice—Suhr, Herman. Stolen base—D. Taylor. Hit by French, 2 in 5 innings. Bases on balls—Malone, 4; French, 1; Harris, 1. Struck out—French, 3; Malone, 5; Harris, 1. Hit by pitcher—French (1). Wild pitch—Malone. Passed ball—Grace. Time, 1:32.

their second hit off French, their left hander. After Stevie had died swinging and English had grounded out by way of shortstop, Grimam was plunked by a wild pitch. Hartnett then ripped off the hit, a single through short. Malone induced French to hand him a pass, filling the bases. This put the matter of scoring directly up to Hack. He popped to Thievevone.

Two were out in the seventh before anything resembling a Cub rally made its appearance. It started with Harris walking Grinnam, who promptly retired to let Harry Taylor run. A passed ball let him exercise himself as far as second. Then Hartnett turned loose his homer with dramatic trimmings. He hung around the plate fouling off the good ones and spurning the wide ones until the count became three and two. Harris then threw one that was too good for his own purposes and Gabby clubbed it over the left infield fence, knotting the score at two apiece.

Break Tie in Eighth.

Hack was responsible for the breaking of the deadlock in the eighth. He looped a single behind third. Herman bunted him to second. Cuyler leaped against the first pitch and the next head of it was when it crashed against the left field boards. Hack scoring and Cuyler sliding safely into second. D. Taylor lined a two bagger to right center and Cuyler hiked home. Stephenson and English followed with long flies, but they were caught.

The two teams rode over to Dallas this evening. They'll stage the sixth and final of their pre-season series there tomorrow.

SHAMROCKS BEAT HORNETS SECOND STRAIGHT, 4 TO 2

Need One Victory to Clinch Title.

The Toronto Maple Leafs last night defeated the New York Rangers, 6 to 4, in the first game of the series for the Stanley cup. Story on page 27.

The Shamrocks are now prepared to challenge the National Hockey league champions, the Duluth Hornets or any one else who might come along. The Chicagoans played some of their best hockey of this semester to defeat the Hornets, 4 to 2, in the second game of the American league title series at the Stadium last night.

An appreciative audience of 5,000 saw the Shamrocks win their twelfth game in as many starts. Tomorrow night they meet the Hornets at Duluth in the third game of the series. Victory there will bring Chicago its first hockey championship.

Headley Wins on Points.

Aside from the Shamrocks' hockey exhibition, last night's spectacle also produced a stirring bit of fistfighting the like of which has not been seen in some time. Fern (Curley) Headley, the Chicago defense man, whose aggressiveness never has been questioned, but who seldom is aroused to the point of blows, clearly outpointed Gus Forslund in this struggle.

The restraining arms of Bouncer Taylor prevented Gus from doing right by himself, but he finally squirmed loose, only to find that the ire of the Headley was still up and boiling. Both were banished with major penalties.

Duluth Is No Setup.

For two periods the Hornets made the contest very interesting. MacKenzie gave the Shamrocks an early lead, but Forslund responded with the tying goal in less than four minutes. Brydson and McFadden collaborated to make it 2 to 1 and at the start of the second period Gordie aided T. O'Neill in achieving Chicago's third goal. A Shamrock penalty enabled the Hornets to come within a goal of a tie. The Shamrocks' talented kid line then proceeded to honor Jack Riley's dad, who was present, by helping the blond center to score the fourth goal. A dash and a smart pass by Tony Prelenski gave Jack his chance and he made the most of it. Lineup:

CHICAGO	DULUTH
SHAMROCKS (4):	HORNETS (2):
Karvala, G.....	Curry
Taylor, R. D.....	Davis
Brydson, J.....	Berri
O'Neill, C.....	Lewicki
McFadden, L. W.....	Merrill
Brydson, J.....	K. W.
Spares—Chicago: Wiseman, Armand, Riley, Johnson, Headley, MacKenzie, Prelenski, Clayton.	
Spares—Duluth: Thorsteinson, Lessard, Stuart, Scott, Morrison, Bouchard, Anderson.	

FIRST PERIOD.
Scoring—MacKenzie (Johnson), 6:05; Forslund (Lewicki), 9:54; Brydson (McFadden), 11:45.
Penalties—Prelenski, Bouchard.

SECOND PERIOD.
Scoring—O'Neill (Brydson), 11:14; Davis (Scott), 15:04.
Penalties—Brydson, Prelenski, Scott, Forslund (major), Headley (major), Taylor.

THIRD PERIOD.
Scoring—Riley (Prelenski), 9:02.
Penalties—Armand.

GRUBE'S READY TO GRAB 'EM ALL

Frank Grube, the young White Sox catcher who played an important part in the victory of the Sox in the city series last fall, will be back of the plate next Tuesday when the south siders open their American league season against St. Louis at Comiskey park.

Nashville Pounds Lyons, Beats Sox, 8-4

BY EDWARD BURNS.

(Chicago Tribune Press Service.)

Nashville, Tenn., April 5.—The 1931 American league tallies this afternoon hooked up with the 1931 tallies in the Southern association with sad results to the former. The Nashville Volunteers licked the Chicago White Sox, 8 to 4, and in a manner much more impressive than the tabulation indicates.

The Southern lads made 15 hits, including a homer and three doubles, while the Chicagoans were confined to three singles and a homer. Fortunately, Johnny Watwood knocked the homer after two walks in the ninth inning to make the score look respectable. The Sox earlier run had come on a big rally in the seventh, which consisted of a walk, a hit batsman, another walk, a double play, which drove in the Sox first run, and a tap to the pitcher.

Al Shealy, former Yankee and Cub, pitched six innings and toyed with our

How I Got My Start in Baseball

BY URBAN FABER.

(As Told to Edward Burns.)

Nashville, Tenn., April 5.—When I was 11 years old—never mind how long ago that was—my folks staked me to a string ball, a bat, and a glove. As a result of the excellence of the ball I was able to organize and manage a team of the two best kid teams in the history of Cascade, Ia. Being founder, manager and principal backer, I immediately appointed myself pitcher and clean-up hitter. And so began the career that I now have pretty well under way.

But don't think I didn't have my problems in those days. When I was 12 years old my team and the other contender for the Cascade boy championship battled through 11 scoreless innings. Although it still was light,

SUCCUMBS TO COLIC IN DRILL FOR RICH STAKE

Champion Stricken After Operation.

San Francisco, Cal., April 5.—[Special.]—Phar Lap, the sleek coated red-dish brown wonder horse from Australia, died in his stall today on the ranch of Ed Perry at Menlo Park near Palo Alto.

Death, according to Drs. Walter Nielsen of Australia and Cesar Mascero of San Francisco, who performed an autopsy, was due to acute enteritis, an inflammatory illness of the digestive tract. They agreed the fatal illness began at least two days ago, although handlers were not aware of the big horse's plight until this morning.

Alfalfa or barley covered with dew in the stable yard and eaten by the six year old gelding is believed to have caused the poisoning which killed him. Dr. Nielsen, one of the outstanding veterinarians of Australia, who accompanied Phar Lap to the United States for the expressed purpose of guarding his well-being, said the autopsy revealed "a highly inflamed and perforated stomach."

Has Operation on Hoof.

Phar Lap, a horse of mammoth proportions and as great a one of the greatest in the history of racing, was sent here from Australia last January. He won his first and only American start by defeating a crack field of western stars in the \$50,000 Agua Caliente handicap. From Agua Caliente he was taken to Menlo Park, where he was being conditioned for a \$25,000 stake at Tanforan preparatory to his entrance in several rich stakes on Chicago tracks this summer.

Hours after the announcement of his death sportsmen throughout the world were stunned at the suddenness of it and the thought that the Red Terror would race no more. No inkling of the horse's condition had gotten beyond Dr. Nielsen, Trainer Tommy Woodcock, and Jockey Elliott.

Only yesterday it became known that he had recently undergone an operation which had necessitated the removal of a part of the hoof following a bruise received at Agua Caliente. So zealously was a cloak of secrecy thrown about the stable that even a group of newspaper men were sent away this morning without being permitted to see the gelding.

Reporters' Suspensions Aroused.

A pall hung over the stable, however, and the tenseness and suppressed excitement aroused the suspicions of the reporters. It was late afternoon before an accurate news was made as to the real trouble and a query put directly to stable hands. With tears coursing down their cheeks they confessed death had claimed their charge.

Later rumors persisted the horse had been poisoned. This was summarily belied, however, by the autopsy.

When the death had been confirmed and the restraint had been lifted Trainer Woodcock gave way to hysteria. He threw his arms around the neck of the beast, which had meant so much to him, and wept unrestrainedly. Mrs. Davis, hurriedly called to the ranch, tried to comfort Woodcock, but to no avail. Friends finally had to drag the trainer away from the horse and stable.

Woodcock stumbled into the situation—and what proved to be Phar Lap's fatal illness—this morning. When he entered the stall upon awaking—he sleeps only a few feet away, as does Jockey Elliott—the wonder horse was lying down. Woodcock was appalled and summoned Dr. Nielsen.

All Efforts Are Futile.

Dr. Nielsen's cursory examination disclosed the ailment and the veterinary then plunged into the task of trying to restore the comfort of the animal and into the afternoon he worked. He bowed his head when Phar Lap drew his last breath.

David J. Davis, half owner of the horse with Harry Telford, was in Los Angeles at the time. He started north immediately. Davis, a San Franciscan who spent twenty years in Australia, originally bought the horse for \$80,000.

Since his purchase by Davis, Phar Lap has started 51 times, winning 37 times. The Agua Caliente handicap triumph brought a purse of \$50,050 and increased the big horse's total earnings to \$32,750, just \$29,94 less than the record total earned by Sun Beam, the world's greatest money winner. It was expected Phar Lap would raise this total to \$500,000 by the end of the summer season.

Davis, who was hurriedly summoned from Los Angeles, revealed that he had refused an offer of \$300,000 for the sorrel mount. He also declared there was no insurance on Phar Lap. It was impossible to place a value on the horse, he added.

He Was International Favorite.

Phar Lap was a favorite almost immediately with his landing here on Jan. 15. In one victory the horse convinced American critics he was a peer among peers on the turf.

When he eclipsed the Agua Caliente track record of 2:03 by a fifth of a second, King George called his congratulations from England. Bulletins were posted in France and Germany and officers in various armies on eastern stations took time from consideration of conflict to write to friends in the summer.

[Continued on next page, column 2.]

TOP FLIGHT AND ALL HER RIVALS ENTER CLASSIC

Three Year Olds Look to Arlington Stake.

BY FRENCH LANE.

The unbeaten Top Flight, her most formidable rivals, Tick On, On Post, Burning Blaze, Hygro, Burgo King, Brother Joe, and all the other top notch 3 year olds, will be among those present when the Classic is run at Arlington Park.

It is quite natural that all of them should have been nominated for this 3 year old future, for it carries \$70,000 in added money, and within the last few years has become the richest 3 year old race in the world. It is causing owners to take notice, and the entries for this year's renewal announced last night reveal no prospect of a foreign invasion. However, a number of foreign bred 3 year olds were nominated, but they are American owned.

Date Undecided.

The date for the Classic has not been definitely selected, but officials of the Arlington Park Jockey club say the race, which since its first running has attracted all the best 3 year olds of the year, likely will be decided on the afternoon of either July 9 or July 16.

There are 113 names on the list of nominations. But unless most of the other great 3 year old stallions, there is a chance for an owner to name a candidate for the Classic as late as June 1. And, no doubt, as was the case last year, there will be a number of supplementary entries even though such an entry costs \$500 on that date, while the entry before March 15 was but \$50.

Late Entries Allowed.

The supplementary entry clause was added to give owners a chance to strive for the prize with a colt or filly that develops suddenly during the racing of April and May, but which had not been highly regarded up until that time.

The stake winners among the Classic nominations are as follows:

AIR PILOT—Won Pimlico Home-Bred stakes at Pimlico.

BURNING BLAZE—Won Post and Paddock stakes at Arlington Park; Eastern Shore handicap at Haver de Grace; Eastern Shore stakes at Laurel.

CABEZO—Won Fashion stakes and Derby Trial stakes at Santa Anita.

COLD CHECK—Won Cincinnati trophy at Latonia.

CURACAO—Won Grab Bag handicap at Saratoga.

DELIVERED—Won Queen City handicap at Latonia.

DERANGO—Won George Washington handicap and Arlington stakes at Arlington Park.

ECONOMIC—Won Tremont stakes at Aqueduct.

ELECTION DAY—Won Pimlico Nursery stakes at Pimlico.

EVENING—Won Florida Derby and Hialeah Highweight handicap at Miami.

FARENO—Won Junior Champion stakes at Aqueduct; Won handicap at Belmont Park; Consolation stakes at Saratoga; Victoria stakes at Wooten.

HUGBO—Won Hawthorne Juvenile handicap at Hawthorne; Jockey handicap at Lincoln Field and Belmont stakes at Pimlico.

LAUGHING QUEEN—Won Selma stakes at Laurel.

LUCKY TOM—Won Baldwin handicap at Laurel; Grand Union Hotel stakes at Saratoga; Spirituality stakes at Empire City; Louisiana Derby at Fair Grounds and Jefferson Derby at Jefferson Park.

MAD FRUMP—Won Endurance handicap at Bowie.

MAD PURSUIT—Won Sanford stakes at Saratoga.

MINYON—Won Orleans Junior stakes at Idle Hour farm.

MORFALL—Won United States Hotel stakes at Saratoga.

ON POST—Won Walden handicap at Pimlico.

OSULATOR—Won Spaulding Lane Jenkins handicap at Laurel; Grand American stakes at Aqueduct; and National Stallion stakes at Belmont Park.

PAIRYFAIR—Won Hyde Park stakes at Arlington Park.

PARDEE—Won Oakdale handicap at Aqueduct; Babylon handicap at Aqueduct; and Chamber of Commerce purse at Saratoga.

PARRY—Won Rosedale stakes at Jamaica.

POLOMAISE—Won Albany handicap and Schuylerville stakes at Saratoga and Fashion stakes at Belmont.

PRINCESS CAMELIA—Won Dearborn handicap at Lincoln Field and Kentucky stakes at Saratoga.

PROTEUS—Won Thomas Curran Memorial stakes at Washington Park; Bashford Manor stakes at Churchill Downs; and Idle Hour stakes at Lexington.

RAZORBACK—Won Derby Trial handicap at Fair Grounds.

SPRINGSTREE—Won Maryland Breeders' stuturity at Laurel.

SWEET LIGHT—Won Champagne stakes at Belmont.

TICKON—Won Hopeful stakes at Saratoga.

TOP FLIGHT—Won Clover stakes at Aqueduct; Laidie stakes at Arlington Park; Saratoga special and Spinaway stakes at Saratoga; Marion handicap and Futurity stakes at Belmont; and Pimlico futurity at Pimlico.

UNIVERSITY—Won Eastview stakes at Empire City and Youthful stakes at Jamaica.

WILLIAMS—Won Angelo J. Ross handicap at Tanforn.

The first Classic was run in 1923 and was won by Blue Larkspur; in 1930 Gallant Fox was the winner, and Mate was the victor last year. The winning jockeys were Mack Garner, Earl Sande, and Albert Robertson.

K. OF C. QUINTETS PLAY SEMI-FINAL GAMES TONIGHT

The right to play for the Knights of Columbus Basketball league championship will be determined tonight at the 1324 Regiment armory, Madison and Rockwell streets, when the four survivors in the title round pair off in their semi-final games. On the same card the semi-finals will be played in the consolation bracket to determine fifth and sixth places in the final standing.

Three divisional champions and one second place team are left in the title fight—Damen and Hennepin-Shields of the west division; Loyola-Hyde Park of the south and Madonna of the central. Loyola will clash with Hennepin at 8:15, while Damen meets Madonna an hour later.

Perez of the south division will meet Lafayette of the central in a consolation game at 7:15 to open the program, while Quigley of the central division meets Santa Maria.

Jackie Fields Knocks Out Jarrell in 4th Round

Dayton, O., April 5.—(AP)—Jackie Fields, world's welterweight boxing champion, scored a four round knockout over Peewee Jarrell of Fort Wayne, Ind., here tonight. It was a nonstop bout. Jarrell held his own during the first two rounds, but faltered in the third and went down twice, the first time for the count of six and again for the count of nine. Fields finished his opponent early in the fourth. The champion weighed 145 pounds, while Jarrell weighed 140.

Amateur Can Raise Brood of Pheasants

BY BOB BECKER.

Thousands of farmers, estate owners and sportsmen's groups soon will be occupied with the task of obtaining hatches of ringneck pheasant chicks. Pheasants in this part of the country usually begin to lay eggs about April 1.

As Wallace Evans, the well known game breeder, says, "when you have simple to raise, pheasants are very simple to raise. In other words, game breeders have learned how to raise pheasants and have drawn up printed instructions so that the amateur can be successful if he will follow the rules."

Milk Custard for Chicks.

Just as adult breeding stock must be fed and handled carefully to obtain the maximum number of fertile eggs, so young pheasants require special food and treatment. Who would think that pheasant chicks have to be fed a rich milk custard after they are hatched? The Yorkville game farm sends out complete instructions to residents of this state who wish to raise pheasants. Thus the inexperienced pheasant producer has a good chance to succeed. Both this game farm and Wallace Evans of St. Charles, Ill., point out the type of hen to be placed on a clutch of pheasant eggs.

In some parts of the country we have noticed that bantam hens are used for hatching pheasant eggs, although here in Illinois the specifications call for a "lightweight barnyard hen." The idea is to avoid a big, clumsy hen because such a foster mother is likely to kill some of the chicks. Lloyd Johnson, manager of the Yorkville farm, advises that a hen weighing not more than 4 or 5 pounds is best.

Wallace Evans says that 16 eggs is a "safe average" for a setting hen. At Yorkville, where they use the battery system of hatching (row after row of what look like bureau drawers filled with setting hens), it is estimated that about 20 eggs can be placed under a hen. These are in nests made of hay or grass. If the setting hen is outdoors a small coop and enclosure is provided. The nest is made upon ground slightly raised above the surrounding level of turf.

Eggs Must Be Turned.

Evans says that eggs must be turned over at least every other day during the 23 or 24 days required for hatching out chicks. This is to keep the embryo from becoming attached to the shell.

One of the most interesting operations in hatching pheasant eggs by a foster mother is the "dusting" that the hen must receive. The setting hen must be dusted with a good lice powder at least three times during the period of incubation.

As soon as the eggs are hatched the pheasant chicks live high. About 18 to 20 hours after they are hatched the world they are fed and milk custard. This recipe is: two eggs beaten thoroughly, add a half cup of fresh whole milk. Beat this mixture again and then boil it in a double boiler. The custard must be fresh every day. After a few days the little chicks begin to get biscuit meal in addition to their custard pudding.

CHICAGO'S POLO SQUAD LOSES TO NEW YORK, 8-6

New York, April 5.—(AP)—Squadron A qualified in its own armory today for the semi-finals of class D competition in the indoor polo championships by defeating Chicago, 8 to 6.

The Chicago trio, made up of officers of the 124th field artillery, never caught up with the New York cavalry team in the afternoon. In the same division Yale reached the semi-finals by beating Cleveland, 8 to 7.

In the WAKE of the NEWS

ARLINGTON CLASSIC.

COMINATIONS for the Arlington Classic, feature stake event of the July meeting, indicate that the north side course will maintain the reputation, already established, of furnishing the best there is in thoroughbred racing to Chicago patrons. Whatever business conditions, no doubt exists as to the quality of sport that will be offered.

Practically every 3 year old with even a remote chance of victory has been named for the stake, to which \$70,000 is added by the management. That is natural enough because the nomination fee is only \$50, which carries eligibility up until starting time, when another \$1,000 must be paid if the colt or filly goes to the post. To any owner who thinks he has a youngster already established on 2 year old form, or of which something more is expected in 3 year old form, this is a cheap investment considering the gross value of the stake.

Of course, only a few of these 113 nominated will start. How many depends on developments in the meantime. In general, starters in the Belmont stakes in June and the Arlington stakes in July are the best 3 year olds in the country. There is thus an added thrill of uncertainty about them which adds to their popularity.

It sometimes happens, however, that a colt is not ready for the earlier stakes and makes his first appearance in good company at Belmont or Arlington. That adds to the speculation over their chances as compared to Derby or Preakness winners.

At this writing it looks like a great 3 year old year. Chicagoans may be assured the best of the lot will show their strides in the Arlington Classic. The only thing worrying us turf followers is what to use for money when wishing to wager on them.

This Wake is Conducted by Harvey T. Woodruff. Help! Help!

The St. Johns Massacre.

When they called it a day at Havana and shipped to St. Johns on the coast.

Things started to happen in bunches and the bookies came in for a roast.

They burned them in oil when the long shots.

Hit the wire right out of the sky, while the favorites tripped, stumbled, and faltered—

My gosh, how the bookies did cry!

Hypocrites, Mimomers, and Wild Crees, To recall just a few of the best, Overlaid by the dumb ones, while punters

Swarmed down on the books with their bets.

They floundered, they weakened, they staggered.

They clung to the ropes at the bell, They were game to the end of the meeting, But the licking they took sure was hell.

Speaking of Bureaucracy.

Did you know that one out of every twelve persons gainfully employed in the United States is on a governmental pay roll?

Setting an Argument.

Dear Wade: We had just finished a real estate deal in which I was the broker, with mutual concessions by buyer and seller, before our end was attained. I turned to the buyer and said, "Well, who is going to buy the drinks to seal the bargain?" They went into a huddle to talk that over, and when they emerged said, "Again the buyer and seller have compromised and agree the broker shall buy the drinks." What a compromise that was.

That T

**ATCHISON CUTS
DIVIDEND TO \$1
ON ITS COMMON****Warns Future Action
Rests on Earnings.**

BY O. A. MATHER.

Directors of the Atchison, Topeka and Santa Fe railroad yesterday reduced the common stock dividend for the second time within three months. The reason for their action and warning that it may be necessary to discontinue dividends entirely were contained in a brief statement that "earnings show a continuing decline and continuance of common dividends must depend upon an improvement in the corporation's earnings."

The dividend declared yesterday was \$1 a share, which placed Atchison common stock on a \$4 annual basis. Three months ago a quarterly dividend of \$1.50 was declared and previous to that time quarterly dividends of \$2.50 had been paid since June, 1928. Thus in the last three months the annual rate has been reduced from \$10 to \$4 a share. In 1927 and the first half of 1928 annual dividends amounted to \$10 and regular dividends amounted to \$10 a share. The road has an unbroken dividend record since 1901 with a minimum of \$3.50 paid on the common shares in any year.

Decline in Traffic.

The Atchison has experienced the decline in traffic and earnings that have been common to all railroads in the last two years. Its net income last year was \$21,541,355, equivalent to \$5.37 a share on the common stock, compared with \$37,348,800, or \$12.86 a share, in 1928. Thus far this year earnings have been even less than factory than for 1931. An operating deficit was reported for January and net operating income for February failed to cover fixed charges.

While all the railroads will benefit by the 10 per cent wage reduction that became effective on Feb. 1, hopes for any substantial increase in traffic, with consequent improvement in earnings, have been dashed. The American Railway association reported yesterday that loading of revenue freight for the week ended March 26 totaled 561,118 cars, which marked a reduction of 25,518 cars from the preceding week. The current figure for loadings of 177,762 cars below a year before and 224,206 below the same week in 1930.

Great Western Report.

Somewhat alleviating the adverse action of the Atchison directors was the formal annual report of the Chicago Great Western railroad, issued late yesterday afternoon. President Patrick H. Joyce pointed out to the stockholders at their annual meeting that the road had earned its interest charges by 1 1/2 times for the fourth consecutive year and for five of the last six years. Net income for 1931 was \$901,113, or \$1.96 a share on the preferred stock. Net income for 1930 was \$1,309,205.

While operating revenues declined \$2,232,534 last year, operating expenses were reduced \$2,394,934, with the result that the operating revenue was 70.54 per cent, the lowest ratio for any year since 1916 and 2.08 per cent under 1930. Mr. Joyce also pointed out that the Chicago Great Western incurred a decline of only 11.93 per cent of gross revenues last year, compared with decreases of 21.67 per cent for all roads in the western United States and 20.72 per cent for the whole country. Likewise the Chicago Great Western's net railway operating income declined only 9.89 per cent, compared with decreases of 39.91 per cent for the western district and 40 per cent for the country.

Hopeful for Future.

"We are optimistic for the future," Mr. Joyce concluded, "and with the upturn in business, the property is in condition to obtain the full benefit thereof with the minimum increase in cost of handling."

That all railroads will make a determined drive to recover passenger business is evidenced by recent announcements of faster train schedules and periodical excursions at low fares. The Chicago, Rock Island and Pacific yesterday announced a reduction in running time of 3-1/2 hours for one of its principal Chicago-Los Angeles trains, starting April 24. The New York Central announced its first 21-hour train between New York and Chicago beginning April 24.

**YELLOW CAB CO.
CHARGES LOSS
AGAINST SURPLUS**

Chicago Yellow Cab company's annual statement issued yesterday showed 1931 net earnings of \$1,056,645, after depreciation and charges, but before a loss of \$209,550 sustained in operations in its own stock. This extraordinary loss is charged against surplus.

The 1931 earnings are equivalent to \$2.64 a share on the outstanding stock as compared with \$1,200,557 or \$3.02 a share in the preceding year. The rate of depreciation on cabs was increased to 2 cents a mile from 1 1/2 cents in 1930, it was reported. Surplus stood at \$4,514,743 at the close of 1931 against \$5,551,234, a year earlier. Reserves, other than taxes, were \$83,352 against \$154,923. Investments increased to \$1,414,743 from \$227,754 at the end of 1930. Investments were carried at cost. Current assets were \$1,354,093 as compared with current liabilities of \$645,913.

**Insull Meets
Bankers Over
Middle West**

BY THOMAS FURLONG.

The financial future of the Middle West Utilities company, big Insull holding firm, rested in the balance yesterday as bankers and officials met to discuss plans for working out a reorganization.

The meeting, called by Samuel Insull, chairman of the board of Middle West, was attended by representatives of the big Chicago banks. The first session was held yesterday afternoon. Later last night bankers were again closeted with Mr. Insull for several hours.

The discussion has reached only a preliminary stage, it was learned. Mr. Insull has been mulling over plans for revamping the capital structure of the company for several weeks, but it was not until yesterday that the bankers were called into conference.

\$10,000,000 Due on June 1.

The immediate problem faced by the company is the meeting of the \$10,000,000 note issue which falls due June 1. Other problems include the reduction of the heavy bank loans carried by some of the subsidiary companies and a scaling down of the unwieldy share capitalization of the parent firm. The parent company also faces the necessity of carrying its \$20,000,000 bank loans, providing some method of refinancing.

The plan of reorganization to be eventually worked out will call for a substantial paying down of the company's capitalization. The present capitalization of the parent firm consists of 15,641,983 shares of \$10 par common stock; 607,398 shares of \$100 par value convertible preferred stock; and \$40,000,000 of 5 per cent serial notes, due annually at the rate of \$10,000,000, from June 1, 1932, to June 1, 1935. There was also outstanding on Dec. 31, 1931, shares of stock represented by scrip which had not been converted.

Rate As Yet Unsettled.

It is expected that common stockholders will be asked to accept new stock for their present holdings. At what rate the shares will be converted remains to be seen. It is believed that preferred stockholders will be asked to exchange their holdings for new shares. It is believed that the new stock will also be given new preferred stock with some cash. The fate of the note holders, however, is still a matter of conjecture. This uncertainty concerning the method of refinancing the notes has been a factor in the general market action. All types of stocks were under pressure and record bear market quotations were established by a large number of issues.

Decline in New York.

On the New York curb, Middle West notes, maturing in June, fell 1 1/2 points to 17 1/2 on transactions representing \$100,000 par value. Early in the day the issue sold below 17. Other series were also depressed with the 1935 maturity dipping 5 points to 15 1/2.

On the Chicago exchange, Middle West common broke its resistance level at \$1, selling off to 75 cents a share and closing an eighth above that price. Trading was not particularly active, total sales amounting to only 17,000 shares.

Sympathetic selling also developed in the shares of the big Insull operating companies. In New York Peoples Gas sold off nearly 7 points to 7 1/2, the lowest price in several years. Commonwealth Edison here lost 4 points to 76 1/2. Shares of the Public Service of Northern Illinois showed lesser recessions.

Another factor in the market here yesterday was the announcement of the voluntary liquidation of the brokerage firm of J. D. Scheinman & Co., New York and Chicago exchange members, who have been active in the Insull stocks. Partners of the firm plan to retain their individual memberships on the various exchanges, it was stated.

**TWO AMERICAS
READY TO HANDLE
TRADE DISPUTES**

New York, April 5.—[Special.]—The establishment of an inter-American arbitration tribunal in the United States, with a permanent panel of arbitrators representing every American republic, to provide inexpensive and amicable settlements in commercial disputes, was announced today at a luncheon attended by representatives of business firms in North and South America and by consuls general from Latin-American republics.

The plan was started by the Inter-American commercial arbitration council, formed originally to cooperate with the Pan-American union in its arrangements for the fourth Pan-American conference. The American Arbitration association will sponsor the tribunal, furnishing clerical assistance and defraying incidental expenses, but it is expected that the tribunal will become self-supporting through nominal fees to be paid by those submitting matters for arbitration.

**Germans to Ship 100,000
Tons of Steel to Russia**

BERLIN, April 5.—[AP.]—Financial arrangements have been made to ship 100,000 tons of steel to Soviet Russia on a 21 months' credit at 2 per cent over the Reichsbank rate, it was announced today.

**Cent.-Ill. Securities Co.
Votes Preferred Dividend**

Directors of Central Illinois Securities corporation yesterday declared the regular quarterly dividend of 3 1/4 cents a share on the convertible preference stock.

**AUDITORS SAY
KREUGER, TOLL
FAKED ASSETS****Deceived Us, Assert
Lee, Higginson.**

[Copyright, 1932, by The New York Times.] STOCKHOLM, April 5.—[AP.]—Gross misrepresentation "in the last published balance sheet of Kreuger & Toll was charged tonight in an accountants' report issued by a committee which is investigating the late Ivar Kreuger's companies."

On Mr. Kreuger's personal instructions, according to the report, liabilities were wiped out and assets were swollen to such figures that in some cases they appeared "entirely fictitious." Duplication of assets and manipulation of accounts, in the accountants' opinion, made the company's position at the end of 1930 appear much stronger than actually was the case.

Read in Parliament.

Tonight's charges created a sensation in Stockholm comparable to the shock of Mr. Kreuger's suicide in Paris last month.

"The report was read in the second chamber of the riksdag just before midnight. One deputy said it was a reflection on the business integrity of all Sweden."

The second chamber of the riksdag was debating the question of government aid for Mr. Kreuger's bank, the Skandinaviska Kreditaktiebolaget, when the report became known.

"We know now that the Kreuger company broke down not because of lack of luck or bad conditions, but because of dishonesty," declared Arthur Lindberg, editor of the newspaper Social Demokraten, which the speaker listened to. "The report is bound to hurt our reputation abroad. The only way we can retrieve it is by complete honesty. No matter what is yet to be revealed we cannot allow any one to have the impression that we are going to hide anything."

Some of the Charges.

Among other things the auditors say: "Under the personal direction of the late Mr. Kreuger entries were made in the books which on the one hand eliminated substantial balances shown to be going to the parent company by him and by subsidiary companies, and on the other entirely eliminated liabilities to other parties purporting to represent assets of substantial sums."

"In some instances there is reason to believe that the assets so set up were either genuine, fire insurance, and savings bank deposits, he probably would not have introduced the resolution."

"However, the fact remains that in five days' time the standard security of industrial companies, railroad companies, public utility companies, etc., which provide a living and occupation for millions of people in this country have been deflated in the short period of five days to the enormous extent of 3 1/2 billion dollars."

Discusses Auditors' Work.

"We are informed," the statement says, "that the commission appointed in Stockholm to examine the affairs of Kreuger & Toll company [Aktiebolaget Kreuger & Toll] here issued a statement based on the first preliminary report to it by Messrs. Waterhouse & Co., on the condition of Kreuger & Toll company, International Match corporation, and affiliated companies. The statement as received by cable from Stockholm is substantially as follows:

"Although our investigations are still but in the preliminary stage, we have nevertheless reached a point where we are able to state that in our opinion beyond doubt the balance sheet of Aktiebolaget Kreuger & Toll as at Dec. 31, 1930, as well as the consolidated balance sheet comprising it in which were embodied also the accounts of its wholly owned subsidiary company, N. V. Financieel Maatschappij Kreuger & Toll, appearing in the directors' report to the stockholders dated April 1, 1931, while being in agreement with the balance appearing on the books of these companies nevertheless grossly misrepresented their true financial position."

Blames Kreuger Personally.

"Under the personal direction of the late Mr. Kreuger entries were made on the books which on the one hand eliminated substantial balances shown to be owing to the parent company by him and by subsidiaries or affiliated companies and on the other entirely eliminated liabilities to other subsidiary companies or established book asset accounts purporting to represent assets of substantial sums. In some instances there is reason to believe the book assets so set up were:

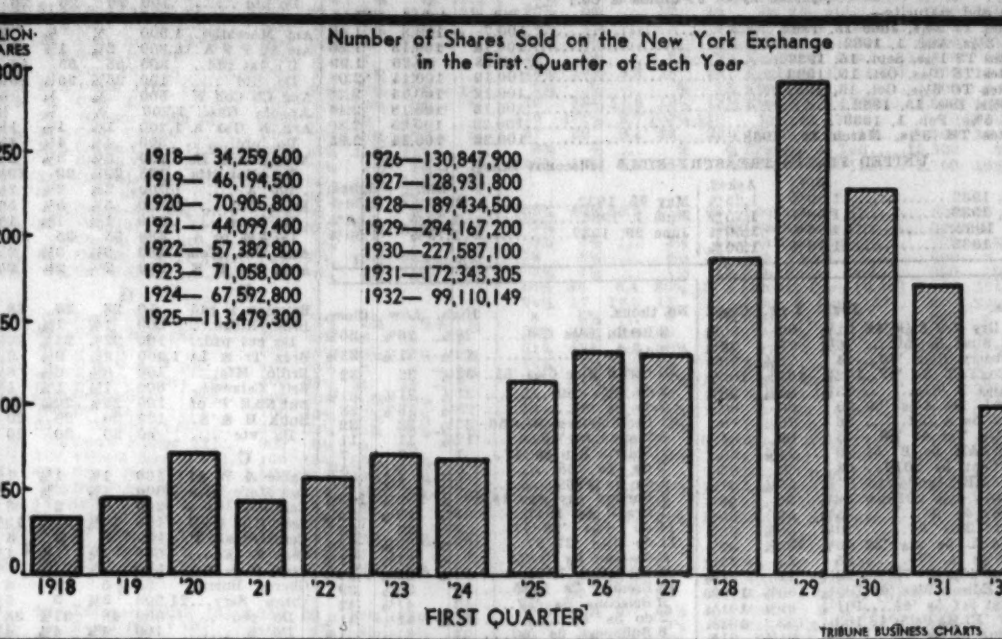

1. Greatly in excess of the items they purported to represent.
2. Entirely fictitious; or
3. Duplications of assets belonging to and appearing on the books of associated companies.

"Moreover, even if some substance should lie behind these book asset accounts [which at present there is reason to doubt], there are instances where their descriptions and classifications in the balance sheets were entirely misleading."

"It is of course impossible to state now just what the real position actually was, but such evidence as is available is indicative that it was grossly overstated and this is our present opinion."

"From a cursory examination we have made of the books and accounts of the Continental Investment company [a wholly owned subsidiary of Kreuger & Toll] it appears that the same misrepresentation was also made in the balance sheet of this company."

[Continued on page 31, column 2.]

**First Quarter Trade in Stocks, Though Far
Reduced, Was Still Above Pre-Boom Years****TRANSFER TAX
LOWERS VALUES
BY 3 1/2 BILLIONS**

[Chicago Tribune Press Service.] New York, April 5.—Values of stocks and bonds listed on the New York stock exchange have dropped \$3 1/2 billion dollars as a direct result of passage by the house of representatives of the stock transfer tax, John W. Prentiss of Hornblower & Weeks, declared today.

"It is interesting to note," he said, "that since the passage of this resolution five days ago the value of bonds listed on the New York stock exchange has declined \$1,097,047,618, and the value of stocks in the same period of time has declined \$2,418,969,603."

In other words, bonds and stocks listed on the New York stock exchange and owned by life insurance companies, savings banks, fire insurance companies, banks, and individual investors have been deflated in value to the extent of more than \$3 1/2 billion dollars as a direct result of the La Guardia tax clause of the revenue bill.

**Consolidated Film Plans
Reduction in Its Capital**

Consolidated Film Industries, Inc., has notified the New York Stock exchange of a proposed reduction in capital represented by outstanding preferred and common stocks from \$9,000,000 to \$6,524,973. Also a change in authorized common stock from 600,000 shares without par value to 600,000 shares of \$1 par value, each present share to be exchangeable for one new share.

**Drovers National Bank
Makes Condition Report**

Figures of the Drovers National bank were inadvertently omitted from the bank call table printed yesterday. On March 30 the bank had loans and discounts of \$5,331,000, total deposits of \$13,309,000, and cash resources of \$5,815,000. On Dec. 31, 1931, loans and discounts were \$5,665,000, total deposits, \$14,670,000, and cash resources, \$7,114,000.

**MONTGOMERY WARD
EARNINGS LARGER
THAN IN JANUARY**

March sales of Montgomery, Ward & Co., mail order and chain store concerns, improved over January and February, although running considerably under a year ago.

Sales last month totaled \$14,053,973, compared with \$11,963,368 in February and \$12,038,054 in January, but compared with the \$17,601,123 of March, 1931, they declined 20.15 per cent. Sales for the three months this year totaled \$38,045,393, compared with \$49,466,326 for the same period in 1931, a decline of 22.09 per cent.

The Walgreen company reported March sales at \$3,866,806, compared with \$4,499,565 in March, 1931, a decline of \$632,759, or 14.1 per cent. Sales for the three months this year totaled \$12,659,512, compared with \$13,067,607, a decline of \$1,028,095, or 7.9 per cent.

BY FRED HARVEY.

[Chicago Tribune Press Service.] New York, April 5.—All semblance of support was withdrawn from the stock market today and all groups, industrials, rails, utilities, and speculative specialties, went tumbling into the subcellar in a heap. Price breaks of 4 and 5 points were numerous.

Only two active stocks out of the entire 1,175 or so listed were selling above \$100 a share when the day's business was at an end—American Telephone and Coca Cola—Norfolk and Western opened at 100 even, but it was not able to keep its perch very long and at one time crashed down to 93.

United States Steel Holds Own.

Of the big leaders, United States Steel and American Can alone remain above the so-called triple bottoms they bumped on Jan. 5. United States Steel closed at 36 1/2, off 2 1/2, which compares with its low of 35 1/2, and American Can held fractionally above 56, as against its bottom of 54 1/2. Selling was heavy in both these battle worn issues, as in other favorites of the list. Bear operators were more aggressively active here and elsewhere than they have been for some time. Nor did they meet with much serious resistance.

Santa Fe Hits New Low.

Of news tending to add to the discouragement there was plenty. For instance, there was the cut in the Santa Fe dividend from a \$8 to a \$4 basis. Word before the meeting of the directors that "unfavorable" action was in prospect brought acute weakness into the stock and drove it down more than 7 points to the lowest price since 1901. After the announcement the price rallied a point or so, the closing sale being at 55 1/2. The preferred issue broke about as sharply. The pressure had an unsettling effect on the whole carrier group and losses of 2 to 5 points were the rule in a long list of erstwhile trading favorites. Union Pacific, New York Central, New Haven, Norfolk and Western, and Southern Pacific were among the outstanding victims.

- We have prepared a diversified list of twelve bonds—all well secured—all earning their interest requirements by an ample margin—all selling, on the average, for near to half their par values.
- These twelve bonds (\$12,000 in par value) can be bought for about \$6200. The average yield, to maturity, would be about 12 per cent—as compared with the average coupon rate of 5 1/2 per cent. Some of the issues are available in denominations of \$500 and \$100.
- We do not advise the purchase of these bonds for speculative purposes. But we do recommend them to investors who wish to take advantage of present bond prices—to secure a rate of income ordinarily unheard of in sound bonds.
- Write for this list now. It describes the issues, gives essential information as to security and recent earnings.

NEW BODY FOR STRAUS BONDS

Gen. Abel Davis Names Committee.

BY AL CHASE.

One of the most significant steps in real estate mortgage bond reorganization procedure in Chicago was announced yesterday by S. J. Straus, chairman of the board of the Chicago Title and Trust Company, which has organized a special independent committee which will be called into existence by the board of directors.

S. J. Straus, chairman of the board of the Chicago Title and Trust Company, which has organized a special independent committee which will be called into existence by the board of directors.

See Widespread Benefit. "We shall give this committee the fullest cooperation and all information and data available to our own committees. The committee selected by Gen. Davis is composed of men having no connection whatsoever with the Chicago Title and Trust Company, and with a thorough understanding of real estate problems and the experience and qualifications needed to be of greatest service to the bondholders. Similar committees will be organized in other cities wherever there is a chance of a conflict of interests.

"Such an independent and unbiased committee will, in my opinion, not only be helpful in the solution of the problems of the bondholders but should prove a strong factor in the betterment of the general situation in the mortgage bond field. "For the last year S. W. Straus & Co. have reorganized a number of properties on which it had originally underwritten bond issues. This was done by committees made up of officers of S. W. Straus & Co. The committees did their best to obtain the best possible exchange, nevertheless the idea of a special committee to adjust any possible differences and to pass upon the fairness of all reorganizations in which conflicting interests exist is, in my opinion, a constructive measure which both the bondholders and the public should approve.

It is of tremendous importance to the community that equitable reorganizations of properties be completed as quickly as possible. The committee appointed by Gen. Davis will, I believe, leave nothing undone to achieve that end.

Work to Protect Issues. "The Straus companies already have announced several plans of reorganization. Judging by the degree of cooperation which the bondholders have given these committees, it seems evident that the bondholders will benefit by availing themselves of the experience of the entire Straus organization; also that these committees operate at a minimum of expense.

Reverses General Decision. A decision declaring that the courts have no authority to name a receiver for a property merely because it has failed to pay its taxes was rendered by the Appellate court yesterday in the case of the Aquitania apartments at 333 Argyle street. This reverses a decision of Judge General naming a receiver on the petition of attorneys for the county.

This decision, it was pointed out last night, will affect the recent request of the county for a receiver for the Pure Oil building on account of failure to pay back taxes. Yesterday's decision, written by Justice Grady and concurred in by Justices Kerner and Scanlan, held that Judge General's decision was without authority.

Dividends Declared. Stock of Adams-Mills Co. declared dividends of \$1.00 per share for the period ending March 31, 1932. The dividends are payable to the stockholders of record as of March 15, 1932.

MILWAUKEE STOCKS. Sales, High, Low, Close. Stock of Adams-Mills Co. declared dividends of \$1.00 per share for the period ending March 31, 1932. The dividends are payable to the stockholders of record as of March 15, 1932.

White Sewing Machine.

I would appreciate your information regarding White Sewing Machine company common and preferred stock, and also the status of the company's financial condition. H. B. M.

White Sewing Machine corporation.

White Sewing Machine corporation was legally established in 1868. It manufactures sewing machines, cabinets, and church and school furniture. It has an agreement to manufacture vacuum cleaners for Electrolux, Inc.

Large declines in sales, increases in expenses and slowing up of collections of installment contracts have been the company's major difficulties in the last two years. Net loss for the first eleven months of 1931 was \$28,000, against loss of \$350,000 for the same period in 1930.

Net loss for the full 1929 was

\$290,000, against net income of \$779,000 for 1929 and net income of

On Nov. 30, 1931, current assets were \$12,028,000 and current liabilities were \$651,000. Cash was \$211,000 and notes payable were \$145,000. Branch office accounts were \$8,372,000 and inventories were \$2,195,000. Funded debt was \$4,663,000. There were outstanding 100,000 shares of no par preferred and 200,000 shares of no par common.

On Dec. 23, 1931, holders of the company's bonds were notified that

The protective committee for the holders of the company's bonds stated

It was hoped to avert receivership by cooperating with the management.

—

Youngtown Sheet and Tube.

In enclosed stamped, addressed envelopes kindly give me available information on Youngtown Sheet and Tube Co., de 1978, and 56, de 1970.

What security is back of these bonds?

—G. H. B.

Youngtown Sheet and Tube company is one of the largest steel manufacturing companies in the country. It produces diversified line of steel products. It is the second largest manufacturer of

Sales in 1931 were \$39,497,000. Total against \$11,058,000 in 1930. Total income for 1931 was \$3,759,000. Depreciation was \$6,428,000, and interest was \$4,384,000. Net loss after all charges was \$7,041,000.
